Was Condition of Indiana Lady Before Beginning to Take Card-u-i, the Woman's Tonic.

Kokomo, Ind.-Mrs. H. Hankemeier, of this town, says: "I look so well, and am so well, that it does not seem as if I ever needed Cardui. But I was not always this way . . . I think I have taken a dozen bottles . . . before my little girl

I was feeling dreadfully bad, had headache, backache, sick at my stomach, no energy . . . I was very irritable, too, and

I began taking Cardui about 6 months before my baby came. As a result all those bad feelings left me, and I just felt grand, just as if nothing at all was the matter, and when the end came I was hardly sick at all.

Since that I have never taken Cardui at all . . . It has done me good, and I know it will help others, if they will only

ADAMS SALE CLOSING

New and Seasonable Goods Arriving Is Explained by Owner

The last days of the great closing out sale of the L. Adams department store are seeing a heavy sale of merchandise at that big store, and with the Christmas rush coming on Mr. Adams is preparing to wind up the affairs of his establishment and retire from business permanently.

peculiar thing noticed about the sale is the fact that there seems to always be a selection of new goods upon the tables and racks. This is explained by Mr. Adams when he says that he had ordered his fall and winter goods before he had decided to retire from business and that he was unable to cancel many of these orders. These, then, are the new and seasonable things that are coming into the store and which Mr. Adams feels he should dispose of before the doors of the place are locked to permit of improvement being made for the next occupant.
