MOUNTAIN VIEW

The Ladies' Aid held an all day session at the church last Friday and had an old fashioned wool picking. A dinner was served at noon. In the afternoon a number came in for a half day, and among the number were "Grandma" Badger, "Mother" Henri and "Mother" Allison; all were over eighty years of age. The genial old ladies gave a very interesting description of their early days and the wool picking parties of long ago. The election of officers for the year was held and the following re-elected: Mrs. Van Auker, president; Mrs. Beverlin, vice-president; Mrs. Lewelin, treasurer; Mrs. Brown, secretary.

Clifford Crawford and wife moved last Thursday to the Latourette farm at Maple Lane.

We have had two weddings in our part of the city lately and the Courier correspondent did not get any wedding cake. Ed May and Mrs. Martin have settled down like old folks and last Wednesday Mr. Dowling and Mrs. Hall, both of Pearl street, slipped away to Vancouver, Wash. and were married. We are listening to hear of a young couple going the same way.

Mrs. Nichols has been quite sick the past two weeks. Mrs. Jennie Stillwell is also on the sick list.

"Grandma" Bullard is in a very feeble condition.

Mr. and Mrs. Duncan, old friends and neighbors of Mr. and Mrs. E. D. Van Auker in Dakota, have been spending several days with them and will leave shortly for California to visit.

George Mackinaw is building a house in the vicinity of the tabernacle.

Mrs. R. M. C. Brown visited in Portland last Wednesday.

Mr. and Mrs. J. Beally, who have spent several months in England, are expected today at the home of Mrs. Beally's mother, Mrs. C. A. Hickman.

"Have you registered," is the greeting passed the last few days. We hope none have neglected their duty. We want to bury Boozoo so deep it can never be resurrected. The raid on the Friars' club is surely enough to make people rise up in their might and fight for the amendment crushing out the accursed evil.

Sheriff Wilson and District Attorney Hedges are surely to be praised for what they are doing. Yet we predict the case of Wilbur will end just as the Boyen case. Both men are worthy of the penitentiary, but neither of them will get there. Money put into the hands of some unscrupulous lawyer will get them their freedom.

USED IT ELEVEN YEARS

There is one remedy that for many years has given relief from coughs, colds, croup and whooping cough. It is probably the best known family cough medicine in the world and because it contains no opiates is strongly recommended for children as well as adults. Mrs. Chas. Rietz, Allen Mills, Pa., writes: "I have used Foley's Honey and Tar for eleven years and I would not be without it." It promptly relieves hoarseness, tickling throat, bronchial coughs and congested membranes and permits refreshing sleep.—Jones Drug Co.

MULINO

Life and death have both visited Mulino within the last week. Monday, September 25, the stork visited the home of Mr. and Mrs. Anthony and left a fine 10 pound girl. This is their first and the event caused Mr. Anthony to lay off from his work for a few days, but he has now recovered.

Carden Smith passed away Friday the 29th, having been ill with dropsy for many months. He possessed a nice farm on the hill north of Mulino and leaves a family of four boys and five girls. His wife passed on before him about three years ago. The funeral was held from his residence at 11 a. m. Sunday, October 1, and interment was in Canby cemetery.

MATERIAL. The wire used in our Fencing is drawn from high carbon basic open hearth steel, the strongest and best steel for fence wire. The top and bottom wires are spring coiled, which keeps the fence stretched tighter under all conditions of weather and strain.

GALVANIZING. The wire is heavily galvanized with pure spelter by a patent process in which aluminum alloy is used to make it smoother and more durable.

CONSTRUCTION. The top and bottom wires are heavy gauge high carbon coiled spring steel. The line and stay wires are open hearth steel, with stay wires 6 inches apart, which makes a strong durable fence for all purposes. The stay wires are one continuous piece from top to bottom, with no cut ends or pieces to start rust and no sharp bends to break the galvanizing. Just a simple twist that holds the stay and line wires always in place.

OREGON CITY PEOPLE

GET INSTANT ACTION

Those who have used it in Oregon City are astonished at the INSTANT action of simple buckthorn bark, glycerine, etc., as mixed in Arler-ika. Because it acts on BOTH lower and upper bowel, ONE SPOONFUL Arler-ika relieves almost ANY CASE of constipation, sour stomach or gas. It removes such surprising foul matter that a few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble.—The Jones Drug Co.

STAFFORD

No More Backache for Her

Mrs. J. M. Gaskell, Etna Green, Ind., writes: "I suffered from severe backache, and sharp pains shooting through my back until I could not stoop over and get up without aid. Urinary trouble seemed to be the cause of it all. A single box of Foley Kidney Pills gave me such relief that I cannot praise them too highly."

This standard remedy for kidney and bladder ailments can be taken with safety for backache, swollen ankles and rheumatic pains.—Jones Drug Co.

NOT ENOUGH CHILDREN

ever receive the proper balance of food to sufficiently nourish both body and brain during the growing period when nature's demands are greater than in mature life. This is shown in so many pale faces, lean bodies, frequent colds, and lack of ambition.

For all such children we say with unmistakable earnestness: They need Scott's Emulsion, and need it now. It possesses in concentrated form the very food elements to enrich their blood. It changes weakness to strength; it makes them sturdy and strong. No alcohol.
