OREGON CITY, OREGON, THURSDAY, AUGUST 1, 1918

Number 20

## WAR BOARD POSTS TWO AS DESERTERS

CARL SODERBLOM AND WILLIAM BLACK FAIL TO SHOW UP WHEN CALLED

## WILL BE COURT-MARTIALED

Both Men in July Draft Calls, and Should Have Been Examined—Had Been Up Before

The officers of the local selective service board Friday posted two of their registrants as deserters, and they are being sought by the military police, for court-martial. The men were called to go with the Friday draft contingent for Camp Lewis, and failed to put in an appearance, or send word why they were not here. One of them, Carl Soderblom, had been posted as a slacker before, as he failed to come up for his examination when called. He had registered, and filled his questionnaire, but did not answer the calls for examination.

He was found by Reverend Snyder, of Molalla, working under an assumed name in a Silverton logging camp, and reported in. When brought back here, the local board was authorized to immediately induct him into the army, and take him under armed guard to Camp Lewis, but as he was in the July 24th draft, they planned that he would get to go soon enough. However, no trace of him could be found Friday, and when he is found now it will go hard with him, as Uncle Sam makes short shift of deserters.

The other man is William Black, of Estacada, who also failed to show up Friday to leave with the selectives for Camp Lewis. Black has been up before the board previously, also, and made quite a name for himself as a conscientious objector. Considerable notoriety was called to the case, when Black made the statement to the war board here that "war was unconstitutional." He had filled out his questionnaire and had been examined all in good shape, but at the last minute he failed to show up for the draft call of Friday. He has been posted as a deserter, and will come under the military rules when apprehended.

Walter O. Griffin and Gail McDowell have been posted by the local selective service board as delinquents, due to their failure to show up here for physical examinations on the 24th of July, as ordered. The former was to have been taken in a recent draft, and the board is now looking for him. He was recently re-classified from class 3 to class 1. The other lad is of the 1918 list, and had never been examined for his classification. These are the only two failing to show up, and the board is in hopes that they will realize the seriousness of their delinquency and report in at once.

## ANNUAL CAMP-MEETING IS OPEN AT JENNINGS LODGE

The Evangelical church has opened a series of services at their annual camp meeting, at Riverside Park, near Jennings Lodge, which will continue over next Sunday. Morning services will be held at 10 o'clock, afternoon at two, and in the evening there will be sermons and singing at 8 o'clock.

The chief speaker for the meeting will be Rev. Wiener, Field Secretary of the Evangelical churches of the United States. Rev. Wiener's headquarters are in Chicago. The Evangelical ministers of the Oregon conference will also be present.

## LITTLE CHILD SUCCUMBS AFTER RECENT OPERATION

Harriett Louise Price, the 2-year-old daughter of Mr. and Mrs. Harry Price, died at the Oregon City hospital Wednesday night, following an operation for ruptured appendix. The little tot had been taken to the hospital several days ago for treatment. Funeral arrangements have not yet been made. Harry Price is a member of Price Brothers' firm, and resides at 6th and John Q Adams street.

## EMBRYONIC OFFICERS WILL TAKE TRAINING AT EUGENE

Among those who will leave the latter part of the week for the officer's training camp at the University of Oregon are John N. Sievers, Justice of the Peace; Cecil W. Robey, Editor of the Courier; Raymond Caulfield, of the Bank of Oregon City, and W. B. Stokes, who recently disposed of his grocery business. The men will take a full month's course at Eugene.

Canby Property Involved in Suit  
Charity Riggs was Monday granted a decree of foreclosure in Judge Campbell's court, from H. R. Weidner. The mortgage was for \$1268 on lots 7 and 8, of block 11, original townsite of Canby.

## POPULAR VETERAN HAS PASSED AWAY

CAPT. H. L. HULL, WELL KNOWN ABOUT TOWN, ANSWERS TO FINAL "TAPS"

The funeral services over the remains of the late Henry Lucillus Hull, who died Monday forenoon at his home at 11th and Jackson streets, were held Wednesday afternoon, at 2 o'clock, from the Elks Temple. Interment was in the Mountain View cemetery.

