Val. to \$1.75 priced for this sale **89c**

#### MARKET AGENCIES

##### Contract Plan and Cooperative Handling to Benefit Growers

The new fruit marketing agency developed by the United States Department of agriculture will give the northwest fruit growers such a service for their marketing products as they have never had before, said Professor C. I. Lewis of the O. A. C., upon his return from a conference with Captain Paul Weyrauch, president of the Fruit Growing agency, C. T. More, of the office of markets and rural organization of the U. S. Department of agriculture, and G. A. Nahtal, of the federal bureau with headquarters at North Yakima.

Professor Lewis, representing the O. A. C. extension service, was called into conference with these marketing specialists to consider the best means of putting into effect the uniform contract marketing plan and to devise the best methods of physical handling so that the fruit products will meet the standardization requirements. The conference agreed to recommend activities by members of the fruit marketing agency along four distinct lines as follows:

Securing and distributing accurate reports of crop conditions; securing a uniform system of harvesting; improve the storage and packing service; and secure standardization of account sales system.

"Heretofore," says Professor Lewis, "no exact or complete information has been obtainable of the amount and conditions of horticultural crops. Growers and distributors of the northwest have been compelled to rely upon guesses for this information and consequently have made many mistakes. Other and larger agencies in other parts of the country have been able to get a good deal more complete and exact information than the local men and they have capitalized the mistakes of the northwest growers and handlers. It is hoped that we can now develop a system of collecting and reporting the exact conditions, thus giving us a tremendous advantage that we have not before enjoyed."

"The uniform harvesting system should supply large quantities of fruit of like kind and like degree of maturity. Too often in the past the fruit has dribbled in in small quantities, too small to attract the attention of large dealers, and it has been of varying degrees of maturity, some over-ripe. These conditions must be improved if the best markets are to be made accessible."

"This is a critical time for the horticultural industries of the northwest and a great deal of the future success of the industry depends upon the present improvement of packing and storage service. The Fruit Growers' agency will make a systematic study of the relative merits of the packs of the small individual growers and of the community packs. By community pack we mean the pack put up by a number of growers, three or more acting together. Packs put up in this way will of necessity be more nearly uniform than those put up by individuals acting independently. The system will permit a specialization in the division of labor or the employment of more expert assistants in the work of packing and will increase the rapidity of handling. Another big advantage of the co-operative plan is the economy. Now look here. Suppose five men invest two-thousand dollars each in a packing house and packing equipment for handling their own individual fruit. Suppose five other men go together and erect one packing house and buy one set of equipment. The cost of the five growers under the former plan is \$10,000. To the five growers under the second plan, it is \$2,000. Of course the larger growers may own their own individual warehouse and packing equipment but it is a charge on the industries that is the business of the small grower will not stand."

"The adoption of a uniform sales account system will enable the investigator to see at a glance the condition of the business. Heretofore, the radically different systems of recording the account sales made it difficult, if not impossible, to arrive at an understanding of the condition. This information is necessary to the success of uniform marketing plans and it is hoped that the uniform account sales plan will be accepted by a large majority of growers and distributors."

"A careful study will be made of the fruit from the time it leaves the tree until it reaches the consumer, and every effort will be made to fit it properly to go into the best and most profitable market."

**Cut This Out—It Is Worth Money**

DON'T MISS THIS. Cut out this slip, inclose with 5c and mail it to Foley & Co., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for bronchial coughs, colds and croup; Foley Kidney Pills, for lame back, weak kidneys, rheumatism bladder troubles and thoroughly cleansing cathartic, for constipation, biliousness, headache and sluggish bowels.—Jones Drug Co.

**WOULD PREVENT FIRES**

County Court Considers Forest Fire Prevention Methods

Upon the recommendation of J. W. Ferguson of Estacada, district fire warden, the county court on Friday decided to issue orders to all county road supervisors calling for the cleaning up of rubbish along the roads and the cutting out of dry underbrush and weeds.

It is thought that this will be a big step toward forest fire prevention as the roadsides are usually in a very inflammable condition. Letters have already been forwarded to the wardens in the timbered sections of the county ordering the clean-up work started at once.

Intelligent motherhood conserves the nation's best crop.

## Prince Albert gives smokers such delight, because

- its flavor is so different and so delightfully good;
- it can't bite your tongue;
- it can't parch your throat;
- you can smoke it as long and as hard as you like without any comeback but real tobacco happens!

