EAST CLACKAMAS

Well, Mr. Editor, the reason that we did not have any news for you last week was because we did not fully recover from the effects of Halloween in time to send them.

J. W. Bennett is sporting a new team. Mr. and Mrs. G. Haberlach Sr., returned last week from their visit in the Central States, and were mighty glad to get back to the Webfoot country.

Mrs. Schurer, of Portland, visited over Sunday of last week with her daughter, Mrs. H. H. Blake.

Jack Welch and family were shopping in Portland Friday of last week. W. S. Dawalt and family attended the basket social at Sunnyside schoolhouse a week ago last Saturday night.

Joe Enghouse was transporting gravel from the P. & O. C. railway to the B. R. Smith ranch last week.

From the arrivals of the coming generation in our vicinity the population by 1920 will be going some, eh? M. Tong is having an artist change the color of his house when it does not rain.

The wood rats who are hauling wood by auto truck do not make very regular trips since the moisture has been so dense.

Clarence Enghouse started for the land show last Saturday and landed up at a movie show.

Mrs. Marie Heinrich and son, John, were transacting business in Portland last Saturday.

Martha Schuren was a Portland shopper last Friday.

Mrs. Florence Shearer was head nurse at the Sieben ranch last week—it was a ten pound boy.

The following people were visitors at Cedar Springs ranch last Sunday a week ago: F. S. Weir, Clyde Wash, Mrs. H. H. Blake, Miss Martha Schuren, Mrs. J. W. Bennett and daughter.

S. L. Boyer attended the basket social at Sunnyside schoolhouse a week ago Saturday night.

The East Clackamas Social Club will meet with Mrs. Enghouse Wednesday of this week.

The Literary society was started Saturday night at the school house the following officers being elected for ensuing term: Anton Howard, president; E. R. Boyer, vice-president; E. L. Boyer, secretary-treasurer; Henry Klinkey, sergeant-at-arms; Mrs. Lena Heinrich, Elsie Van Water and Arlene Haworth being appointed entertainment committee. Meetings will be held every two weeks, commencing November 6, 1915.

Mr. and Mrs. W. F. Mundehenke entertained the following people at a chicken (get me—chicken?) dinner last Sunday: Mr. and Mrs. Antone Heinrich, Alex Dane, wife and son; A. Dane, of Logan, E. R. Boyer, wife and daughter.

The ladies of the Social Club entertained their worst halves at a Halloween party at the Cedar Springs ranch October 30th. The following guests were present: Mrs. H. Klinker, Amelia Klinker, Henry and Otto Klinker, Mr. and Mrs. S. Shearer, Mrs. J. Enghouse and son, Mr. and Mrs. Rasmussen and daughter; Mr. and Mrs. J. E. Searles, Elsie and Margie McNair, Mr. and Mrs. Edwin Dane, Mr. and Mrs. G. Haberlach Jr., Emma Haberlach, Mr. and Mrs. Sandstone, and son, Mr. and Mrs. H. H. Blake, Martha Schuren, Arlene Haworth, Elsie Van Water, Mr. and Mrs. Antone Heinrich, Mr. and Mrs. W. M. Mundehenke and daughter; Mr. and Mrs. A. Dane, J. W. Bennett and family, of Logan.

CHERRYVILLE

November days are dark and dreary. After all, these warm, gentle rains are much to be preferred to blizzards and zero weather.

C. D. Turner, of Keatsville, Mo., is here visiting with his son at the shingle mill.

The question: "Resolved, that every man physically fit should receive military training," which was discussed at the Lyceum last Friday night, was decided for the negative, as it was thought we had parasites enough now to support without having a lot of brass-bound dudes put on us.

The failure of the Central Christian church, of Portland, is another proof that we are over-churchesd as over \$10,000,000 are tied up in that city in churches, more than half of which are superfluous, while little innocent children, called into the world through no act of theirs, go hungry to bed every night. Pride of opinion and a chance to get a nice general job is the cause of these costly edifices being multiplied without number.

