BREAD OR BEER?

We wonder how many people have taken the pains to investigate the relation between the increased efficiency of the German army and the fact that Germany now has a "dry" army. Last year we made eight gallons of beer to Germany's one. This year Germany is under absolute prohibition, while we make 60,000,000 barrels of beer. And with the decrease in drink, German efficiency has steadily increased. Boose was one of the Teutonic indiscretions until war revealed the fact that it is a fraud and a farce. Then the Boche lost no time in cutting it out. How long are we going to wait before following his example.

Last year the breweries of the United States used between forty five and sixty million bushels of grain. A large part of this is barley. Barley is one of the finest substitute flours. One reason why this substitute is so expensive is that so much of it is wasted in making beer. Papers prophesy a coal shortage. Last year statistics show that the beer industry used over eight million tons of fuel. Cars are needed in war time. Last year it took 360,000 freight cars to carry the brewer's products to their customers. Beer is not a necessity. It is not even a luxury. It cannot even claim to be American. It is a Boche product, born in hell, and cultivated, until war showed its folly, in Germany. It has been transplanted to this country by Schlitz, Adolf Busch, Annhauser and Company. And no later than this week one of the exchanges comes to hand with the story of how German agents are discovered to be back of the vice movement directed against Camp Sherman, Chillicothe, Ohio.

The brewers are not American, but German. The vice interests are today in the hands of German agents who seek to undermine the morals of the American army. What is too good for America. If Germany can forego its beer to cheapen substitutes for wheat, surely we can do the same. Why should we consider the feelings of men who are not Americans, and who are in no sympathy with America, but who are pushing one of the meanest businesses on earth simply for the revenue they can gouge out of the American public? Memorialize your congressman and senator to back the Randall bill.

American Loyalty League

County Officers:

W. T. MILLIKEN, Pres.
JOHN R. HUMPHREY, Vice-Pres.
JOHN R. HUMPHREY, Sec.
F. R. ANDREWS, Treas.
H. E. HOSS, Pub. Director

This space is donated for the propaganda of the American Loyalty League, by the Courier. Local chapters should see that their secretary is on our mailing list, as important announcements will be made through this column from time to time. This department is the official organ of the county organization.

The following resolution was adopted by the members of Mt. Pleasant chapter No. 1, at their regular meeting, June 15th:

Resolved, That we, the members of Mt. Pleasant chapter No. 1, American Loyalty League, do hereby pledge ourselves to have no dealing with, or associate in any way whatsoever with, any person who refuses to sign the pledge of the Loyalty League, and who does not comply with section 1 of said pledge, and be it further

Resolved, That we pledge ourselves to have no dealing with any merchant or business man, who refuses to discontinue to do business with, or deal in any way with all persons

who refuse to comply with the above conditions.

The American Loyalty League will have a day at the County Fair, for which a fine program will be arranged. Old Glory will have full sway and the fair grounds will present a picture that will be long remembered.

There are two families in the Beaver Creek district, who are related and who are persistently bucking the war. They would not move their clocks ahead one hour, just because there is no law to compel them to do it. We know what they are doing. A word to the wise should be sufficient in this case. If they are wise they will walk straight, hereafter.

Great care should be exercised by the various chapters in regard to taking up anything new coming along in the line of war work, without first seeing if it is properly approved by the county officers. Also, any correspondence, new business, or resolutions on anything of importance, should first be brought to the attention of the county officers before adoption.

Last Saturday night the executive committee of the county organization met with President W. T. Milliken, and decided on a number of important measures. The date of the next county convention was set for Saturday, June 22, at 2 p. m. That is also the date for the War Stamp workers to convene here, and our meeting will follow theirs at the court house. It is important that every chapter in the county be represented.

The matter of the local chapters using issued charters will come up at the convention. President Milliken is working on a suitable document to show that official recognition has been made of the various sub-organizations.

Secretary F. R. Andrews is making arrangements for an appropriate label badge for Loyalty League members, and will have a report to make at the convention. A League member is proud of his association, and wants the world to know that he has pledged his allegiance.

Those coming in to the convention should be primed to fall in line on a Fourth of July celebration. The League is going to introduce itself on that day to a lot of people, and it will be decided at the convention just what kind of a patriotic festival to have.

Publicity Director Hal E. Hoss will have the details of the slogan contest to announce at the convention, and every member is urged to give some thought to the matter. What the League wants is a short, terse, concise, and expressive phrase, to typify the mission of the American Loyalty League. This slogan will be used on all advertising and printed matter, and will be officially adopted by the county organization. It must be short and it must tell the story—those are the two fundamental requirements. A prize of a five dollar book of War Savings stamps has been arranged for, and a committee of leading patriotic workers of the county will select the winner from among the hundreds that will be submitted.

At Willamette, the Loyalty League is staging a real exciting contest. The membership is divided into two squads, with a captain for each, and an effort is being made to see which side can dispose of the most War Savings stamps within an allotted time. The losers, at the conclusion, will be hosts to a Hoover dinner, and the winners will be the guests. Here we have a good example of American Loyalty League principle—"A back line support for the war aims of the government." Let's hear from some more of the local chapters on this phase of their organization.

The Courier and Farmer \$1.00.

County Court

EXPENDITURES FOR MONTH OF JUNE

ROAD DISTRICT NO. 1—A. N. Wills, \$68.80; J. W. Schulz, \$73.50; M. E. Gaffney, \$97.00; C. E. Battin, \$82.25; Jerome Avery, \$80.00; A. E. Arby, \$72.00; John Young, \$63.00; A. P. Langenberg, \$66.00; Clay Colson, \$135.00; Dan Gaffney, \$144.00; Otis Welch, \$141.00; J. A. Davis, \$138.00; W. Smart, \$102.00; Roy Otis, \$90.00; Robert Rosenu, \$93.00; David Kanne, \$54.00; Geo. A. Storons, \$39.00; B. L. Friedrich, \$459.00; W. F. Haberlach, \$93.75.
