### To Build Up—After Grippe, Colds—Bad Blood

Take a blood cleanser and alterative that starts the liver and stomach into vigorous action, called Dr. Pierce's Golden Medical Discovery because of one of its principal ingredients—the Golden Seal plant. It assists the body to manufacture rich red blood which feeds the heart—nerves—brain and organs of the body. The organs work smoothly like machinery running in oil. You feel clean, strong and strenuous instead of tired, weak and faint. Start to take it to-day and before another day has passed, the impurities of the blood will begin to leave your body through the eliminative organs, and in a few days you will know that the bad blood is passing out, and new, rich, pure blood is filling your veins and arteries.

Get Dr. Pierce's Golden Medical Discovery to-day from any medicine dealer, in tablet or liquid form, or send Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., ten cents for trial package of tablets.
