LOGAN

We have lost count of the new automobiles, they come so fast and in such numbers. We would get through quicker to give the list of those that have none but, of course, that would not do.

In the death of Mrs. Busch the community has lost a useful and highly respected citizen and our sympathy goes out to the bereaved family. We sigh with relief that the suffering is ending, cherish the faith that a peaceful immortality is commenced.

Miss Lillian Anderson and Mr. Leonard L. Hendricks having joined their hands, hearts and fortunes, we extend congratulations with the earnest wish that their highest hopes and aspirations may be as nearly realized as is possible in human affairs.

When farmers get 19 cents per pound for pork as at present, the meat must taste of coin to those who eat it.

O. D. Robbins has a new cream separator, made in Belgium, with a hanging, self-balancing bowl, which he thinks is just it. The machine runs so easy that it necessarily has a brake to stop it for a rest before the next operation. He also has two acres of alfalfa which made over a ton per acre of fine hay, which is encouraging as a first crop, and with probable improvement as the roots penetrate and develop will make up for several previous total and partial failures. Lime accounts mostly for the success.

C. A. Kirchem has been plowing and farming with a tractor this year and has plowed seven acres a day and has harvested in proportion. He regards the machine as much of a success.

The Clear Creek baseball team beat W. R. Heelis' team from Portland on the 24th, 20 to 5.

A play, with Celia Hughes as "Betsy Ross," Willie Carlson and Laurence Caswell as "Washington" and his aide waiting on Betsy Ross to make the American flag, was a decided hit. After the program J. Cary, of Oregon City, gave an outline of the work of the Red Cross, and was followed by Dr. H. S. Mount, who spoke of the duties of every American toward and purposes for which he Red Cross is kept up and how, which was attentively listened to by all. Following the speaking, Clarence Ray as auctioneer proceeded to sell baskets, one basket going for nine dollars. There not being enough baskets, provision had been made for extra lunches on the cafeteria style, which supplied eats for everyone. The total receipts for the evening were \$135.30, all of which was paid in except about \$8.00. Great credit is due Mrs. A. J. Hughes for her untiring effort to make it a success, aided by others.

The Business of Getting On in the World

WHATEVER the future holds for you, your everyday actions are increasing the amount of it.

If your attitude toward money today is one of reckless disregard for the future, undoubtedly you are storing up trouble.

If it's the same tomorrow, more trouble.

But, if your thoughts are turned toward the sensible things that mean, finally, more money in your savings account, the danger of trouble, sometime in the future, diminishes.

Have you a savings account? Is it always uppermost in your mind? Does it receive a fair share of your income? Are you doing everything a sensible person should to avoid the troubles that overwhelm so many people, almost within speaking distance of you every day?

Have you a regular "bank day"?