Mr. Hull was suddenly stricken with apoplexy, and died at 10:30 Monday after a brief illness. He was one of the best known and most popular Civil War veterans in the city, and to hundreds of people here was known familiarly as "Cap." He was born in Shano county, Pa., November 9, 1844. He was the son of Ferdinand and Isabella Hull, direct descendants of General Hull, of the Revolutionary war, and Commodore Hull, of the war of 1812. He enlisted at the opening of the Civil war and served a year and a half, until being discharged on account of wounds received. After his recovery from these wounds, he re-enlisted as sergeant in the 144th Ohio. The deceased has been a resident of this city for the past 12 years, during which time he had taken an active part in the work of the Meade Post, G. A. R., the Elks, Masons, and Knights of Pythias. He was the last charter member of Knights of Pythias No. 398, of Sharon.

Mr. Hull is survived by his widow, Mrs. Gussie Oswald Hull, a son, Howard Hull, a daughter, Mildred Ruth Hull, and two sisters, Mrs. Clara Biedman, in Pennsylvania, and Mrs. Anna Kepner, of Helene, Montana.

The funeral services over the remains of the late H. L. Hull, were conducted from the Elks' Temple Wednesday afternoon, with a large attendance of friends of the deceased. Exalted Ruler Beard had charge of the service, and S. W. Seaman, of the Presbyterian church, made an address, and Rev. W. T. Milliken, of the Baptist church, gave a prayer. During the service Thomas A. Burke sang "Home of the Soul," and "Some time We'll Understand." At the cemetery, Meade Post No. 2, G. A. R., had charge of the service. The pall bearers for the veteran were Judge H. S. Anderson, Judge Grant B. Dimick, Bert Roake, George Gardner, F. J. Tooze and Harry Peckover.

## DR. ESTHER LOVEJOY TELLS OF GREAT NEED

INSPIRING MESSAGE BROUGHT BY SPEAKER IN DRIVE FOR NURSES

At Busch's hall Wednesday night, a good attendance greeted Dr. Esther Lovejoy, of Portland, who spoke in the interests of the nurse recruiting campaign, recently launched by the American Red Cross Association. Dr. Lovejoy has but recently returned from France, and had with her first hand information on the terrible calamities of war. She had been in the front line trenches, and in the devastated districts behind the lines, and was able to tell a story that deeply moved her listeners. She told of the great work of the Red Cross, and of the need for nurses, and made a strong appeal for volunteers for this work of mercy.

Mrs. J. B. Lewthwaite, chairman of the county committee for the drive, presided. Mrs. Alice Benson Beach, of Multnomah Council of Defense, outlined the purpose of the meeting, and Mrs. C. H. Dye told of the work of the first aid classes. Mrs. E. E. Brodie and Mrs. Nieta Barlow Lawrence were heard in "There is a Long, Long Trail," accompanied by Miss Alice Holman. They responded to a hearty encore. The Sappie & Balch Shipyard's Band of Portland came up for the occasion, and gave some splendid renditions.

The Liberty Temple will be open Thursday and Friday as a recruiting headquarters for the county quota of the 25,000 nurses to be sent overseas.

## MERCHANDISE RECOVERED FROM RIVER MILL WRECK

With the recovery of the body of Motorman William Murray from the wreck on the Estacada line of the P. R. L. & P. company at River Mill, the work of salvaging the merchandise in the two box cars is going rapidly. The goods are being stored in the depot at Estacada, awaiting disposition by the railway company. Among the shipments were many sacks of flour, hardware, shoes, glass and wooden ware, and a drag-saw outfit. Both of the wrecked cars contained freight for Estacada, and it is thought that one of them turned completely over as it went down. D. C. Zink, of the traffic department of the railway company, was in Estacada recently on business connected with the recovery of the goods.

J. A. Maxwell Adams, a Glasgow business man who went to France for the British Y. M. C. A., met his death when struck by a fragment of a German shell.

