

News of the County and Suburbs
Local and County Items of Interest to Our Readers

MOUNTAIN VIEW

The principal topic of conversation now is politics, or sewer system for this part of Oregon City. To say we need a sewer here is putting it mildly. This part of Oregon City bears its share of the city debt, but there seems but little inclination to give our share of city benefits.

Another thing we have waited for patiently is for one of our county officials, who is a candidate for reelection, to tell us something about the article in the Evening Telegram of March 17th. That surely reflects on his honor and if not true should be bitterly condemned and his innocence established.

We heartily endorse the Courier on the stand it takes regarding a poor farm for this county. There would surely be a lot of people who would dig for themselves instead of letting the taxpayers do it.

Last Saturday evening 30 of the neighbors and friends of Mr. and Mrs. George Stevens, who live on Caulfield street, surprised them, it being the 20th anniversary of their marriage.

The Ladies' Aid Society (Mrs. R. M. C. Brown) We have our secret orders and lodges far and near. Where fraternity and love are always held so dear.

We have a Ladies' Aid up here in Mountain View, which is always ready with willing hands for some work to do. We have a permanent meeting place, where we always go; when we return home again our husbands seldom know.

Once every two weeks—on Friday is the date—They leave their work at home undone and then they congregate. They come from all directions: out in the country; on the Pike; to see them come trooping in it surely is a sight.

They most generally come late—only a few come soon—Some times with well filled baskets; they have a feast at noon. They sit and talk about the Jones, then about the Browns, and tell each other everything that happens many miles around.

Tell such jolly stories 'till the setting of the sun, and wonder why their fancy work is never done. But yet, if anyone is sick, or feeble; in distress,

Run-down? -Tired? -Weak?

Every spring most people feel "all out of sorts" their vitality is at a low ebb. Through the winter months shut up a great deal in heated houses, office, or factory, with little healthy exercise in the great outdoors—eating more than necessary—the blood becomes surcharged with poisons!

WHEN "RUN-DOWN," Salem, Oregon.—"As a spring tonic, to build up a weakened, run-down system, and to give one an appetite, I found Doctor Pierce's Golden Medical Discovery good. A friend had recommended it and I found it all that she claimed for it."—Mrs. JAKE GINDER, 1506 S. Bellview Street.

Constipation causes and seriously aggravates many diseases. It is thoroughly cured by Dr. Pierce's Pleasant Pellets. One a laxative; two or three a cathartic.

You'll find the Aid Society ever there to comfort and to bless. Anyone can join them, no matter how you are built; Only one question asked you—do you know how to quilt? They are always free hearted and have a little money, and earn every cent they get, which seems to me real funny.

HEAR WITHOUT EARS

Police and Detectives are Using Lip Reading in Place of Dictagraph

Thousands of deaf people are today throwing away all hearing devices and enjoying all conversation. This method is easily and quickly acquired through our system. Absolutely the only thing of its kind in the country. Our proposition is entirely original. We guarantee results, it will amaze you. Cost is trifling. See what New International Encyclopaedia says on Lip Reading. Hundreds of people with normal hearing are taking up Lip Reading for the many benefits gained. You can understand what the actors are saying in the moving pictures. You can understand what people are saying just as far away as you can see them. The eye understands beyond the range of hearing. Send no money, but mention this paper and state whether or not you are deaf. All particulars will be sent you absolutely free and with no expense to you. Address, School of Lip Language, Kansas City, Missouri.

BEAVER CREEK

Miss Blodwen Thomas, of Portland, was visiting with relatives and friends over the week end.

Miss Myrtle Henri is working for Mrs. Francis Bennett.

W. F. Harris made a business trip to Oregon City Monday.

Tom Myrick and Fred Blum are breaking rocks on Ed Hornshuh's place. The rocks will be put on the road in the near future.

Mrs. O. H. Hughes, Alena and Emot Hughes transacted business in the county seat Saturday.

W. W. Harris is building a new fence on his farm, and improving things in general. It is a good example for the rest of us farmers to follow.

Mr. and Mrs. C. Mural and daughter, Myrtle, of Maple Lane, were seen in our town Sunday.

Mr. and Mrs. W. O. Hughes spent Sunday as the guests of Mr. and Mrs. F. W. Force.

Miss Bertha Eggman is on the sick list, but we hope to see her soon up and in her usual good health.

