RINER SISTERS TO PRESENT  
COMEDY PROGRAMChautauqua Patrons to See Famous Comedi-  
ennes In "Joy Day" Program

If you would laugh and laugh long and heartily get a glimpse of the Riner Sisters in action at the Chautauqua, and if you have a case of "blues," no matter how bad, they will drive them from you like sunshine after an April shower.

The Riner Sisters are funmakers, and they are full of clean fun and humor. They live for the joy of it all, and they make you feel the same way. If you would forget all cares and laugh, laugh, come to Chautauqua and hear the Riner Sisters.

The KITCHEN  
CUPBOARD

YOUR WHIP HAND.

WHEN mayonnaise, gold cake or  
custard has left an abundance  
of egg whites in the pantry try  
a whip for dessert. It is one of the  
daintiest and most tempting of sweets  
and yet has an element of food value  
that is important.

White of an egg, beaten stiff, is the  
foundation of all whips. It is sweet-  
ened and flavored, and the whip is  
ready to serve. It is daintiest served  
in dessert glasses of some sort. Small  
cakes, nut or coconut macaroons or  
lady fingers may be passed with whips.

Orange whip is delicious. To make  
it cut sweet oranges into small dice,  
free from seeds and inner skin. Sweet-  
en the egg white and add orange pulp  
and juice, as much as the eggs will  
take up without getting thin. This  
whip may be garnished with a few  
tiny pieces of candied orange peel.

Chocolate whip is made in this way:  
Melt an ounce of unsweetened chocolate  
with half a cupful of sugar and a  
very little water—enough to make a  
thick sirup. Cook for three or four  
minutes and cool, and then pour slowly  
and carefully over four stiff egg whites,  
mixing it in thoroughly.

Grape Whip.—One-half box of gelatin,  
one pint of grape juice, one-half  
cupful of cold water, one-half cupful  
of sugar or less if the grape juice is  
very sweet. Cover the gelatin with  
the cold water and let it soak for one  
half hour. Add the sugar and stand  
the mixture over hot water and stir  
until dissolved. Pour in the grape  
juice and put aside until partly jellied,  
then beat with an ordinary egg whip  
until the whole mixture is like the  
white of beaten egg. Turn at once  
into a mold to harden. Any pure fruit  
juice may be substituted for the grape  
juice and makes a very delicate des-  
sert.

Catarrh Cannot Be Cured  
with LOCAL APPLICATIONS, as  
they cannot reach the seat of the dis-  
ease. Catarrh is a local disease,  
greatly influenced by constitutional  
conditions, and in order to cure it you  
must take an internal remedy. Hall's  
Catarrh Cure is taken internally and  
acts thru the blood on the mucous  
surfaces of the system. Hall's Catarrh  
Cure was prescribed by one of the  
best physicians in this country for years.  
It is composed of some of the best  
tonics known, combined with some  
of the best blood purifiers. The  
perfect combination of the ingredi-  
ents in Hall's Catarrh Cure is what  
produces such wonderful results in  
catarrhal conditions. Send for testi-  
monials, free.

F. J. CHENEY & CO., Props., To-  
ledo, O. All druggists, 751. Hall's  
Family Pills for constipation.

Espee Beach Trips  
Those contemplating outings at the  
beaches this year might more easily  
make their plans with the assistance  
of several very pretty and interesting  
pamphlets on hand at the local ticket  
office of the Southern Pacific company.  
A few of the booklets that are espe-  
cially attractive are those descriptive  
of the Tillamook county beaches and  
Newport. Other very pretty book-  
lets describe the Apache Trail of Ari-  
zona, Crater Lake, Oregon and the  
Tahoe country. These books may be  
had for their solicitation from H. D.  
Olsen at the station.

Carver Celebrates  
The good residents at Carver united  
their celebration of the Fourth with  
a fine reception to the first train over  
the new Portland and Oregon City  
railroad to reach that place. The pa-  
triotic exercises of the day were at-  
tended by a large gathering and many  
cheers greeted the new train.

He who builds up health lays up  
treasure in the Bank of Nature.

And so well did Micky serve the  
first empire that he became General  
Miguel Obregon, and was placed in  
control of the western coast of the  
land of Mexuaitesuma, where, with  
his wife who came from the land of  
his fathers, he left sons to lay him  
to rest when his last day came.

A few weeks ago a stubborn presi-  
dent of Mexico, almost at the end of  
his rope, sent a great-grandson of  
that same Micky O'Brien (Alvaro  
Obregon) to the rim of his country,  
bearing arrogant demands, ungrat-  
able requests, but with an army of  
some 40,000 troops supposedly to  
back up those demands if it came to  
blows.

## STRIKER ATTACKED

Cleve Morrow Shot by Strikebreaker  
at Portland

Cleve Morrow, striking steamboat  
man, was shot by William Hill, strike-  
breaker employed on the steamer Po-  
mona of the Oregon City Transpor-  
tation company, when a group of strikers  
are said to have attempted to at-  
tack Hill in Portland on Monday  
night.