On the reverse side of every Prince Albert package you will read:  
"PROCESS PATENTED JULY 30th, 1907"  
That means to you a lot of tobacco enjoyment. Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

## PRINCE ALBERT

the national joy smoke

in goodness and in pipe satisfaction is all we or its enthusiastic friends ever claimed for it!

It answers every smoke desire you or any other man ever had! It is so cool and fragrant and appealing to your smokeappetite that you will get chummy with it in a mighty short time!

Will you invest 5c or 10c to prove out our say-so on the national joy smoke?

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

This is the reverse side of the Prince Albert tidy rest tin. Read this "Patented Process" message—try it and realize what it means in making Prince Albert so much to your liking.

### Doughnuts

That will remain moist.

Every housewife who bakes her own bread knows that if a little potato is added to the sponge, the bread will not dry out so quickly. In this recipe potato is utilized to make doughnuts that will remain moist and fresh for several days.

K C will be found to have distinct advantages over any other Baking Powder for doughnuts. K C is a double acting baking powder with which a large batch of doughnuts may be mixed and fried a few at a time. The last will be as light and nice as the first.

### K C Potato Doughnuts

By Mrs. Nevada Briggs, of Baking School fame.

3/4 cups flour; 2 eggs; 1 cup sugar; 1 level teaspoonful K C Baking Powder; 1/2 teaspoonful salt; 1/2 teaspoonful mace; 1 cup cold mashed potato; 1/2 cup milk, or more if needed.

Sift three times, the flour, salt, spice and baking powder. Beat eggs with rotary beater, then still using rotary beater, gradually add sugar, then work in the mashed potato with a spoon and alternately add milk and flour mixture. Make a soft dough, roll into a sheet, cut into rounds, pinch a hole in the center with the finger and fry in deep fat.

Fat for frying should not be hot enough to brown the doughnut until it has risen. When the doughnut is dropped into the fat it sinks to the bottom. As soon as it comes up it should be turned and turned a number of times while cooking. This recipe is excellent as they do not take the fat in frying and will stay moist for days.

### STUDENTS FROM HERE

Clackamas County Young Folk Attend University of Oregon

Lilli Schmidl of Oregon City, is one of the students registered for the summer session of the University of Oregon. She is specializing in education, also taking work in German and journalism. Her Eugene address is 1433 University avenue. Other students from Clackamas county are Lloyd O. Harding and Margaret J. McCulloch of Oregon City, and F. M. Roth and Emily Spulak of Canby.

### Seeks Separation

George Sigler seeks a divorce from Rosa Sigler in a complaint filed in Judge Campbell's court early this week. The couple was married at The Dalles on July 5, 1886 and have an adopted son. The husband asks a divorce and the custody of the child on the ground of desertion.

The Courier is \$1 a year if paid in advance.

### A WORD FOR MOTHERS

It is a grave mistake for mothers to neglect their aches and pains and suffer in silence—this only leads to chronic sickness and often shortens life. If your work is tiring; if your nerves are excited; if you feel languid, weary or depressed, you should know that Scott's Emulsion overcomes just such conditions. It possesses in concentrated form the very elements to invigorate the blood, strengthen the tissues, nourish the nerves and build strength. Scott's is strengthening thousands of mothers—and will help you. No alcohol. Scott & Bowne, Bloomfield, N. J.

### Didn't Expect To Live

In a letter to the Pinus laboratories, Mrs. G. O. Walker, of Walker, Lane County, Oregon, writes:

"I have been taking Fruitola and it has been a great relief. I suffered so with gall-stones my family and friends didn't expect me to live."

Fruitola is a powerful intestinal lubricant and softens the hardened particles that cause so much suffering, expelling the congested waste in an easy, natural manner, to the sufferer's great relief. A single dose is usually sufficient to clearly indicate its efficacy. To build up and restore the weakened, run-down system, Traxo is highly recommended as a tonic-alternative that acts on the liver and kidneys, stimulates the flow of gastric juices to aid digestion and removes bile from the general circulation.

Fruitola and Traxo are prepared in the Pinus laboratories at Monticello, Ill., and arrangements have been made to supply them through representative druggists. In Oregon City, Portland, Canby and Hubbard they can be obtained at Huntley Bros. Co. Drug Stores.

