Miss Hornbrook and Arthur Jones Make Hit at Valentine Exercises

The Clackamas Public School gave a Valentine and Patriotic Entertainment at the old Grange Hall Saturday evening.

The hall was decorated with flags and the stage curtain beautifully decorated with cupids and hearts. A record crowd turned out to see the exercises. Two short plays were staged: "Cupid's Joke," and the "Joke on Squinnim," in which several of the pupils showed considerable

Governor Takes Hand in Labor Problems. Oregon City Farmers to be Supplied with Help

Portland, Ore., Feb. 16, 1915. (Special)—Not only in Oregon, but in all parts of the country, the government has inaugurated a movement to secure work for the unemployed and to furnish men or women to farmers and other employers outside the cities. It is a common sight to see men standing around the streets in town at all seasons of the year who would be glad to go out into the country and go to work if they only knew just where to go and could be certain that the job would be there when they arrive. John H. Barbour, United States Inspector, Oregon Immigration Service, has started to list applicants for positions of all kinds and is anxious to receive applications for help from employers of labor of all classes.

Every applicant for work will be given a thorough examination as to his qualifications and no man will be sent out for any specific line of work unless he is fitted for it, thus leaving no room for the annual complaint that farmers are applied with laborers who know nothing of farm work, at a time when the farmer is too busy to teach them. The first day the office was open more than 100 applications for work were received and as there are no fees or other expenses connected with the service, it is to be expected that enough men will be available at any time to fill all possible demands.

Another movement operating along somewhat similar lines, but with the idea of assisting the would-be farmer to get land instead of work, is now being discussed under the leadership of Tom Richardson, the founder of the Oregon Development League, with the purpose of evolving some feasible plan for financing the small farmer, dairyman, or gardener who has the inclination and ability to get back to the land and make a success, but who is financially unable to do so. Educators and business men are decidedly in favor of the scheme and it is probable that a convention for its discussion will be held immediately after the close of the legislative session. Mr. Richardson has issued an appeal to all who are interested, asking them to give the matter careful consideration and to work up a community sentiment in its favor.

INSANE MAN CAPTURED

Inmate of Portland Sanatorium Makes Camp in Gladstone Thoroughfare Ved Olovich was taken in tow by Chief of Police Percy Cross at Gladstone late Sunday afternoon. Olovich, it was learned, had escaped from a Portland sanatorium, and had wended his way toward Gladstone some time Sunday. He attracted the notice of the residents along Arlington street by his peculiar action. The chap started a fire in the middle of the thoroughfare and was preparing to comp for the night when taken into custody. He gave no trouble to the officer and seemed supremely happy, with the hallucination that his pockets were bulging with gold pieces.

Another Victory for the Drys

The German Emperor attributes the amazing exhibition of strength on the part of his troops to the fact that with the proclamation of war all drinking was stopped at once.

We have 12 states where women have full suffrage and 14 under state-wide prohibition.

The greatest hope of our country, is in the children of today." Hence the necessity of teaching temperance in the home, the school and the church.

People who know of the violation of the law, and do nothing to stop it, are accessory to the act, according to some of our best legal authorities.

Among the many campaign yells this from Ohio explains itself:

I can't vote,
Neither can ma;
Ohio's gone wet—
Blame it on pa.

At our last meeting the subject of parent-teacher unions was brought before us and we hope it will not be long before one is established in Gladstone.

Take at least one hour a day for reading; read something that will make you better and wiser, and give you something to think about, besides your own troubles.

The regular session of the Union will be held at the school building on Friday, Feb. 19th, at 3 P. M.

Spring Brings Signs of Prosperity to Liberal District

The beautiful weather has started the plows again and early seeding will soon commence. Early gardens are being planted and a few potatoes for early use.

There will be a large acreage planted to corn this spring, not only the corn but the fodder for stock of all kinds, and the condition it leaves the soil for the next crop.

Several tons of potatoes have been purchased lately in this section.

There will not be a heavy acreage of clover for seed. Nearly everything is being plowed up and grain will be raised on the clover land.

Mr. Chapin has the contract for clearing the townsite at this place. All sound timber will be made into cordwood and all brush burned and logs left. It will be a beautiful place for dwellings as it lies on the bench land, and is very slightly.

Work is starting on the heavy fir groves for mining timbers and quite a few men have found employment. The spring birds are here so the real spring is not far distant.

Miss Olive Morey, who was very ill Friday night, is improving rapidly under the care of Dr. Todd of Molalla.