Morrow was rushed to the hospital  
where medical attention found that  
the bullet with which he was shot had  
fractured two ribs. His chance for  
recovery was held very good.

Hill, who was arrested following  
the shooting, declared he shot in self-  
defense. He said that a group of  
strikers, about 15 in number, had come  
upon him while he was on the way  
back to the boat after a trip up town,  
with the apparent intention of mob-  
bing him. He said that he began run-  
ning for the warehouse of the Oregon  
City Transportation company and at  
the same time drew his revolver to  
protect himself.

Two shots were fired, one of them  
striking Morrow, who immediately  
fell. Hill then made his escape to the  
warehouse of the Oregon City Transpor-  
tation company, where he was ar-  
rested and taken to the police station.  
The strikers, who had been pursuing,  
came up to the door of the warehouse,  
but the presence of the officers pre-  
vented any further outbreak.

## Indiana Man's Experience

Frank Moseley, Moore's Hill, Ind.,  
writes: "I was troubled with almost  
constant pain in sides and back and  
attributed it to weakening of my  
kidneys. I got a package of Foley  
Kidney Pills. Great relief was appar-  
ent after the first doses and in 48  
hours all pain left me. "If you have  
rheumatism, backache, swollen, ach-  
ing joints or stiff, painful muscles,  
why not try Foley Kidney Pills? They  
stop sleep-disturbing bladder ail-  
ments, too."—Jones' Drug Co.

## THOMPSON INDICTED

Jury Holds Murder Suspect Thompson  
on Trivial Charge

Evidently fearing that the law  
would be outwitted in its attempt to  
fasten the recent Jennings-Ristman  
murder upon Bennett Thompson, the  
suspect who has been held at Hills-  
boro for several weeks, the Washing-  
ton county grand jury last week re-  
turned an indictment charging  
Thompson with larceny of a pair of  
scissors from R. Kawakra, a Japan-  
ese.

The grand jury was out for two  
weeks investigating the double mur-  
der on the Gore farm, where Mrs.  
Helen Jennings and Fred Ristman  
were the victims of a fiend. The in-  
vestigations seem to have been more  
or less in vain, however, as the stol-  
en scissors were the last straw to

which the jurymen could hold in deal-  
ing with Thompson. The scissors  
were found in Thompson's possession  
and are said to have been taken at the  
same time as the silk handkerchief  
found near Ristman's body.

Judge Bagley of Washington coun-  
ty late last week made an order con-  
tinuing the present grand jury to the  
July term which began on Monday,  
the order stating that the jury had  
been unable to complete its labor and  
dispose of matters under investiga-  
tion.

The fact that Thompson is held  
even on such a charge as the stealing  
of scissors from the Japanese is con-  
sidered as evidence that the jury has  
something more serious in mind as a  
result of its investigations in connec-  
tion with the murders of the Gore  
farm.

Tatro Goes to McMinnville  
The resignation of Burr E. Tatro,  
head of the commercial department  
in the Oregon City high school re-

cently re-elected to serve next year,  
has been presented to the city school  
board. Mr. Tatro desires to sever  
his connection with the local institu-  
tion in order to accept a position on  
the faculty of the McMinnville high  
school, where he has been offered  
greater remuneration for work simi-  
lar to that over which he had charge  
here.

The U. S. Public Health Service  
found 78 percent of the rural homes  
in a certain county unprovided with  
sanitary conveniences of any kind.

The Courier and the Daily Jour-  
nal \$4.75.

## About the State

Resume of the News of the  
Week from All Parts  
of Oregon

Cherries in the famous fruit dis-  
trict about The Dalles have not suf-  
fered so greatly from the rains of the  
past fortnight as have those in other  
districts, but, according to prominent  
fruit growers there, all fruit must be  
sorted before it can be packed for  
fancy trade. A cessation of the rain  
will be welcome, however.

Marion county hop growers are of  
the opinion that the crop for this  
year will be lighter than usual and  
much below that of last year, which  
was scant enough. The late spring  
has retarded vine growth, and al-  
though hops are showing well now  
the growers are pessimistic as to  
their prospects.

J. M. Alcorn left for Portland  
with a carload of hogs and sheep,  
which he will dispose of in the Port-  
land market. The stock had been  
brought in by Lane county farmers,  
and is one of the co-operative ship-  
ments that are being sent to Portland  
about every two weeks.—Eugene  
Guard.

Workmen are making headway on  
the construction of the beet sheds at

## WHAT CATARRH IS

It has been said that every third  
person has catarrh in some form.

Science has shown that nasal catarrh  
often indicates a general weakness  
of the body; and local treatments in  
the form of snuffs and vapors do little,  
if any good.

