HAZELIA Mrs. Fred Lehman and children were guests of Mrs. Frank Childs on Wednesday. Mr. and Mrs. Fritz Hultberg were Portland visitors Monday. The Commercial Club of Oswego is trying hard to get 300 paid-in-advance subscriptions to assure a weekly newspaper at that place. Miss Glendora Hultberg, who has been at Seaview, Ore., for the last three months, is visiting at her home in Hazelia. She will go to Portland Monday to resume her studies in that place. Guy MacVay was selling produce on the market Friday in Portland. Little Lena Lehman has been spending a few days in Oswego with her grandmother. There were no church services at Hazelia Saturday evening as the Rev. Mr. Coleman was holding protracted meetings at Clackamas. Master Wilber and Donald Lehman are ill with a light attack of chicken-pox. Miss Marian Eastman was a visitor at the home of her Uncle, Max McMahon, this week. Glendora, Abner and Stanley Hultberg spent Saturday evening with C. Antone and Shirley Bontz. Miss Harriet Duncan left Sunday for George, Oregon where she will resume her duties as "schoolmarm." Mr. and Mrs. Fritz Hultberg entertained guests from Portland at dinner on New Year's day. A couple of Hazelia cabbage cultivators thought their cabbage weren't quite profitable enough, so they have quit the cabbage fields and went to prospecting for Indian graves, which were fruitless, with the exception of a few holes in the ground that they left on the mountains, for the Indians were too wise to bury anything of value in a place where "Heap White Man" was likely to look. Everyone awoke on the New Year to find the ground covered with a beautiful mantle of snow, which surely was a welcome change at this place, from so much rain. Now we have the Anti-Booze law—next we want to see the Anti-Political Machine law. Oregon's going dry didn't affect Hazelia, as most of the people from this place are anti-booze and believe in woman's suffrage. The mailcarriers' holiday Saturday was a welcome change after carrying so much Christmas mail. We think they should have Christmas day also. Mr. and Mrs. Richard Zivney spent New Year's day with Mr. and Mrs. Molly near Garden Home. There was quite an exciting time at A. Helm's a few days ago, when

Mrs. E. R. Boyer and daughter, Edna, visited with Mrs. Franz Keisner on Claybourne Ave., Portland a couple of days last week. Everyone wants to get out early to avoid the rush at the literary meeting next Saturday night, as the committee is going to have some programme. Mrs. H. H. Blake visited the dentist in Portland Tuesday. She made the trip via P. & O. C. jitney. The following people enjoyed the excellent musicale given by Mrs. H. H. Blake, A. Heinrich and wife; Mr. and Mrs. J. Searles and Elsie and Margie McNair, E. R. Boyer and family; Miss Martha Killies and Mrs. Schuren. MOUNTAIN VIEW The youngsters here surely had a joyful time coasting and snow balling during the past week. Mrs. Booher, living on Duane street, fell on the walk at her home recently and broke her limb near the hip. Dr. Mount was called and set the broken limb. She is 76 years old and not very strong, so it will be some time before she will be able to be up. Wiley May and wife are both very feeble at present. Mrs. Faust, a sister of Mrs. May, was here several days caring for her. John Darling died at his home here Saturday night, January 1st after an illness of several months. Mr. Darling was a quiet, unassuming man, a good neighbor and will be greatly missed. He leaves a wife and one son, and two daughters, Mrs. Frank Beard, of this place, and Mrs. Armstrong, residing in California. The funeral was held at the family residence on Monday at two o'clock. Rev. W. T. Milliken of the Baptist Church, officiating. Many old neighbors and friends gathered at the home. Mr. Darling had lived in Oregon about 35 years and at the time of his death was 65 years of age. The little son of Mr. and Mrs. Mulligan has been quite ill at the home of his grandparents, Mr. and Mrs. Van Hoy. Mr. and Mrs. Monahan will move into the house belonging to Mrs. Imier as soon as it can be improved. Wm. May went to Camas, Washington, where he has work for a time. We see that the name of Peri Selby is to come before the primary for the office of County Recorder. Peri is a model young man, who has worked hard to get a college education, and he surely is worthy of the honor, but it will take lots of grit to race with some of these political pushers who are out for county offices. HIGHLAND Mrs. John Hehn, who has been laid up with rheumatism for some time, is much better and able to walk a little. Elmer Graves was farming out his seed grain a few days ago preparatory to seeding as soon as the ground is in condition.

