CHERRYVILLE

The unexpected has happened. A fine rain fell the first of the week. It helped all garden growth, pastures and late grain.

The big wild cat or catamount that was seen here last week by the mail carrier was run down with hounds and shot by August Berdenstein. It weighed about 40 pounds.

After 40 years of preparation and constant drilling the German army, the greatest and best ever known—so they said—is being run over by "green Yankees," "blowhards," and "bluffers."

The kaiser's precious lot of divine (?) anointed six sons will have to go to work in the ship yards, but not in this country. We wouldn't have such trash here.

C. Daily has gone to Newberg, where he will work with a threshing outfit.

Lewis Pitzer went to the Estacada country last week to visit his folks and says they were feeding bushels of the finest kind of cherries to the hogs.

C. W. Miller and wife, who returned from their trip to Washington state last Saturday, enjoyed very much the trip and said the condition of the country looked prosperous all along the road.

Gen. John Sharp Williams said in the senate last week that the talk of the Germans being a superior race is a great mistake, as he attended the Heidelberg university in Germany when a young man and lived in that country several years and found the average German slow and stupid. They were persistent and plodding, but exceedingly slow of apprehension but, like all stupid people, enormously conceited.

The folly of letting the "higher ups" do our thinking for us and trusting them implicitly and following them without question is seen with the German nation. The kaiser said he was divinely appointed to rule them and must be obeyed or hell would be their doom. They fell for such crazy talk and now their country is ruined, hopelessly in debt and the best part of their young men are slain or crippled.

Mark Hopkins, the one-time great president of Williams College, said to a prospective student of his college, "If you come here lacking common sense God Almighty and I both can do nothing for you. Many men are sent to college when it was nothing but time and money wasted. You can't take a plow horse and make a trotter of it by the most careful training. A man must have heredity, environment and initiative."

"Did you see our splendid cannon?" was the question put to our Minister, Brandt Whitlock, in Belgium when the German army came into that unhappy country and devastated it. Their cannon has been far outclassed by the French 75's, while our Browning machine guns and rifles are far superior to anything they have, although they have done nothing but make guns for over 40 years.

SELF DEFENSE

DEFEAT BACKACHE AND KIDNEY TROUBLE WITH ANURIC.

Many people in this section have suffered from rheumatism and kidney trouble and have found Anuric to be the most successful remedy to overcome these painful and dangerous ailments.

The lucky people are those who have suffered, but who are now well because they heeded Nature's warning signal in time to correct their trouble with that wonderful discovery of Dr. Pierce's called Anuric. You should promptly heed these warnings, some of which are: dizzy spells, backache, irregularity of the urine or the painful twinges of rheumatism, sciatica or lumbago. To delay may make possible the dangerous forms of kidney disease, such as Bright's disease, diabetes or stone in the bladder.

To overcome these distressing conditions you should take plenty of exercise in the open air, avoid a heavy meat diet, drink freely of water and at each meal take Dr. Pierce's Anuric Tablets (double strength). You will, in a short time, find that you are one of the firm indorsers of Anuric, as are many of your neighbors.

Send Dr. V. M. Pierce, Buffalo, N. Y., 10 cents for trial package.

RETSIL, Wash.—"I was troubled getting up at night for two years. Finally I took a trip to Florida, and while there I sent to Dr. Pierce for some Anuric Tablets and two dollars' worth of the Golden Medical Discovery Tablets. I took them as he directed and have not been troubled with my water for some time. I have been well now five months. I think the Anuric Tablets are all O. K."—W. J. Goode, Washington Vet. Home.

PORTLAND, OREGON.—"Doctor Pierce's Anuric Tablets gave me great relief after eight years of suffering with kidney trouble and dropsy of limbs and feet. Anuric is certainly good."—Mrs. J. CASWELL, 447 Stephens Street.

Doctor Pierce's Pellets are the original Little Liver Pills. One little Pellet for a laxative—three for a cathartic. Sold by druggists for nearly 50 years.

Working for You

It would be a great thing for me to get the trade of all the men in this town.

But it would be a much greater thing to deserve it; to do business in such a way that men would come to me, not because I wish they would, but because they felt they had to for their own sakes.

That's what I'm trying to make this store; some of my customers say I've done it.

The next thing, of course, is to give such service and such values that when I once get a customer I'll always have him.

The only way to do that is to put his interest ahead of mine; to work for him more than myself. That's really the way to work for ourselves.