LOGAN

Logan Scene of Reunion of Kirchem Family

Mr. Joseph C. Kirchem and Mrs. Rhoda Kirchem gave a birthday dinner at their residence Feb. 10th. Mr. Kirchem's 60th anniversary and Mrs. Kirchem's natal day only one day between, and that day was chosen as a compromise. Mr. Kirchem is one of Logan's most successful farmers and has helped all of his children to a good start in life. The following guests were present: Mr. and Mrs. J. P. Steinman, A. M. Kirchem, L. H. Kirchem, Mr. and Mrs. O. D. Robbins, Mrs. A. C. Gerber, Mr. and Mrs. S. G. Kirchem and family, Mr. and Mrs. W. M. Kirchem, Mr. and Mrs. H. H. Kirchem, Mrs. Laura L. Kirchem, Mr. and Mrs. Louis Kohl and Marion Kirchem. The occasion was also a reunion of the Kirchem family on the old homestead, where Matthias Kirchem started in the early '50's, and where all but the two oldest of his seven children were born, and where all spent most of their youth.

Mr. Kirchem Sr., later bought the present Fischer's mill and supplied bread stuff for a large scope of country. All seven of the children are living and all but one were present on this occasion.

The Redland band gave a concert and entertainment on the 13th, which was a rousing success. A large audience greeted them. The Redland band is all right and we are proud of them.

There has been considerable coyote hunting lately, but not very much finding, and absolutely no killing positively reported at present writing, though many shots have been at the fleeing varmints, and they are not in trenches either.

S. Newkirk is reported to be in bad health again. His son, Leonard, was out to see him last Sunday.

See Clackamas county first. Mr. Dallas, the cream hauler, reports visiting a cave last Sunday, which is so extensive it takes considerable time to explore it; has large rooms celled with ice, deep holes and many interesting features. The writer has lived in sight of the bluff for 35 years and has only heard a meager hint of the cave before. We'll see it soon and report.

Here's success to the new editor Brown.

MOUNTAIN VIEW

We begin to realize that part of our dreams will come true that we have long hoped for a street car line to come through our port of Oregon City but instead it followed along the foothills and left us out. We voted for an elevator to assist the weary hill climbers and we have the elevator yes, with a heavy bill to pay and no service. But a few days ago a bright young man decided to run a jitney and now we can ride from Main St. to the center of our village for 5 cents, and he does not lack for patronage. The men who work in the mills find they can get home sooner and have more time for work around the garden. What a blessing to tired humanity, and yet there are people who will decry the jitney service. Not long ago it cost one dollar and fifty cents to bring one passenger on the hill by auto service. We are glad to have the jitney bus in Oregon City—long may it live.

Mrs. Robert Beally of Vancouver, B. C., visited her mother, Mrs. C. A. Hickman this week for a few days. It was a family reunion, as Everett Hickman and wife were also visiting at the same place. Mrs. Scott of Portland is also a visitor at Mrs. Hickman's. Dr. Harvey Hickman's wife is here too.

Mrs. J. P. Roehl, of Carus, visited

for a week with her neighbors and friends here.

Mrs. Dell Gibson and Mrs. Lloyd Swan, of Portland, visited Mrs. R. M. C. Brown last Friday.

The Ladies' Aid held an all day session at the little church last Tuesday and quilted and served. A fine dinner was served at noon and all enjoyed the day. Rumor has it that the church has been sold to the M. E. denomination and will pass into their control. We hope they will be as generous as the Congregational people and let the S. S. be a union school. There are several denominations represented in our little corner of Oregon City and as a Union S. S. it has flourished, but should it pass into the control of one denomination alone we fear it would not be so satisfactory. Let the little church stand for us all and not sectarian as it will not be so pleasant.

Our little friend Florence Bierman, is working hard to win the prize in the Enterprise contest and she surely ought to win.

Mrs. Emma Mulligan and baby have gone to their home at Goldendale, Wash., after several weeks' visit with Mr. and Mrs. Van Hoy.

There are a number of men here who need work who have families to support, and are willing to work at anything honest for a living.

County Court Take Trip to Inspect Bridge

For the purpose of inspecting the Butte Creek bridge, Judge Anderson and Commissioner Knight spent part of Friday in the southern part of the county. They found it sound but in need of a new roof.

Worse than Oregon City

At a council meeting of Forest Grove held last week, it developed that there were over 200 side walks in that city that were either completely demolished or in a bad state of repair.

While we do not wish to be considered as knockers, you know the old saying that misery loves company.

Main Street in Oregon City finds itself in about the same boat as Forest Grove.

TRADE

We have two modern five room plastered houses in Portland, one block from car line, best of location; bath, toilet, electric lights, basement; each on a 50x100 lot, one a corner lot; concrete side walks, hard surfaced street. \$6,000.00 for the two, or \$3,000.00 for one—all free of debt. We will trade one or both of these for a farm of 10 to 100 acres.—Dillman & Howland, 8th & Main St., Oregon City, Oregon.