## YOUNG ROBBER IS QUICKLY ARRESTED

ALBERT KIDDER OF WEST LINN STEALS \$250 FROM POST OFFICE TUESDAY

## SPENDS MONEY IN PORTLAND

But 12 Hours of High Life are Enjoyed—Will Return to State Training School

Albert Kidder, the 16-year-old son of Albert Kidder, Sr., of West Linn, was arrested Tuesday night by Constable Jack Frost for the robbery of the post office there Tuesday forenoon. The lad had stolen about \$250 in checks, currency and cash, and had made his way to Portland, where he spent money in the manner he had always wanted to. The checks he took to the rear of the Moffitt house at West Linn, and burned, as he realized they were of no value to him. The remainder, about \$182, went for sundry articles, among which was a motorcycle, for which he paid \$145, and clothing to the amount of \$40. He had taken a room at the Wabash hotel, at First and Madison streets, and when he was returned there Wednesday by Deputy Sheriff Hughes and Constable Frost, he uncovered the cache of clothing.

The money was stolen while Postmaster Horton, at West Linn, stepped outside for a few moments, leaving the money lying on a desk in the rear end of the office. The boy, who was loitering around the place, was able to slip in and get the three sacks containing it, without being seen. He got what he could, and left the rest. He went into Portland, where he had a good time, but was unable to withstand the temptation to return at night. A guard had been placed at the home of his father, where he stayed, as suspicion had been immediately attached to the lad, due to some former escapades. Constable Frost had just relieved the guard at nine o'clock Tuesday evening, when young Kidder showed up. He was immediately arrested, and although denying any knowledge of the affair, was lodged in jail. The next day he was taken to Portland by Officers Frost and Hughes, and the money recovered. He still had a little over \$25 in cash in his pockets when apprehended.

Kidder was out from the training school at Salem, on parole, for having stolen a horse six years ago. He will probably be taken to the training school at St. Anthony, Idaho, where the government has a contract for the care of such cases.

Constable Jack Frost is in line to receive the \$300 staffing reward offered for apprehension of post office thieves.

## ALL BANKS TO HELP IN COMING LIBERTY LOAN

The report that only banking institutions qualified as United States government depositories would be allowed to take subscriptions for the Fourth Liberty Loan has been emphatically denied.

"The Treasury department," says Secretary McAdoo, "desires that all banking institutions shall continue in the future as they have in the past patriotically to assist and cooperate during the various campaigns for the sale of government securities."

Secretary McAdoo's often expressed gratitude and appreciation of the patriotism and the wonderful effectiveness of the work of the banks of the country in the past Liberty Loan campaigns would seem absolutely to negative any idea that he would refuse to avail himself of their assistance in future campaigns.

## ENTENTE AND TEUTONIC RESOURCES ARE COMPARED

The Entente Allies—excluding Russia and including only those British dominions which are self-governing and only the United States proper—have 11,000,000 square miles of territory, 303,000,000 people, and \$495,000,000,000 of national wealth. The Central Powers have 11,250,000 square miles of territory, 147,000,000 people, and \$134,000,000,000 of national wealth.

The entente own an aggregate debt of \$69,000,000,000, which is about 14 per cent of their total assets. The Central Powers owe \$37,000,000,000, or 28 per cent of their national wealth.

## SEEKS PAYMENT

Woodburn Property is Involved in Foreclosure Proceedings Here  
N. A. Haffard Tuesday filed a suit for foreclosure in the circuit court against E. L. Dorn, charging that three notes, for \$250 each, dated April 1917, remain unpaid after maturity. The promise to pay was secured by a mortgage on tract 14, of the Woodburn Orchard Tracts, which the plaintiff requests the court to grant him foreclosure on. The sum of \$90 attorney's fees, and \$5.20 back taxes are included in the petition.

Oregon Historical Soc. Ex. Public Auditorium Portland

## MAN IS RETURNED TO FACE AN OLD CHARGE

HAMMOND HITS FUEL DEALER WITH HATCHET—EVADES LAW 17 MONTHS

Constable Jack Frost on Monday brought back to justice one Thomas Hammond, who had evaded the police for the past 17 months. The man is charged with assault with a dangerous weapon, having struck F. M. Robertson a vicious blow with a hatchet during an altercation at the Hammond home on Molalla avenue, in March of 1917. It is said that Robertson, who is a fuel dealer, was charged by Hammond with having driven his team too close to the latter's fence, and during the argument which followed, the teamster suffered an injured head and ear, having been struck by a hatchet. Immediately after the warrant for his arrest was issued by the Justice of the Peace, Hammond departed, leaving his family here. After considerable time in Illinois, he returned to Oregon, and Constable Frost learned of his whereabouts at Jefferson, and Monday went to and arrested him. He was paroled to Rev. Snyder of Molalla, and on coming up before Justice of the Peace Sievers on Tuesday, he waived preliminary hearing, and was bound over for the action of the grand jury, under \$750 bonds.