We understand there is a move on foot to cut off a part of Highland on the East and give the piece cut off a new name, as Highland is quite a large territory and should be divided up. As it is now, there is North Highland, South Highland, Upper Highland, Lower Highland and just plain Highland, so when one speaks of Highland it is hard to tell what they are talking about. On New Year's day Highland Grange met and installed their officers and then in the evening gave their programme and basket social, after which the room was cleared and dancing began, which lasted till morning. All seemed to enjoy themselves. There is but little snow, but the ground is frozen so that all work is at a standstill except keeping the hearth warm. Mr. Smidt, who bought the Cramer place, was out with one of his sons looking over his place one day last week. He has not decided when he will move out here. Leroy Guard is down from Salem, where he is attending school. He is visiting friends at present. Several people from this part were down to see Portland go dry on the last day of the old year, but so far we haven't heard any reports from them so can't say how they enjoyed it. R. L. Holman and T. P. Randall, Leading Undertakers, Fifth and Main St., Telephones: Pacific 415-J; Home B-18. EAGLE CREEK Mr. and Mrs. Roy Douglass have been on the sick list but are now improving. Leslie Strahl, who has been away for some months, has returned home. Mr. McMillan, who has been in Portland for over a week, came home Sunday evening. He butchered 10 hogs Monday. Miss Edna Kennedy, after a vacation of ten days, returned Sunday evening and has resumed the work in the school-room. Mr. and Mrs. John Lightfoot came out from Portland Saturday, and were the guests of Mr. and Mrs. R. B. Gibson for a couple of days. Mr. Orke had the misfortune recently to lose one of his horses. H. F. Gibson was up this way Friday, staying over night with his father, James Gibson. Carl Douglass has been a sufferer the past few days from an attack of the la grippe. Mrs. Viola Douglass received a call from Mr. and Mrs. John Lightfoot and Mrs. R. B. Gibson Saturday evening. Fred Hoffmeister went up to Roy Douglass' place the other day and had some grain chopped. Ray Woodlee was the dinner guest of Mr. and Mrs. Will Douglass Sunday. Some of the people have been enjoying themselves since the snow and

PLAGUE FIGHT COSTLY Twenty-two Millions Spent in America Combatting Tuberculosis Figures indicating the growth of the anti-tuberculosis campaign in the United States show that in the year 1905 about \$5,000,000 was spent in this movement while during the year 1915 over \$22,500,000 was spent. These figures are part of the annual statistical statement of The National Association for the Study and Prevention of Tuberculosis. The statement is based in part on actual reports received from anti-tuberculosis agencies throughout the country and in part on estimates made by the Association. In 1905 probably less than \$100,000 was spent for anti-tuberculosis work other than the care of tuberculosis patients in a few poorly equipped sanatoria and hospitals. In 1915 over 1,400 anti-tuberculosis associations spent nearly \$1,225,000 in organization and education. Special tuberculosis dispensaries, of which there are 450, spent over \$1,150,000 in examining, advising and treating patients. Open air schools, of which there were none in 1905, spent more than \$350,000 in teaching and treating anemic and tuberculosis children, while nearly \$750,000 was spent in the care of tuberculosis insane and prisoners. Sanatoria and hospitals for the care of consumptives, nearly 600 of them, spent \$19,250,000. Much of this sum was contributed by private pay-patients, but the greater part, over \$12,000,000, was paid by federal, state, city and county boards for free treatment. As an indication of the way in which the burden of the care of consumptives is being shifted to the public's shoulders, where it rightly belongs, the National Association

points out that in 1905, as nearly as can be estimated, less than 25 per cent of the total expenditure of \$5,000,000 for tuberculosis was from public funds, while in 1915, nearly 65 per cent or \$14,500,000 was from this source. New York State again leads the states with the largest total expenditure of nearly \$5,000,000, with Pennsylvania second, and Illinois third. R. L. Holman and T. P. Beauties of Parcel Post Under post office department rulings you can send 3 pounds of printed matter from here to Philomath for 24 cents, but you send 4 pounds for 8 cents. If a private corporation did business that way it would be fined \$2,000,000 for discrimination or something, and all the officials sent to the penitentiary.—(Gazette-Times, Corvallis.)