The debate at Henri is held Friday evening in the school house. The Single Tax question was debated, with C. E. Spence, leader on the negative side. He convinced the judges and many in the audience that "Single Tax would benefit the farmers." C. Mural, Miss Minnie Blum and Fred Henri were the judges. The next question will be, "That the U. S. should own and operate all telegraph and telephones." C. E. Spence, Mrs. Stella Hughes and Echo Spence will speak on the affirmative side, and W. W. Harris, C. Mural and Miss Lewis on the negative side. A good program will be given. All are welcome. The entertainment and basket social at the Hall Saturday evening was a decided success. The program was very interesting and the children did their parts in a perfect manner. A. Thomas was auctioneer. The baskets brought in \$13.75.

HIGHLAND

Every one says there is going to be a big crowd at the dance at Clarkes on the first of April. Well—let them come—the committee will be prepared for them, and show them a good time.

Mrs. Helen received word from her folks in Minnesota a short time ago that they have lots of snow there yet. Mr. Hanhart went to Milwaukee Friday and returned Saturday. He went to get a fine shepherd dog, which a friend gave him, but for some reason he failed to bring the dog home with him.

Mr. Hanhart was working for the Martin brothers one day last week, helping saw out road plank.

Mr. Powers has been working for Mr. Cornwell, spreading fertilizer and preparing his potato ground for planting.

Some of the neighbors are still buying hay and feed, and a few buy butter and milk for their own use. It looks as though the dairy business would do well in these parts. Mr. Wirtz and wife brought their daughter, Fern, home from the hospital Tuesday of last week, where she had been under the doctor's care. She is able to be around and is improving nicely.

It seems as though the farmers would be late getting their crops in this year as we are having an abundance of wet and stormy weather. We may have a long, late fall so that in the end we may come through all right. Oregon never has gone back on her people yet and we don't believe she will this time.

The school closed in District No. 111 last Friday. We understand that there will be two weeks of vacation, then school will open again for six weeks under a new management. The present teacher has filled her contract and leaves soon.

CHERRYVILLE

Spring has officially begun. Now that the sun has crossed the line we hope for bright balmy days. The equinoctial storms were on

schedule time all right, but we are thankful it was not more snow.

Earl Baxter, who has been at work in a logging camp in the southern part of the state, returned home a few days ago. He says the snow was 10 feet deep in the Siskiyou.

Alex Brooke, accompanied by his friend, Mr. McGill, of Seattle, were in town a few days lately on their way to Hood River. Mr. Brooke says the 3-6 timber tract has been sold to a Scottish syndicate, which will build a logging railroad up Cedar Creek this summer and proceed to get the timber out to market as the demand for timber is increasing and the price going up. This will mean a big boom for this section and plenty of work.

Fish are jumping at the dam in great numbers since the last rains, and steps have been taken by the fish hatchery people to take them for spawning.

The question for discussion at the Literary meeting on March 17th was: "Resolved, that truth is stranger than fiction." One of the debaters on the negative quoted from the Arabian Nights and told of Aladdin and his wonderful lamp, which, whenever he wanted anything, he merely rubbed, and the genie in charge and the slaves of the lamp immediately granted his wish. The speaker on the affirmative said we had a modern Aladdin with a Standard Oil lamp, and whenever he rubbed the lamp up jumped the price of kerosene and gasoline, and we poor dubs—all slaves of the lamp—got busy and give up untold millions until Aladdin, in his palmist days looks like a piker compared to old John D.

Take This for Lagrippe Coughs

The danger of lagrippe lies in its tendency to develop pneumonia, and the March death record from pneumonia is appalling. Stop your cold before it reaches the danger point, and take Foley's Honey and Tar Compound. Mr. W. P. Bowen, Jims, Co., writes: "I had a terrible attack of lagrippe, aches and pains all over my body and a dry hacking lagrippe cough. I began taking Foley's Honey and Tar and when O had taken one bottle my cough was cured, my cold was well."—Jones Drug Co.

SCHUEBEL

The ground hog was a bad weather prophet this year. March came in like a lion and it appears to be going out like a lion. All signs failed this year.

In spite of the weather most of the farmers have their grain sown. Very little fall wheat was sown last fall and some fall grain had to be re-seeded.

Chris Moehke, Jr., is going to Riverville, Wash., to build a house for his father-in-law, Rev. Wittrock.

Kilian Schmidt intends to leave for the East in a few days to buy some blooded short horn cattle. He will probably go as far east as Kansas City.

Alvis Hornshuh has started work on his new barn.

Fred Bohlander moved onto the E. W. Hornshuh farm recently.

Mrs. M. Moehke was with her daughter, Mrs. Otto Liman, a few days, Mrs. Liman being on the sick list.