## SOLDIERS' SURGERY FUND SUBSTANTIALLY ADDED TO

The fund for the expense of surgical operations on the 40 group "B" registrants of class 1, was added to in a substantial manner Friday when Miss Iva Harrington, winsome county clerk and a member of the selective service board, accompanied by Sheriff Wilson, canvassed the industrial plants here. The Hawley Pulp and Paper company presented a check for the sum of \$250, as did the Oregon City Manufacturing company. The Crown Willamette mills have stated that they will come in with a generous contribution, and the banks of the city are planning on donating a substantial sum. Also the drug stores have agreed to not only give the board the necessary medical and surgical supplies at actual cost, but will make a cash contribution besides. With the \$230 collected at the recent Chautauqua, the fund now shows about half of the amount needed. With Drs. Hugh and Guy Mount doing the surgical work without charge, and the Oregon City hospital donating the use of the nurses and equipment, the board is only required to raise \$1500. The operations commenced Monday and will continue at the rate of several each week, until the boys are all in shape for the training camps.

## BAD CHECK ARTIST IS YOUTH OF TENDER YEARS

A fifteen-year-old boy has started out on the wide road to the training school by passing worthless checks on local merchants. The boy on last Saturday cashed checks at three stores, two of them for \$5 and the other for \$7. The checks were drawn on the First National Bank in favor of R. G. Gibson, and the lad used the signature "G. Thomas," as the endorsement. Miller & Obst, J. C. Penny & Company, and the Harding Drug Store were the victims of the young fellow's dishonesty, and the police are maintaining a strict watch in an endeavor to apprehend him. Several small boys have been taken in to the store keeps for identification, but so far the real culprit has eluded justice.

## GLADSTONE MAN GETS GOOD POSITION AT PANAMA CITY

Edward H. Beechley, for the past two years chief engineer of the government locks here, has accepted an appointment as chief draughtsman for a large engineering concern at Panama City, Florida, and is already on his way to take up his new duties. He has been succeeded in the work here by William Reed, for the past 27 years in the employ of the government engineering department. Mr. Beechley, who resided at Gladstone, will be followed by his wife and little son about the first of September.

## KNIGHTS OF PYTHIAS INSTALL NEW OFFICERS

Cataract Lodge, No. 76, Knights of Pythias, installed its newly elected officers on last Thursday evening, with Dr. George Hoyle, district deputy grand chancellor, in charge of the ceremonies. The following officers were installed: C. Bruner, C. C. Peckover, V. C. A. M. White, prelate; O. Erickson, M. of W.; W. H. Smith, K. of R. S.; H. A. Shandy, M. of E.; E. Fredricks, M. of A.; J. K. Morris, I. G.; P. Nauman, O. G. A program was arranged for Wednesday evening, when the members of this lodge gathered for a social evening.

## ENTRAINMENT ORDERS ARE RECEIVED FOR AUGUST 6TH

Definite entrainment orders for the contingent of 19 selectives scheduled to take training at Camp Fremont, have been received, and shows the boys leaving here August 6th. They will report here at 8 a. m. next Tuesday for inspection and will leave at 8 p. m. on the Southern Pacific for California.

## FARMERS PRAISED BY COUNTY AGENT

AGRICULTURIST R. W. SCOTT SEES GREAT FUTURE IN CANBY LAND

## "BACK-TO-THE-SOIL" ADVISED

Opportunities are Thick for Gardeners and Small Farmers in Clackamas County

(By R. G. Scott)  
The County Agent has been "seeing things" and not visions either. For instance, there is a cow down at Canby which is giving from 75 lbs. to 80 lbs. of milk per day. She has to be milked three times in the 24 hours. Her owner, Mr. Kaupisch, makes butter, and has gotten four pounds of butter a day. And somebody said there was no money in dairying. It might not be possible to have all the cows in Clackamas county do as well as that, but it is plain that by proper breeding we can raise the average far above what it is now.