To correct catarrh you should treat its  
cause by enriching your blood with the  
oil-food in Scott's Emulsion which is a  
medicinal food and a building-tonic, free  
from alcohol or any harmful drugs. Try it.  
Scott & Bowne, Bloomfield, N. J.

the sugar factory in South Grants  
Pass, and this week excavating for the  
mammoth pulp silo will be commenc-  
ed. The silo to be constructed this  
season will be about 150 feet wide by  
300 feet long, and will be excavated to  
a depth of 18 feet. It will then be  
planked on the floor and the sides,  
with drains put in to carry off the  
water.

A crowd estimated at between 500  
and 600 attended the joint picnic of  
the grange and farmers' union at  
North Plains last Thursday. Govern-  
or Withcombe was present and deliv-  
ered an address and another speak-  
er was C. E. Spence, president of the  
state grange.

The rains of the past three or four  
days have caused serious damage to  
the cherry crop of the Willamette  
valley. The damage in the territory  
tributary to Salem is estimated by  
Manager Allen of the Hunt Bros. can-  
nery at from ten to fifteen per cent  
of the entire crop. The Salem Fruit  
union and the canneries are experi-  
menting with various plans to use the  
damaged fruit and as far as possible  
to minimize the loss to the growers.

Experiments being conducted in  
Marshfield with black sand which is  
found in great quantities all over  
this portion of the coast are said to  
have developed extraordinary find-  
ings. It is claimed that the values  
are far beyond the most optimistic  
expectations and the opening of  
operations here will revolutionize the  
entire labor market and ideas of re-  
sources.

The erection of the new Christian  
Science church, a new bungalow,  
a brick wall on a lodge building and a  
concrete viaduct over Cozine creek  
were among the building operations  
discovered in McMinnville within one  
week by the News-Reporter.

The Sellwood summer school, of  
which Mrs. L. Thomas is principal,  
and Misses Kellogg and Breen teach-  
ers, is being well attended. The man-  
ual training classes under W. F.  
Potts have the best attendance of

any grade school in the city, the  
average daily attendance being 75.  
—Bee.

Glennview drive has been graded  
and is in fine shape. Every automo-  
bile load of visitors should be urged  
to take the trip over the beautiful  
scenic drive. The approach up Gran-  
ite street is now smooth and graded.  
Incidentally the high drive will be a  
favorite place for automobile parties  
to witness the fireworks displays. Re-  
member in approaching the drive to  
go up the canyon road and come back  
over the drive.—Ashland Tidings.

Loganberries are ripe and the new  
plant of the Albany Fruit Juice com-  
pany will be ready to start up the last  
of the week and take care of the crop.  
The machinery is about installed in  
the factory at the foot of Broadbald  
street and operations are expected to  
start Thursday or Friday. Geo. G.  
Brown, manager of the plant, states  
that the earliest berries will be ready  
at Brownsville Wednesday and an ef-  
fort will be made to commence opera-  
tions then.—Albany Democrat.

Catarrh Cannot Be Cured  
with LOCAL APPLICATIONS, as  
they cannot reach the seat of the dis-  
ease. Catarrh is a local disease,  
greatly influenced by constitutional  
conditions, and in order to cure it you  
must take an internal remedy. Hall's  
Catarrh Cure is taken internally and  
acts thru the blood on the mucous  
surfaces of the system. Hall's Catarrh  
Cure was prescribed by one of the  
best physicians in this country for years.  
It is composed of some of the best  
tonics known, combined with some  
of the best blood purifiers. The  
perfect combination of the ingredi-  
ents in Hall's Catarrh Cure is what  
produces such wonderful results in  
catarrhal conditions. Send for testi-  
monials, free.

F. J. CHENEY & CO., Props., To-  
ledo, O. All druggists, 751. Hall's  
Family Pills for constipation.

Espee Beach Trips  
Those contemplating outings at the  
beaches this year might more easily  
make their plans with the assistance  
of several very pretty and interesting  
pamphlets on hand at the local ticket  
office of the Southern Pacific company.  
A few of the booklets that are espe-  
cially attractive are those descriptive  
of the Tillamook county beaches and  
Newport. Other very pretty book-  
lets describe the Apache Trail of Ari-  
zona, Crater Lake, Oregon and the  
Tahoe country. These books may be  
had for their solicitation from H. D.  
Olsen at the station.

R. L. Holman and T. P. Randall,  
Leading Undertakers, Fifth and Main  
Sts.; Telephones: Pacific 415-J; Home  
B-18.

Carver Celebrates  
The good residents at Carver united  
their celebration of the Fourth with  
a fine reception to the first train over  
the new Portland and Oregon City  
railroad to reach that place. The pa-  
triotic exercises of the day were at-  
tended by a large gathering and many  
cheers greeted the new train.

He who builds up health lays up  
treasure in the Bank of Nature.

## Special This Week

Sugar and Fruit Jars at less than  
present Wholesale Cost

Do not overlook our supply of

Fruits, Groceries, Crockery, Graniteware,

and greatest varieties of other goods, including

Cream Separators and other Dairy and  
Poultry Supplies

All guaranteed as represented or money back.  
Our prices will average lower, quality considered,  
than other houses in this county.

We pay the Highest Cash Price for Produce

LARSEN &amp; CO.