A road meeting was held at the school house Saturday evening to see what could be done towards improving what is known as Beeson Hill on the Highland road. It was decided to wait and see what the engineer and road master had to say. All present were willing to donate considerable work.

There will be a meeting at the hall Wednesday evening to consider the question of building or starting a creamery in Oregon City, an offer having been made by an Oregon City firm.

SOUTH HIGHLAND

A number of people from here attended the basket social at the Alberta school last Saturday.

Mr. and Mrs. L. Martin went to Portland last Monday.

Russ Wilcox, of Garfield, returned home Monday after a few days visit at the home of M. E. Kandle.

O. B. Caldwell and F. Hettman went to Portland on business Tuesday.

Miss Fern Bittner, of Caldwell, Idaho, was visiting her friend, Mrs. C. B. Crim a few days last week.

Fred Hettmann has quit hauling cream.

Mr. Scott and Frank Adams attended the dance at James Saturday night.

Mr. and Mrs. F. Grossmiller and children and Miss Netmore, of Clarks, spent Sunday at the home of Mr. and Mrs. C. C. Kandle.

G. J. Taylor, the editor of the Molalla Pioneer, spoke at the M. E. church Sunday morning and the Pioneer Quartette sang several selections.

Mr. and Mrs. B. Cota spent Monday at the home of Mr. Rambo.

EAGLE CREEK

O. D. McMillan was in Eagle Creek the other day after a cow which he had purchased from Henry Udell.

J. P. Woodie and wife were over from Estacada Sunday to see Mrs. Howlett, who is still on the sick list.

G. W. Summers, who has been away during the winter working in a logging camp, returned home the other day.

W. W. Cooke and his mother, Mrs. A. W. Cooke, of Damascus, were up to see Mrs. Howlett recently.

Everett Beckett, Ray Woodie, Murray and Carl Clark made a business trip to Portland Monday.

Supervisor Vedder visited the Douglass school last Thursday morning, and the Eagle Creek school in the afternoon.

E. Naylor recently purchased a fine cow.

Mrs. R. B. Gibson received a call from Miss Edna Kennedy Sunday afternoon.

Roy Douglass made a trip to Sandy one day last week.

MULINO

And still it rains, with muddy roads everywhere.

The record from Mulino this week contains a tragedy in the death of R. P. Wallace. He went to work Tuesday morning, March 21st, and, failing to return to dinner, search was instituted, and he was found by Fred Churchill lying in an unconscious condition, having been blown up by dynamite. How the accident happened will probably never be known, but it is supposed he was digging under a charge which he had placed under a stump the day before. He had told his wife this in the morning. The unfortunate man lay in the field from 10 a. m. until 1.30 p. m., as a neighbor heard the blast go off at 10 a. m. He was removed to the hospital at Oregon City, where he died at 8 p. m. Interment was in the cemetery at Canby. He leaves a widow and three sons, all residents of Mulino.

The Hult lumber company is building a conveyor for lumber and ties over the railroad spur, and otherwise getting their mill ready for the season's run.

STOCK CHUTE NOT LIKED

Henry Streibig Says Chief Result Will be to Raise Local Prices

Editor, Courier: Permit me, as a man who has been familiar with the livestock situation here for years, to say a few words about the proposal of the Live Wires to have established in the county seat a loading chute for livestock.

Twelve years ago there was plenty of stock in this section, and a loading chute would have been a good thing. But we have gotten along without one for a dozen years, and now conditions have changed. There are not today ten head of marketable stock in all western Clackamas county; but there are, however, quite a number of hogs.

Now in regard to hogs. There are already shipping points and yards for hogs at Beaver Creek, Mulino, Molalla and at stations on the Estacada line. In fact the territory is so well covered that county seat butchers have but a field some five or six miles about the county seat from which to draw the hogs they need. If a chute is put in at Oregon City, buyers from the big Portland meat houses will be down here and buy up all the hogs, and the local butchers will have to buy from Portland.

What will be the result? The Oregon City butchers now buy from 50 to 60 hogs every week. For these we pay from within a quarter to half a cent of Portland prices. We pay 10 1/2 to 11 cents here for hogs; Portland prices are 11 cents. However, when it comes to selling, the Oregon City butchers sell pork to the mill employees here for four cents less than retail prices in Portland.

Now if all these hogs go to Portland, through the plan of the Live Wires and the big meat companies to establish a shipping chute here, the county seat butchers will have to buy their pork in Portland—and they charge us 13 cents a pound for dressed hogs, wholesale. We sell loinf pork chops here now at 18 cents a pound; in Portland they sell the same thing for 22 cents a pound. And if we have to pay 13 cents a pound for dressed hogs, we will have to charge Portland prices.

