### WOW! ZIP! ZOWIE! COUNCIL IN RIOT

(Continued from Page 1)

doesn't like my appointment of street commissioner, we won't have any, and as there'll be no street work, we'll need no city engineer; and so I won't appoint any city surveyor. And I haven't appointed any city prosecutor or recorder, either."

While the next battle was looming Mr. Metzner, as chairman of a special committee on the condition of the city hall roof, rose and reported.

"Mr. Mayor, as chairman of your roof committee, I want to report that several of the sheets of tin don't lap," he said.

There was an outbreak of giggles on the part of the spectators, and Mr. Metzner continued that he had asked a man to examine the roof more thoroughly and to make repairs.

Councilman Roake then moved that a special committee be appointed to investigate as to whether or not the water board was legally constituted. He read a few remarks on the subject from a piece of paper he held in his hand. Mr. Roake's contention was that the charter provides that when a vacancy on the water board is reported to the council, the vacancy shall be filled by election at the next succeeding regular meeting of the council.

When Mr. McCausland resigned, the old council appointed Mayor Jones at the same meeting as the one receiving word of the resignation.

"Mr. Mayor, I move you that Councilman Roake be permitted to put that piece of paper back in his pocket," said Mr. Templeton. Mayor Hackett couldn't see Templeton, and as Roake's motion passed he appointed Roake, Cox and Metzner to look into the legality of the water board as at present constituted.

The final outbreak of the evening was then staged, when Mr. Metzner nominated Councilman Albright for president of the council. Mr. Van

Auken bobbed up and placed in nomination also the name of Roy B. Cox. Councilman Albright got to his feet while ballots were being passed, and expressed his opinion of the proceedings in general.

"Mr. Mayor," he said, "I don't care particularly for the honor of being president of this council, but I wish to remark that it has long been the custom and precedent to elect one of the older members of this body to the office of president, and I am the senior member. Now a few days ago, or maybe it was a week or so ago, I began to be impressed with the fact that this council didn't want harmony this year. This was indicated by talk on the streets, by promises that certain members made, by letters that were written to certain organizations telling them they could name a member on the police force if they'd support a certain man, and by things like that. This sort of thing was started a long time ago, a slate was picked out, and it will be put through, and I want the people to know just how it is. That is why I am saying this.

Why, your honor even had Mr. Roake's name written in on all these committees before he was even nominated to be a member of this council, much less than being elected. Everything was cut and dried in caucus beforehand, and I think the people ought to know about it."

The vote on president of the council resulted five to three in favor of Cox, with the modest Mr. Cox refusing to vote. Just as a good guess it may be said that Van Auken, Roake, Buckles, Moore and Albright voted for Cox; and that Templeton, Metzner and Andrews voted for Albright.

Just before adjournment, which ended the riot, Mr. Cox got over a motion instructing the recorder to keep a ledger account of all money spent by each committee.

It was some meeting, and hereafter on council nights the movies will close.

## ANNOUNCEMENT

A Great Free Demonstration **Thurs., Jan. 13**  
Scholl's Foot Comfort Service

Consult The Chicago Foot Specialist Free

On this day Free examination and advice will be given by an expert under the direction of Dr. Wm. M. Scholl, the famous foot specialist. He will also give demonstration of foot appliances necessary in the correction of foot troubles. This important event was arranged at great expense principally for you who have weak, tired, aching, calloused feet, for you who suffer from bunion pains and corns, or who have broken down arches, crooked toes, and hammer toes, for you who have tried fruitlessly to get relief. Not obliged to buy shoes here.

If you have flat foot, weak feet or broken down arches, no matter if you are already wearing arch supports, have your feet scientifically examined by this specialist and let him advise you what to do. If you have been using bunion and corn remedies that furnish temporary relief without correcting the cause be sure to get this scientific advice.

If you are one of the many thousands who have always had trouble in being properly fitted to shapely footgear come to our store. The difficulty will be solved easily and simply and perfect foot comfort will be given you.

**WARNING:** You may not realize it but those slight aches at the heels and ankles, those painful cramped toes, that body weariness and brain fog are typical of weak arches and likely to result in a serious derangement of the whole nervous system. Many people have mistaken these pains for rheumatism of the feet and have tried internal remedies to correct them when all they really needed was proper support of the feet arches.

### REASON FOR THIS DEMONSTRATION

It has been our ever constant aim to make this the most progressive shoe store in town. For months we have thoroughly investigated the efficiency of the service rendered users of Dr. Scholl's Foot Specialties and wearers of his appliances. We have seen people who previously walked with great difficulty now able to stand the most rigorous exercising of the feet, enduring long walks and long standing without the slightest annoyance. We have found every one of Dr. Scholl's corrective devices anatomically correct and scientifically perfect. To give our patrons and friends the fullest benefit of the Scholl Foot Comfort Service we have arranged this demonstration and will henceforth conduct in our store an orthopedic department for continued service of this character. We are headquarters for Scholl's Foot Comfort Specialties and Appliances.

There's A Scholl Appliance For Every Foot Ailment or Deformity

Whatever your foot trouble may be, there is a Scholl appliance or device which will correct permanently the trouble from which you are suffering. Consult this noted specialist and let him advise you about your trouble.