Mr. Kaupisch is a great believer in fertility and his place shows the results of his manuring. The squashes and pumpkins are crowding each other, the fruits as well as the vines. That Canby soil is the kind that makes a gardener excited, a beautiful sandy loam. With soil like that, the possibilities are limited only by the amount of fertility one can crowd into it. Canby ought to be one of the greatest truck growing districts of the state.

What can be done on such soil with intelligent management and foresight is exemplified at A. R. Cummings' place. Here irrigation is practiced, and the combination of water, manure, fertilizer and brains makes crops of 10 tons of rhubarb per acre, and corn, well—you'd have to see it to appreciate it. Mr. Cummings is doing a wonderfully constructive work for Oregon in breeding up a hybrid sweet corn which he originated. About ten years ago he crossed the White Corn and the early Minnesota, and each year he has selected the best ears for seed. He is working toward an ideal ear, one that will have a white silk, small cob, mature early, be really sweet, and be a good shipper. His corn, as these characteristics, and a walk through his field, the stalks loaded with beautifully shaped roasting ears, is enough to make a man's mouth water. Mr. Cummings has been very careful to keep control of the seed, for the reason that he wants to perfect it. All his sweet corn is sold in advance, the Portland produce dealers having bid the price up in competition.

Mr. Cummings also has developed a special strain of rhubarb. From a cross between the California Wine plant, and the Victoria Mammoth, he planted 10,000 seedlings. The best one of these was propagated by root divisions, and now all his plantings are made of this superior variety. There is plenty more ground at Canby which is ideal for potatoes, corn or other truck crops.

## THE GERMAN DOCKS NOW BELONG TO AMERICA

The taking over by the United States of the title and possession of the docks, piers, wharves and other shipping property on the Hudson river, owned by the German steamship companies, the North German Lloyd and the Hamburg corporations, is greeted with universal approval by the American people. The property is to be retained by the government and not turned back to its former owners at the close of the war.

## GLADSTONE MAN GETS GOOD POSITION AT PANAMA CITY

Purchasers of Liberty Loan Bonds and War Savings Stamps, who supply the money used for this purpose, may feel especial gratification. These docks and piers and wharves are strategic points of great importance and value, and it is intolerable that they should remain in enemy hands, or that they should ever revert to German ownership. German commerce has been shown to have been so indissolubly bound up with, and so much a part of German militarism, that it is just and right that it should suffer all the penalties of war.

## ARMY MAN IS RECOVERING FROM SUDDEN ILLNESS

First Sergeant Hindle, who is stationed with the signal corps at Vancouver, was taken suddenly ill while visiting at the home of his cousin, Mrs. W. H. Bonney, of Redland. He was taken to the Oregon City hospital, but will be able to leave that institution in a few days, when he will visit at the home of his uncle and aunt, Mr. and Mrs. Armstrong, of Redland. Sergeant Hindle is well known in this city and has visited here upon several occasions. Before enlisting he made his home with his cousin, Mrs. Bonney, at Redland.

## Hagar Lad in Serious Condition

Ernest Hagar, the ten-year-old son of Mr. and Mrs. Fredrick Hagar, of Milwaukie, is gradually improving from an operation performed Tuesday at the Oregon City hospital, necessitated by injuries received in an automobile smash up. This makes the second operation performed on the lad, and grave fears for his life were held for some time. He was riding to Sunday school in an auto, which was run into by a machine belonging to the Open Air Sanitarium, near Milwaukie.

## MECHANICS WANTED FOR ARMY SERVICE

REGISTRANTS MAY ENLIST FOR COURSE AT PORTLAND TRADE SCHOOL

The local exemption board announces a call received Tuesday, in which they are instructed to send 12 class 1 men to the Benson Polytechnic school in Portland, for special training along mechanical lines. The call will be open to volunteer enlistment from all classes until August 6th, at which time, if the quota has not been completed, the board will proceed to induct a sufficient number from the 1917 class one registrants. The men will leave here August 15th. After the special course at the Benson school, which will include work with gasoline engines, automobiles, plumbing, carpentry, tinning, etc., the boys will be distributed among the various cantonments here, or abroad with the expeditionary forces.

The local war board has received notices from Camp Lewis of the rejection of the following 11 men sent with the last contingent of 92 men from this county on July 24: Burton Taylor Moore, Martin Kordt, George Rudolph Hofstetter, Warren William Freese, Fred Giles Daugherty, Albert Robert Hoygaard, Arlington J. Johnson, Murvin Allen Richey, Leonard Lean, Elton A. Harrington and George Morgan Sagar.

