

**GILBERT L. HEDGES  
SEEKS RE-ELECTION**

Gilbert L. Hedges

Gilbert L. Hedges, the present District Attorney, in announcing his candidacy for a second term, states that he will enforce the criminal laws of the State fearlessly and vigorously. Since Mr. Hedges has occupied this office he has been called upon to handle some very important cases for the county. Damage cases aggregating \$31,434.10 have been filed against the county, all of which cases Mr. Hedges handled personally. One of these cases was settled for \$100.00; the remainder won by the county. Mr. Hedges has also been very successful in enforcing the liquor laws. He has tried 12 liquor cases, 11 of which resulted in convictions. Just at present Mr. Hedges has been working diligently upon one of the most important cases ever brought in Clackamas county. The Weyerhaeuser Timber Company is fighting to have its taxes reduced. This case is now before the Supreme Court and Mr. Hedges has just completed the brief which he feels confident will win the case for the County.

Another department which the District Attorney has conducted with success and satisfaction to all concerned is the Juvenile Work. Assisted by capable officers he has helped hundreds of young boys and girls back onto the right road. Mr. Hedges has handled hundreds of criminal cases in court and no indictment or complaint drawn by him has ever been found defective. (Paid Adv.)

Believing that he can make Clackamas county a model for law enforcement, and can remove the stain long put upon this county by roadhouses and other resorts that draw their patronage from the night life of Portland, Sheriff William J. Wilson asks the voters of the county to renominate and re-elect him as the chief peace officer of Clackamas county at the forthcoming election. Mr. Wilson points with pride to the accomplishments of the sheriff's office while he has been in charge of county affairs, and pledges his word that if continued in office he will conduct its business in the same efficient and economical manner as it has been conducted in the past two years.

In the collection of taxes Mr. Wilson believes that his office has established a record of which the county should be proud. The work has been kept well in hand, there has been no confusion of figures, and the tax department was on such a footing when the county books were experted by J. O. Staats that special comment thereon was made by Mr. Staats.

Mr. Wilson is the kind of a sheriff that believes in kindness to prisoners, rather than persecution of unfortunate committed to his care, and during his regime as sheriff men confined in the county jail have been shown every consideration possible under the circumstances. He has not endeavored to keep the jail filled, so that profits might be made from feeding prisoners; and has constantly borne in mind the cost of his office to the taxpayers and has governed his actions accordingly. **INDELIBLE MARKING.**

**Advantages of Using Just Ordinary Blueprint Solution.**

There are many occasions upon which it is necessary to mark linen or wearing apparel indelibly with one's name and address, yet the ink sold for this purpose is not always convenient to use or attractive in appearance, says the American Boy.

A very good substitute is the ordinary blueprint powder, sold by any photographic dealer, a thick solution being made and used just as the ordinary ink would be. Instead of fixing this by the use of a hot iron, it is made permanent simply by washing in several changes of cold water. When thoroughly fixed the writing will appear in a very pretty shade of blue. Should you prefer a rubber stamp may be used instead of a pen. In this case a little glycerine should be mixed with the solution, which should be spread upon a clean cloth or blotter. This is then used as an inking pad for the stamp.

Aside from its convenience marking with blue print solution has the advantage that traces of the writing or any stains caused by it may be removed if desired by the application of a solution of tannin.

**EXPERT ON VALUES OUT FOR ASSESSOR**

Pulp-fed steers again sold at \$9.00, showing no change over last week. The proportion of good steers was liberal, the better than \$8.00 class being plentiful. Cows and heifers were at the old rate. Bulls were not here in liberal numbers. Calves are showing an increase in receipts.

Receipts of hogs were not liberal. Best prime lights worked themselves to a 5c higher level, top price being \$9.05. Market closed strong.

Hardly enough sheep came forward to make a market. As usual all kinds of lambs are strong. Butcher sheep are in excellent demand and top prices are being realized.

**ROAD EXPERT SEEKS COMMISSIONERSHIP**

Mr. Woodward has been a resident of the county for the greater part of his life, and is favorably known wherever he has resided. He has only the best interests of the county at heart, and does not seek office for any personal profit. He will feel honored if the voters give him their support, and will do his utmost in return to repay them for their confidence. With a fair and impartial assessment of the county he believes that the total tax income will be materially increased without placing any extra burden upon the small taxpayer. (Paid Adv.)

**Von Moltke in Arabia.**

The most famous of German leaders, Von Moltke, gained his first taste of warfare in Turkish Arabia in 1830. The future "organizer of victories" was attached to the sultan's armies, which were utterly routed by the Syrians under Ibrahim, Pasha at Nezib, and he escaped only by riding two days and two nights almost without a pause, and with no food save half a biscuit, two onions and a glass of water—London Opinion.

**Ink Erasing Blotter.**

Take an ordinary sheet of blotting paper and steep it several times in a solution of oxalic acid or potassium oxalate and dry. While the ink spot is still moist apply the blotter, and the ink will be entirely removed. If the ink is dry moisten and apply the blotter.—Popular Science Monthly.

**The Doctor Knows.**

"Humanity owes a great many debts to medical science," observed the philosopher. "That's right," agreed the physician. "You would be surprised if you knew how hard it is for a doctor to collect his bills."—Spokane Review.

**Excitement.**

People who easily get excited don't usually live nearly so long as people who keep calm. Excitement, in fact, wastes the vitality and affects one's health to a very great extent. This is true, too, of all who seek excitement, whether physical or mental. Excitement makes the pulse beat above the ordinary rate, and one's reserve of energy is used up so much the quicker. Occasional excitement, however, is very good for one's health, especially where the pulse is slow, but the natural condition of the body should be one of calmness and regularity.

**Modern Efficiency.**

Mrs. Winks—It was a touching story that that poor man told you, wasn't it? Mr. Winks—Well, he thought it would enable him to touch me for \$10, but it didn't.—Somerville Journal.

It is sad to love and be unloved, but sadder still to be unable to love.—Maeterlinck.

The Oregonian's second "straw vote" still shows Wilson with a terrific lead. It seems strange this is so when it is so very easy to fake the results of a straw vote.

Once again rumors are rife in the county seat to the effect that a modern theatre will soon be erected. Prosperity must be assured; people don't pay for amusements in hard times.

How are you fixed for letter heads and envelopes?—Courier.
