destroyed by the weevil, a little worm no larger than a hair and about a fourth of an inch long, which eats the center out of the main root and after a while the small side roots die and the clover field is gone.

Mrs. Gage will now live on an inflected field in an endeavor to kill the pest and would like to hear what experience others have had with it. Mrs. Nussbaum and Mrs. Elligsen made a trip to Oregon City on Monday. On last Thursday morning a man coming down the hill saw the roof of Dick Oldenstadt's house on fire. Telephones began to call and the blaze was put under control in short order without much damage. About two or three years ago their house was burned to the ground with most of its contents.

Eva Ray and husband moved to their new home near Rickreall on Thursday, February 2. Mrs. Gage returned from a two-weeks absence, which she spent in East Portland and St. Helens. At the latter place she visited one of the shipyards and found it very interesting. There were four ships on the ways, one of which was for Uncle Sam and another was to be begun on Tuesday, and one transport was to be launched on Monday. She also witnessed a fire at the Columbia City ship yard, when a three-story lodging house burned to the ground and the ship yard barely escaped. The fire broke out at both ends and in the middle of the building in the third story, giving rise to the supposition that it had been deliberately set on fire, but they had had some trouble with the wires, and came to the conclusion it was caused by crossed wires. It threw a lot of men out of a place to sleep, but in five days it was up again and nearly ready for temporary shelter.

War bread is the "go" in Stafford, but if there is any grain the overseas don't want, why do we have to pay such an exorbitant price for our 17 pounds? I think it may drive us all to raise only the high priced grain. Mrs. Schultz called at the Gage place on Monday. Dr. Hugh Mount will speak at the schoolhouse on Friday evening upon the subject of "The Red Cross Work," in which Stafford is greatly interested.

VIOLA
The Epworth league will give a Valentine social at the church Friday evening, February 15. A cafeteria supper will be served, beginning at 6 o'clock. A short program and games will be enjoyed later in the evening. Proceeds are for the Epworth league. Frank Gibbs lost his auto in Portland last Saturday. Neither auto nor the thieves had been found at the latest reports. Mary Rorick and Mrs. Linnie Bristol were Portland visitors Saturday. They lost several packages in the stolen auto. They were fortunate in getting a ride home with Ray Miller. The Red Cross meets every Wednesday afternoon. Sixteen were present last week. The only two

meetings held were at Mrs. Failings' home.

MOUNT PLEASANT
Yes, sure we got our valentine! The Parent-Teachers' association met and after their usual business decided to have a supper in the near future to raise money to pay for their plan. The auction sale on Judge Ryan's stock farm last Saturday was very satisfactory. Mr. Hartky, of the Hazlewood dairy, purchased a good pair of horses at the sale Saturday. Charles Holmes has purchased a gasoline wood saw to saw up his logs, as wood-choppers are not looking for that kind of work. Dave Thmas returned Saturday from Camp Lewis, where he has been for the last two months. He has been rejected on account of his bad ankle. Next time, Dave, try your wings. Mr. and Mrs. W. J. McCord just received a letter from their son, Wallace, who is in France, saying he is getting along fine. Mr. and Mrs. Bruening are entertaining Mrs. J. Buchmann of Portland, Mrs. Bruening's mother. Mr. Slinger, having purchased the George McLane place at the school house corner, has taken possession. J. B. Edwards is packing his belongings and will soon move to Oklahoma. Wednesday we had two inches of snow.
