Good Luck To Everybody! Come and Share in Saturdays Great Savings at Bannons

Beautiful esplanade that lies before the main group of exhibit buildings at the Panama-Pacific International Exposition to be held at San Francisco in 1915. In the distance is seen the Golden Gate entrance to San Francisco harbor. The buildings, as will be noted, are interconnected with great tower gateways and colonnades and form a continuous facade. From afar this architectural creation will present the effect of a vast city of palaces. Many of the most noted architects of the country were engaged for almost two years upon the design.

A HORSE OR A CHILD—WHICH?

The proposed Dentistry Bill gives the preference to the horse. To treat a horse, a veterinary surgeon in Oregon must have three full college years of special study and a diploma of graduation from a recognized college.

To treat the mouth of a child, the Dentistry Bill requires of a dentist but 12 months' training.

The mouth of a child may be disfigured for life by neglect or unskilled treatment.

DOES YOUR CHILD DESERVE AS MUCH AS YOUR HORSE?

Savings Deposits Increase \$51,000 Under a Dry Oregon City

A year ago the report of the Bank of Oregon City, as published in the Enterprise, showed in round numbers \$188,000 of deposits in the savings departments.

The report of the same bank published last month shows a gain of \$51,000 in the savings department.

The Portland liquor dealers are sending men to Oregon City every week to learn the effects a dry city has on business conditions.

Evidently they overlooked this item. We refer it to them and ask them to hang it up on the Portland bill boards along with the lying placards that this city is going to ruin on account of abolishing a dozen saloons.

Hagemann Had the Authority

Paul Sichelmeier and Will Martin of Portland, were arrested by Deputy Game Warden H. W. Hagemann of Logan Saturday last, on the charge of hunting and trespassing on a posted farm, and Justice Sievers fined them \$25 each.

It is said the hunters came onto the farmer's place and scared his sheep with their shooting. Mr. Hagemann went out and asked one of the men to see his license, the man it is said refused to show it to him, when Mr. Hagemann arrested him and a companion and brought them to this city.

The probability is that Portland sportsmen will not judge Clackamas county farmers by the way they look hereafter.

The Oregon City High School has entered the Oregon High School Debating League for the third time. The representatives of the school last year won high honors in the league, defeating Salem, Woodburn, Estacada, Newberg, Albany and Klamath Falls, and losing the championship of the state to Pendleton.

The first debate this year will be held in December on this subject: "Resolved that the Government Should Own and Operate Railroads, Acting as Common Carriers Within and Across the Boundaries of the Several States." A preliminary try-out will be held to select the debaters, who will represent the school, and the students are manifesting considerable interest in the event.

Mrs. P. G. Cartledge, English instructor in the High School, who coached the teams last year, will act as coach again this winter. The students and faculty are hopeful of going clear through to the championship this year, and winning the beautiful cup now held by Pendleton.