### THE BOYSEN CASE

Woman Outlines Strong Punishment for Blind Pigger

To the Editor:—Thanking the Courier in advance for the privilege of public expression, I would like to write in regard to the Fritz Boysen case. It may be presumptuous, but how is our executive board to know how their work suits us if we don't say anything, but just let them have their own way? Sometimes they give a flimsy excuse and suppose it is swallowed like a sugar-coated pill. I heartily approve of District Attorney G. L. Hedges' expressed plan of handling "blind pigger." Why did Judge Campbell suspend Fritz Boysen's sentence? He claimed "To save the tax payers' expense." That was too thin. He was either in sympathy with the criminal or had some private reason he knew would not be popular with the public. That old gag of saving the tax payer's expense is worn out and ought to be laid on the shelf. Any one who can think at all knows that the expense of gathering evidence, arrests and court proceedings is what costs the tax payer. The plea of the expense of keeping a prisoner

a matter of six months is a mistake and will prove a stimulus to Boysen's trade. He will shie out and leave a substitute to carry on his business and make a good profit. Also I don't approve of shunting our menace onto a neighboring county. If I had a bad child in my family it would be dishonorable to drive it into my neighbor's family to pester them. If I had known the judge was so sollicitious in regard to the overburdened tax payer I for one would have volunteered to feed the prisoner. I would enjoy feeding him on bread and water for some time. Now don't think I am of a vindictive nature. I was only thinking of the families of the drinking class in connection with Fritz Boysen's business. I would not advise such severe measures in all cases, but when a criminal is so persistent it is time to administer the strongest does and cure the man or kill the business.

MRS. A. M. W.

**Sacrifice Sale**  
Beautiful Home in Gladstone. Why build when you can buy a modern home of 7 rooms, 3 lots 75x200, barn, chicken house and fruit trees for \$3,000. Telephone 188-M, or see H. C. Krause at Barber Shop, Gladstone.

#### LIVESTOCK MARKET

Some Lines Show Much Better than Last Week, Says Report

According to the summary of the livestock market made on Tuesday from the North Portland yards, receipts were fairly liberal with an excellent price outlet. Best steers sold as high as \$8.50 and cows at \$7.00. Even very common steers brought close to the \$8.00 mark and taking the market as a whole excellent strength and advances were prevalent in all classes.

An advancing hog market on little heavier receipts was a feature of the day. Top hogs sold at \$8.90, an advance of 30 cents over last week. Bulk of sales \$8.70 to \$8.80. Market closed strong.

Sheep prices were well in line with last week. Top lambs were \$8.25 and all others closed in line with former prices. Market closed steady.

25 steers, 1302, \$8.30; 1 bull, 1480, \$5.00; 18 steers, 1320, \$8.25; 1 heifer, 1050, \$7.00; 22 steers, 1206, \$8.00; 8 stags, 1410, \$6.75; 1 cow, 1150, \$6.50; 997 hogs, 311, \$8.80; 4 cows, 1215, \$6.25; 215 hogs, 210, \$8.75; 23 cows, 1066, \$6.00; 49 lambs, 73, \$8.25; 190 ewes, 97, \$5.00; 31 yearlings, 95, \$6.00.

#### MINISTER SUED

Newberg Pastor Accused of Real Estate Fraud in Complaint

Alleging that Nicholas Welter, pastor of the Free Methodist church at Newberg, Ore., was guilty of deliberate fraud in a real estate transaction, Wyatt S. George and Gertrude E. George have filed a complaint in Circuit Judge Campbell's court to recover damages to the extent of \$1,000 in addition to costs and disbursements in the action.

Some time ago the pastor exchanged two city lots in Medford for a plot of farm property in Polk county, assuming an encumbrance. He represented the Medford lots as being of a value of \$1,200, saying also that they were bounded by improved streets and cement sidewalks. The plaintiffs allege that a reasonable value for the lots would be \$200 and that there are no improved streets and only a small section of walk.

The plaintiffs do not ask for the return of their property, but ask that they be given judgement in the sum of \$1,000 in addition to court costs.

#### I. O. O. F. Installs

Leonard Newkirk, noble grand and Wm. Sellwood, vice noble grand, recently elected officers of the Odd Fellows, were installed Monday evening. C. T. Stockton, deputy grand master, was in charge of the ceremonial.

Deputy Grand President Ethel Meldrum of the Rebekahs, assisted by past grands of the City View lodge of Sellwood, had charge of the installation of officers of the auxiliary sisterhood. Those installed were, Mrs. Sparks, noble grand, and Mrs. Brown, vice grand. Immediately after the installation a banquet was held in the hall below the lodge room. Short talks were made by visiting members.

Fourteen Mexicans are reported to have been killed in a battle with three Americans not far from Anapra, N. M. according to a report received at El Paso on Saturday.