The postoffices are being deluged with circulars from liquor dealers in Portland, who are terribly concerned about the frightful condition of the people after the New Year, when they will be reduced to two dozen bottles of beer, and two quarts of whiskey a month. What an awful calamity. (?) These kindly and considerate (?) greedy wretches want everybody to stock up and they will supply the stock.

One of the school boys brought to the postoffice lately a glow worm, which is very luminous at night, the lights being generated in the rear of the body. This is one of the few parts of this country where these curious insects are found.

A U. S. special land agent has been visiting through the state and says that while there are various plans of disposing of the grant lands there is nobody in favor of throwing it into the forest reserve or keeping it out of the hands of future taxpayers.

VIOLA

There was a farewell party given at the home of Joe Youngford on Thursday for Al Myers and family, and John Ficken and family, who left Saturday for their old home in Bison, Kansas. They went by way of California, so as to take in the Exposition. Mr. Ficken and family will return in the spring. There were 75 present and after playing games and partaking of refreshments their many friends bade them at a late hour, goodnight.

T. Jackson lost a valuable fat hog, which proves quite a loss to him.

Mrs. Wm. Mattoon was over from Estacada a couple of days recently to visit with her two sons.

Wm. Hinchbotham and family were in Oregon City Saturday.

Harve Mattoon and wife were in town on Monday.

Wm. Thompson and wife of Highland store, were down to the farewell party Thursday evening. Mrs. Thompson is a sister of Mrs. Ficken.

Miss Rose Tanner, of Portland, is at her parents' home on a vacation for a couple of weeks.

Mrs. Youngford, whose home is in California, is visiting her son, Joe, for a few weeks.

D. G. White was in Portland a couple of days last week.

LOGAN

The regular meeting of Harding Grange was held last Saturday, and there was a fair attendance, though the busy habit seems to have become chronic with many members.

The question for discussion was "What Has the Grange Accomplished for the Community, the State and the Nation?" The speakers discovered many things that have been done in all the three fields and many more that could be done with proper support from farmers. A committee was appointed and a Grange dance will probably be given on December 18th.

Fred Brown and family have been visiting relatives near Eugene.

Mr. Dallas Jr., is cream hauler now, as his father is serving on the jury. There is a store again in the Tracy building, which will be a convenience for many.

Considerable wheat has been sown between showers.

Fred Gerber has gone to southern California, and will be followed soon by the rest of his family.

Carl Montgomery and Edith Wilcox were married recently. We extend our best wishes for a happy life.

Mrs. Henry Gill had a sewing bee last week.

MULINO

Winter is almost here, and muddy roads will be the rule now on for the next six months.

Mrs. Mary S. Howard left Sunday evening for Oakland, Cal., to attend the annual session of the National Grange. She expects to be away three weeks on the trip and will attend the Panama Exposition for a few days.

Our new school house is nearing completion, and will be a handsome structure.

A number of Mulino ladies gave a linen shower to Miss Pearl Erickson on Friday afternoon. As Miss Pearl is an industrious young lady and needs a rest her friends are all pleased to hear that she will soon have a holiday.

There will be a meeting held at the hall Tuesday afternoon, Nov. 9 to consider the formation of a co-operative creamery company.

The Postal Department has called for proposals to carry the mail from the W. V. S. depot to Mulino post office. At last we are to have a good mail service again.

Electricity Simplifies Housekeeping In The New Home People who are building new homes should see that their houses are properly wired for Electric Domestic Appliances, not forgetting the Electric Range, which has arrived to stay. In Homes Already Built Those already established in new modern homes or those built years ago, will find it comparatively easy and inexpensive to extend the wiring so that an Electric Range may be connected. The Electric Way is the Modern Way For years inventors have worked on the problem of Electric Cooking Ranges.
