WHAT CATARRH IS

It has been said that every third person has catarrh in some form.

Science has shown that nasal catarrh often indicates a general weakness of the body, and local treatments in the form of snuffs and vapors do little, if any good.

To correct catarrh you should treat its cause by enriching your blood with the oil-food in Scott's Emulsion which is a medicinal food and a building- tonic, free from alcohol or any harmful drugs. Try it.

**BUSCH STARTS FACTORY
 FOR FURNITURE MAKING**

For the benefit of Clackamas county people, whose patronage has placed him as one of the leading business men of the county, Frank Busch has purchased a large mill in the county and has already put it into operation as a modern furniture factory. It is planned to manufacture a complete line of up-to-date household furnishings, and from Mr. Busch's previous experience in the manufacturing line his plans undoubtedly will bear fruit.

Within the past week the first fruits of the new factory have been produced. To start with only such articles as dressers, chiffoniers, breakfast and library tables and kitchen cabinets are to occupy the attention of the force Mr. Busch has at the new factory, but later on the line will be added to until the plant produces practically all the elements of a complete line of furniture.

By eliminating the heavy overhead expenses of such things as an upholstering department Mr. Busch will be able, he believes, to bring the cost of his furniture down considerably below that asked even by wholesale houses. For instance, a pretty and convenient breakfast table will be sold through the retail store in this city for less than the company can buy it from the wholesale house, and still there will be a reasonable profit for the factory.

Mr. Busch has had many years' experience as a furniture maker, having been owner of the Oregon City Manufacturing Co., which burned down some years ago. He took up the retail furniture business following the fire. The new company, to be known as the Busch Furniture Manufacturing Co., will be independent although controlled by Mr. Busch, and its products will be sold through the large local store. No jobbing business will be carried on, says Edward Busch, who is much interested in the new feature of the business, because it is expected to keep the large factory busy supplying the demand of the Busch retail store.

Funeral services for Earl Owens were held from the Owens' family home at Yoder Saturday afternoon. The body of Theodore Creel, drowned with Owens was sent to La Centre, Wash., the young man's home, by R. L. Holman, who had charge of the remains.

Owens, who was 17 years old, is survived by his parents, who live at Molalla; a sister, Mrs. Flood, of Portland, and two brothers, C. Owens, of Molalla, and F. Owens, of Needy, in this county. Theodore Creel, aged 20, leaves parents at La Centre, Wash., and a sister, Mrs. J. Sanford, of Portland.

SERGEANT CALIFF PRAISED

Captain Hogan Extols Oregon City Soldier Killed Recently

In a letter to his mother in Portland, Captain C. F. Hogan of troop A, Oregon cavalry, of which Sergeant Carlton L. Califf of this city was a member, takes occasion to laud the young Oregon City soldier, who lost his life beneath a troop train at Redding, Cal., two weeks ago. Of Sergeant Califf his captain says: "Sergeant Califf was in every sense a 100 per cent efficient man; knew horses like a book; could shoe one as easily as a good writer pens a letter and never drank or indulged in any bad habits." Captain Hogan declares that Sergeant Califf was one of the most trusted men in the troop and squadron, now in training at Camp Greene, Charlotte, North Carolina.

**BROKEN DOWN
 IN HEALTH**

Woman Tells How \$5 Worth of Pinkham's Compound Made Her Well.

Lima, Ohio.—"I was all broken down in health from a displacement. One of my lady friends came to see me and she advised me to commence taking Lydia E. Pinkham's Vegetable Compound and to use Lydia E. Pinkham's Sanative Wash. I began taking your remedies and took \$5.00 worth and in two months was a well woman after three doctors said I never would stand up straight again. I was a midwife for seven years and I recommended the Vegetable Compound to every woman to take before birth and afterwards, and they all got along so nicely that it surely is a godsend to suffering women. If women wish to write to me I will be delighted to answer them."
 —Mrs. JENNIE MOYER, 342 E. North St., Lima, Ohio.

Women who suffer from displacements, weakness, irregularities, nervousness, backache, or bearing-down pains, need the tonic properties of the roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

English. Miss Robey is a graduate of the Oregon Agricultural college and taught in McMinnville last year.

A Valuable Health Hint

If the bowels are not working regularly, undigested food in the stomach may set up a condition of auto-intoxication and pollute the whole system with poisons in the blood stream. Foley Cathartic Tablets keep the bowels open and regular, the liver active and the stomach sweet. They cause no pain, nausea nor griping. They relieve indigestion, sick headache, biliousness, sour stomach, bad breath or other conditions caused by clogged bowels.—Jones Drug Co.

Safe Remedy for Children

Every parent is, or should be, careful in giving medicine to children. Chas. Baker, Brownsville, Tex., writes: "For some years past I have used Foley's Honey and Tar and have found it especially efficient for bad coughs of my children. I always recommend it to my friends as a safe remedy for children, as it contains no opiates. My wife would not think of using any other kind of cough medicine as it is certain to bring quick and lasting relief." It checks croup.—Jones Drug Co.

**JULIUS WILBUR AGAIN
 IN TOILS OF RAIDERS**

Clackamas county's old friend, Julius Wilbur, violator and defier of law and order in this county for several years, just cannot keep out of trouble and cannot subdue his mania for law breaking. His latest escapade with the authorities is recited by the Portland police department and the Multnomah county sheriff's office, which conducted a joint raid on Wilbur's new hostelry, the Clairmont tavern, on the Linnton road, early Sunday morning.

At the tavern 59 quarts of whisky and one pint of wine were found and confiscated and 17 of the tavern guests were hauled to jail. Tommy Nishioke, the Japanese roustabout who was one of Wilbur's close-mouthed aides at the infamous Friars' club, was taken in the raid on Clairmont tavern. Wilbur himself was released under \$250 cash bail and his guests posted \$25 each for their appearance as witnesses.

After Wilbur and his guests had been arrested and brought to the county jail, where they were bailed out, the officers returned to the tavern to search for liquor. Every inch of the tavern was examined and even the board walks about the place were torn up.

Dawn was beginning to break when the officers began their search of the barn. After every part of the barn had been searched the hayloft was tackled. The officers were gallily rewarded by finding 59 quart bottles of whisky hidden away under several tons of hay. The booze was taken to the county jail.

This is but one of several raids against places conducted by Julius Wilbur. He has been convicted of bootlegging in Portland courts, and there is now at the Multnomah county jail something like 300 gallons of liquor taken from his resorts. He is now under sentence to serve six months in jail in Clackamas county, his case having been passed upon last week by the supreme court. It is understood he will endeavor to appeal to the United States Supreme court in an effort to defeat the term in jail.

**BODIES OF MISSING MEN
 FOUND IN WILLAMETTE**

The mystery of the disappearance last Wednesday night of Theodore Creel and Earl Owens, deckhands on the steamer Lang, was solved Friday morning when their bodies were picked up in the Willamette river, one near the Clackamas rapids and the other this side of Oswego. Fishermen found the body of Owens and tied it to the rocks near the rapids until Acting Coroner Sievers arrived. The coroner, Sheriff Wilson and a party in a launch followed the floating body of Creel to the vicinity of Oswego. The bodies were made fast and R. L. Holman was called.

Creel and Owens were drowned when a skiff from the steamer Lang turned over in the tail race of the locks Wednesday night, September 12. Nothing was seen of the bodies until Friday, when they appeared on the surface in a frightful condition. The relatives of both young men were here searching for the bodies, and were contemplating the use of powder in the river Friday.
