RESUME OF WORK OF STATE LEGISLATURE

Prohibition Bill, Passed By House, Most Important Measure to Date.

Thirty Bills, None Important, Become Laws by End of Fourth Week-Appropriation Bills Total \$3,563,854-House Amends Workmen's Compensation-Would Reorganize Naval Militia-Homicide Bill Passes Senate-\$3 Bounty on Coyotes.

Salem .- The most important work accomplished during the fourth week of the present session of the legislature was the passage by the house of the prohibition bill. With only two asked for originally by the organizadissenting votes, those of Kuhn and tion, Lewis, the bill of the Committee of One Hundred, as amended by the house committee on alcoholic traffic, passed the house. As it passed the house the bill permits the importation for home consumption of two quarts of spirituous liquor or 24 quarts of malt liquor in each successive 28 days. Perhaps the next act in importance, viewing the situation from the angle of economy, was the killing by the house of the bill for appropriating \$450,000 for irrigation and reclamation purposes. A few minor concesgranted this week, however. Four lrrigation bills were passed. One gives irrigation districts the right to sell panies. surplus electrical power, and another makes state lands subject to irrigation assessments, another gives irrigation districts the power of municipalities for bonding purposes and the fourth empowers the state to buy ap-

proved irrigation bonds. In the last week the house rules lim iting the time for introduction of bills has been suspended several times, and 465 is the total number filed with the clerk to date. In the senate 215 bills have been introduced. The governor has signed nine senate and 21 house bills. Many have been withdrawn and others laid on the table.

Legislators Pass 30 Acts in 27 Days. During the first twenty-seven legislative days 30 bills have become laws a little better than one bill a day.

That is the record of the legislature at the close of the fourth week. Governor Withycombe has signed precisely 30 measures, although five others are before him. He has vetoed none. Nine of the measures to which the governor has attached his signature are senate bills and 21 are house bills. The five unsigned measures are house bills. Twelve additional house bills have gone through the senate and three additional senate bills have gone

through the house. As a matter of fact none of the bills that the governor so far has signed is important, compared with some of the measures that yet are before the

A big rush of bills is expected in the governor's office this week. Both the house and the senate are prepared to lumbia river, where he will work. I turn out laws by the score almost ev-Not having seen anything in your fear he will be missed as he has been ery day. Already the house has passthose acted on by the senate and the From appearances Elmer Graves governor. The senate also has sent

Bills Pending Ask for \$3,563,854. Appropriation bills before the house and senate total \$3,563,854. This includes recommendations of the joint ways and means committee, which probably will be adopted without change, but the same cannot be said

The joint ways and means commitresult that it has reported on a large number of appropriation bills and is expected to act on virtually all others next week. In compliance with the general demand, it is setting a record for economy, although appropriations must necessarily appear large because it costs much money to conduct the

stitutious.
