Wall Paper

Our patterns are all new in color, reflecting the art of the designers while the prices are but a fraction of imported lines. A decided preference is shown the neat small patterns of this season's stock. Those made to resemble Champaign, Burlap, Damask and Tapestry are most favored. The popular colors being Grays and Browns, the tendency being to self-tone and two-tone walls, relieved by the brighter colors in borders of varying widths from two to eighteen inches.

Our Sale Prices are from 4c the single Roll up
