WOMAN HAD NERVOUS TROUBLE

Lydia E. Pinkham's Vegetable Compound Helped Her.

West Danby, N. Y.—"I have had nervous trouble all my life until I took Lydia E. Pinkham's Vegetable Compound for nerves and for female troubles and it straightened me out in good shape. I work nearly all the time, and I live on a farm and I have four girls. I do all my sewing and other work with their help, so it shows that I stand it real well. I took the Compound when my ten year old daughter came and it helped me a lot. I have also had my oldest girl take it and it did her lots of good. I keep it in the house all the time and recommend it."—Mrs. DEWITT SINCEBAUGH, West Danby, N. Y.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism. Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

SENATOR GIVEN TITLE

Appropriation Supported by Lane is Adopted by Senate

"The expert from Oregon" was the title conferred upon Senator Lane by Senate Gallinger of New Hampshire in a debate over an appropriation of \$5000 for completing investigations as to the best methods of removing stumps from logged-off lands.

Senator Lane had been describing the results achieved from the use of different kinds of powder. Much depended on the kind of powder, he explained. He argued the appropriation should be made, so the best methods be available.

Gallinger observed that it appeared from Lane's remarks that demonstration has already been made. He assured the Oregon senator that he used the term of "expert" in a complimentary way. Lane bowed profoundly.

"There would be just as much sense in appropriating money to teach the farmers of New Hampshire the best methods of removing the rocks from their land," declared Gallinger.

He said the report made show that every known method has been tried out under previous appropriations for the same purpose. Lane countered by reading from a report stating the money is needed to complete the work under way.

The problem is an important one and difficult, said Lane, as the roots of the fir are filled with tar, pitch and creosote, forming a natural preservative. From these roots it is possible that valuable by-products can be obtained.

The senate, on a standing vote, declined to strike out the appropriation which it is understood will be largely used for collecting and publishing in bulletin form the data heretofore gathered.

Indiana Man's Experience

Frank Moseley, Moore's Hill, Ind., writes: "I was troubled with almost constant pain in sides and back and attributed it to weakening of my kidneys. I got a package of Foley Kidney Pills. Great relief was apparent after the first doses and in 48 hours all pain left me. 'If you have rheumatism, backache, swollen, aching joints or stiff, painful muscles, why not try Foley Kidney Pills? They stop sleep-disturbing bladder ailments, too.'—Jones' Drug Co.

MURDEROUS ATTACK

Hazelita Woman and Her Child Are Beaten By Neighbor

Mrs. S. S. Boutz and her three-year-old son, Shirley, were fearfully attacked and given a severe beating by Fritz Hultberg, a Swede, Saturday afternoon July 1.

On their way home from Oregon City, when they stopped on an errand at the Hultberg place, Mr. Hultberg beat and kicked both Mrs. Boutz and her son. He dragged Mrs. Boutz and threatened to kill both her and her child according to the former.

Mrs. Boutz was taken to Oswego, where Dr. Bosstor dressed her wounds. She then swore out a complaint for Hultberg's arrest. He was arrested and put up \$100 cash bail in Justice Haine's court.

A jury in the justice court at Oswego failed to find Hultberg guilty of assault and battery, as charged against him by Mrs. Boutz. The jury was out two hours and stood three for conviction and three for acquittal. Mrs. Boutz, who rents a place from Hultberg, testified that Hultberg struck her in the mouth, struck her with a club and kicked her and knocked her down. Hultberg denied the accusations, saying that the plaintiff had either tripped or fallen. His testimony was corroborated by his son, Abner, 10 years old, the only witness to the incident. It is understood that the plaintiff intends appealing to the circuit court.

WHY SPRINKLE?

Writer Asks Editor to Solve Riddle Caused by Stubbornness

To the editor:—

Why should the streets of Oregon City be sprinkled at all if the work cannot be done when someone will get a little bit of good from it? It looks to me as though the members of the council who are responsible for the foolish plan of sprinkling Main street after dark and when there is no need of the cooling effects and the dust settling of the water, are neglecting their duty to the city and to the merchants who pay heavy taxes for such things as the street cleaning department.

The merchants don't get any benefit or pleasure from the streets sprinkled after night and the Courier is to be congratulated upon starting the ball rolling to show those responsible where to head in. The merchants, for the sake of their customers, should demand that the street cleaning department do this work during the warm hours of the day when there is some need to settle dust and when all will get benefited by the water that is wasted at night.

It looks to me like if the city council paid as much attention to the needs of the city and to the regulation of such things as the waste of water and the foolishness of sprinkling at night as it does to religious scraps and slams at perfectly good people and things the citizens would be far better pleased. We should force the council to do its duty.

MAY SEE PRESIDENT

Wilson's Friends Advise Tour on Pacific Coast Soon

That President Wilson is planning to disregard presidential precedent and make a brief stumping tour in the interest of his candidacy for reelection became known early in the week. Democratic campaign managers refused to discuss the matter, but it was understood the president's friends have succeeded in view of the widespread tour planned by the republican nominee, that Wilson accept some of his numerous invitations to speak, and in discussing the nation's present-day problems give the voters a chance to see him in action.

President Wilson has wanted, since he was president, to make a trip to the Pacific coast. He had accepted an invitation to be present at the opening of the Panama-Pacific exposition at San Francisco two years ago, but the European war situation forced him to cancel arrangements.

If the Mexican situation clears up and German-American relations remain undisturbed as at present, politicians here predict that the executive would make his long deferred trip westward.

UNSHAKEN TESTIMONY

Time is the test of truth. And Doan's Kidney Pills have stood the test in Oregon City. No Oregon City resident who suffers backache or annoying urinary ills can remain unconvinced by this twice-told testimony.

Mrs. Thomas Blanchard, Sr., 1102 John Adams St., Oregon City, says: "I have used Doan's Kidney Pills for kidney and bladder trouble that had annoyed me for years and have received good relief. I have taken in all less than two boxes of Doan's Kidney Pills but they showed their merit so that I feel that I can endorse them and advise their use to others."

The above statement was given on April 4, 1913 and on April 17, 1916 Mrs. Blanchard said: "Whenever I have had occasion to take a kidney medicine, I have used Doan's for I know they are most reliable." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Blanchard has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

Who Am I?
The following is from a sign in Rock Island Arsenal:
I am more powerful than the combined armies of the world.
I am more deadly than bullets, and I have wrecked more homes than the mightiest of siege guns.
I steal in the United States alone over \$300,000,000 each year.
I spare no time, and find my victims among the rich and poor alike; the young and the old; the strong and the weak; widows and orphans know me.
I massacre thousands upon thousands of wage earners in a year.
I lurk in unseen places, and do most of my work silently. You are warned against me but you heed not.
I am relentless. I am everywhere; in the home, on the street, in the factory, at railroad crossings and on the sea.
I bring sickness, degradation and death, and yet few seek to avoid me.
I destroy, crush and maim; I give nothing, but take all.
I am your worst enemy.
I am CARELESSNESS.