Result, Oregon City people will have to pay more for their meat, the big packing companies and the railroads will profit, and the farmers will only get a quarter a cent more for their hogs. Is it worth while?

HENRY W. STREIBIG.

HONOR ROLL LARGE

West Linn Pupils Make Excellent Record During Passing Month

The West Linn school has one of the largest honor rolls in the county this month, those pupils who were neither absent nor tardy during the period from February 24 to March 24 being as follows: Bertha Zirbel, Edward Marco, Joseph Zalonis, John Fredericks, Joseph Shobe, Eldon Ford, Florence Mae Bewick, Robert Wright, Florence Karlik, Charlie Karlik, Mildred Anderson, Winifred Humphrey, Albert Pettit, Mary Zalonis, Lillian Meister, Herman Eckerson, Claud Montgomery, Leonard Schwartz, Emmet Shields, Elsie Buse, Mabel Ford, Mary Zadnikar, Ruth Robinson, Mildred Charles, Amber Ford, Chester Wood, Clair Pelky, Clarence Pelky, Rosa Sallee, May Powell, Myron Toban, Michael Zadnikar, Melvin Pickle, Charlie Day, Gladys Price, Lavinia Kanak, Evanelle Hall, Jennie Karlik, Adell Mason, Dempsey Powell, Marion Wood, Ralph McCoy, Ralph Gaynes, Joe Zadnikar, Orville Charles, Willie Campbell, Frankie Meister, Frank Pickle, Dominic Zalonis, Lee Wood, Johnnie Karlick, Lester Farmer, Herman Taylor, Herman Zirbel, Violet Ford, Herman Buse, Mildred Kanak, Eleanor Hall, Otha Wood, Joe Marco, Francis Yunker, Willie Elliott, Robert Pickle, Sherman Todd, Clara Yunker, Margaret Papoun, Flora Kanak, E. Clara Karlik, John Marco, Edward Tuquenon, Frank Hogan, Ellery Hickman, Richard Nixon, Helen Sheehan, Charlotte Huguenin, Eileen Nixon, Walter Smith, Gordon Hammerle, Ruby Hogan, Leonie Adrian, Emily Nixon, Allan Draper, Willie McLarty, Etta Boerier, Opal Hogan.

ABOUT POOR FARM

Correspondent Doesn't Think Much of Plan to Utilize Fair Grounds

Editor, Courier: I see by the Courier of the 16th that the county court has been considering the fair grounds as a poor farm. Well, that is some poor farm—when the best is none too good.

The court knows that is not an ideal farm; nothing but a sand patch. One member of the court living there should be well aware of the fact.

Anything but the best is absolutely worthless. Nothing will flourish there but a debt—that has been shown by the fact. E. E. KELLOGG

PAUL JONES ENLISTS
Man of Historic Name Joins Marine Corps to Help "Preparedness"

As a preliminary to a proper preparedness program, the United States Marine Corps has enlisted the services of John Paul Jones, and now has him serving his country in the role of Marine private, attached to the Mare Island navy yard.

Private John Paul Jones, U. S. M. C., who says his only relationship with the great naval commander of the same name is a similarity of purpose, temperament, and patriotism, has "not yet begun to fight," for, until three weeks ago, he was a peaceable citizen, of Brawley, California, without military training or experience.

When Jones finishes his recruit drills he will likely be sent to sea with other Marine Corps recruits, or else be assigned to some expeditionary force operating in foreign waters, or ashore.

Catarrah Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrah deafness, and that is by a constitutional remedy. Catarrah Deafness by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever.

Many cases of deafness are caused by catarrah, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrah Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All druggists, 75c.—F. J. CHENEY & CO., Toledo, O.

NOT WORTH WHILE?
Multnomah County Doesn't Ask Help from Clackamas Officials at All

Thirteen prisoners, one at the county jail and an even dozen at the Kelly Butte rockpile, find their way to freedom from Sheriff Hurlburt's guards in Multnomah county Sunday, March 26. Incidentally the combination of 13 and 26 hasn't been mentioned by ye scribes yet, but never mind. The chief point is that though 13 prisoners got away from Multnomah county officials in one day, not a word of alarm was sent to Clackamas county officers, and the first they knew of the two breaks was when they read about them in the Portland papers.

station tinkled, and local sleuths were asked to be on the look-out. When the guests of the state at Salem depart unexpectedly, the alarm is always sent here. And now local officials are wondering why Multnomah didn't ask Clackamas county officials to look for the Kelly Butte guests, who would be perfectly likely to travel south in their escape.
