D. E. (JACK) FROST OUT FOR OFFICE OF SHERIFF

D. E. (JACK) FROST

In announcing his candidacy for the office of sheriff of Clackamas county on the Republican ticket at the coming primaries, D. E. Frost, constable for the fourth district, says in part:

"I have been six years as constable for the fourth district, six years as county juvenile officer and deputy sheriff under two administrations—my record speaks for itself.

"If elected, I promise that the office of sheriff of Clackamas county will be conducted with the utmost efficiency, and promise that the office will not be encumbered with deputies who have nothing to do."

SIMPSON ANNOUNCES PLATFORM FOR GOVERNORSHIP

L. J. Simpson

In announcing myself as a candidate for nomination for governor on the Republican ticket, I desire to appeal to the voters of Oregon as individuals, who are well qualified to judge the issues of the day and who can and will vote as their judgment shall direct.

I am a Republican and believe in the principles of the Republican party, and above everything I am an American and believe in the principles of my country. I pledge the people of Oregon, that, in conducting my campaign I will not support any particular candidate for office in preference to the other candidate for the same office; that I will not promise appointment to office or political patronage to anyone; that if elected I shall enter office with neither promise nor pledge to anyone, except those which I give to the people themselves; reserving the right to make such appointments and to conduct the office with whatever unprejudiced independence the best interests of the people of Oregon shall demand.

I favor the establishment of a national eight-hour day for all classes of labor except for agriculture, the very nature of which, makes it impossible to restrict the working hours to any set number.

I am firmly convinced that the progress, prosperity and development of Oregon demands that all lines of business, with due consideration for the absolute necessity of practicing most rigid economy, be maintained as nearly normal as war conditions will permit; and that public expenditures should be limited to actual necessities, under no circumstances permitting private or public improvement to interfere with the successful prosecution of the war.

I favor the comprehensive improvement and construction of roads, particularly the main highways, which

are of themselves military necessities, and I believe that during the war this work should be prosecuted only, with the consent and approval of the national government.

I shall encourage and support such legislation as may be necessary for the establishment of national-wide prohibition and the permanent adoption of equal suffrage in the state and nation.

I shall aid and assist in every way, commensurate with due and proper economy, the educational system and institutions of the state and in every possible manner increase their efficiency.

With a knowledge and appreciation of the enormous natural resources of Oregon I shall endeavor to promote development of those resources through establishment of new industries and by encouraging settlers and urging such legislation as will tend to make living conditions better for them and for the thousands of workers and laborers throughout the state.

In administering the office of the state's highest executive I shall consistently endeavor to give to Oregon an impartial, clean, economical and businesslike administration, an administration, which will have as its ideal, the greatest possible advancement of the moral, social and economic prosperity of the people of the state and through an ever increasing development of its tremendous resources keep Oregon at the top in the vast fabric of our national life.

WEEKLY MARKET LETTER

Portland Report of Past Week's Trading Is Given

The opening market of the week at the Portland stock yards was erratic in spots. The early morning showed a tendency towards weakness in top steers and decided strength in common stuff.

The cattle movement for the day, all told, was brisk, with a fairly well balanced supply and demand. We are quoting steady prices with those prevailing the previous week from today's sales.

The hog market showed a very sleepy opening, and an extremely slow movement, which did not develop into any business until about the noon hour, when most of the offerings changed hands at a cut of 40 to 50 cents under last week's market.

There was very little offered to test the market in the sheep classes and the small volume that came forward crossed the scales at current quotations, which are as follows: Western lambs, \$15.00-\$15.50; valley lambs, \$14.50-\$15.00; yearlings, \$13.00-\$13.50; wethers, \$12.50-\$13.00; ewes, \$9.00-\$12.00.

A Woman's Burdens. Are lightened when she turns to the right medicine. If her existence is made gloomy by the chronic weakness, pain, derangements, and painful disorders that afflict her sex, she will find relief and emancipation from her troubles in Dr. Pierce's Favorite Prescription. If she's overworked, nervous, or "run-down," she finds new life and strength. It's a powerful, invigorating tonic and nerve which was discovered and used by an eminent physician for many years. In all cases of "female complaints" and weaknesses, for young girls just entering womanhood, for women at the critical "change of life," in bearing-down sensations, periodical pains, ulceration, inflammation, and every kindred ailment, the "Favorite Prescription" is the only medicine put up without alcohol—ingredients on wrapper. Nearly all druggists sell the "Prescription" in liquid or tablet form. For free medical advice write Doctor V. M. Pierce, Buffalo, N. Y., or send 10 cents for trial package of tablets.

ROSEBURG, OREGON.—I suffered something terrible, displacement so bad that I could scarcely stand on my feet, also had inflammation. My head and back ached hard and I was weak and nervous. My legs and feet ached—wouldn't walk—and I was troubled with constipation. I had a severe pain in my side. I took Dr. Pierce's Favorite Prescription and Pleasant Pellets and they made me well and strong. Then, during middle life I again took these medicines and got through so well—was strong and well.