## SUMMER SCHOOL TO OPEN HERE MONDAY

TEACHERS OF COUNTY TO HEAR EXCEPTIONAL LECTURES DURING COURSE

The Clackamas county annual teachers' training school will open at the Barclay school building on August 5th, with the following as instructors, F. J. Tooze, arithmetic, geography, hygiene, and physiology; Lilli Schmidli, grammar, composition, history, and reading, and Ida May Smith, primary supervisor of the Eugene public schools, in charge of the primary work.

The course will run for two weeks, and Dr. W. T. Milliken, of the Baptist church, and Rev. E. E. Gilbert, of the Methodist church, will deliver daily lectures—the former during the first week, and the latter during the last of the session. Other lecturers will be, August 7, E. F. Carleton; August 8, J. A. Churchill; August 9, Miss Holman; August 13, Prof. Martin, of the University of Oregon; August 15, Cornelius Marvin; August 17, Joseph Schafer, of the University of Oregon; August 19 and 20, H. C. Seymour, of Oregon Agriculture college.

## THE GERMAN DOCKS NOW BELONG TO AMERICA

The taking over by the United States of the title and possession of the docks, piers, wharves and other shipping property on the Hudson river, owned by the German steamship companies, the North German Lloyd and the Hamburg corporations, is greeted with universal approval by the American people. The property is to be retained by the government and not turned back to its former owners at the close of the war.

Purchasers of Liberty Loan Bonds and War Savings Stamps, who supply the money used for this purpose, may feel especial gratification. These docks and piers and wharves are strategic points of great importance and value, and it is intolerable that they should remain in enemy hands, or that they should ever revert to German ownership. German commerce has been shown to have been so indissolubly bound up with, and so much a part of German militarism, that it is just and right that it should suffer all the penalties of war.

## ARMY MAN IS RECOVERING FROM SUDDEN ILLNESS

First Sergeant Hindle, who is stationed with the signal corps at Vancouver, was taken suddenly ill while visiting at the home of his cousin, Mrs. W. H. Bonney, of Redland. He was taken to the Oregon City hospital, but will be able to leave that institution in a few days, when he will visit at the home of his uncle and aunt, Mr. and Mrs. Armstrong, of Redland. Sergeant Hindle is well known in this city and has visited here upon several occasions. Before enlisting he made his home with his cousin, Mrs. Bonney, at Redland.

## Hagar Lad in Serious Condition

Ernest Hagar, the ten-year-old son of Mr. and Mrs. Fredrick Hagar, of Milwaukie, is gradually improving from an operation performed Tuesday at the Oregon City hospital, necessitated by injuries received in an automobile smash up. This makes the second operation performed on the lad, and grave fears for his life were held for some time. He was riding to Sunday school in an auto, which was run into by a machine belonging to the Open Air Sanitarium, near Milwaukie.

## FLOUR HOARDERS ARE ROUNDED UP

VIOLATORS OF FOOD ADMINISTRATION LAWS TO BE PROSECUTED

## ENTIRE CITY TO BE COVERED

Deputy United States Marshal E. T. Mass Arrests Offenders on Wednesday Afternoon

Deputy United States Marshal E. T. Mass Wednesday afternoon arrested Anton Wetzel, of Canemah; Guy Gross and Gottlieb Gross, of Willamette and E. Nabnitz, of this city, on warrants from the United States Attorney's office, charging them with violation of the food administration laws. The men were all hoarding flour, Guy Gross having four sacks, his father, Gottlieb Gross, being in possession of one unopened sack and about 75 pounds in a bin, three sacks and a half being found at the Nabnitz home, and a total of several bushels discovered at the Wetzel home.

Under the present laws, no one is supposed to have more than 60 pounds of flour at a time, with the substitutes. There are supposed to be a number of hoarders of flour in the district, and the officers have commenced on a clean sweeping campaign, declaring that the city will be raked with a fine-toothed comb to find the violators.

The men arrested Wednesday were taken to Portland on the 1:30 car to appear before United States Commissioner Drake today (Thursday), where it is understood they will plead guilty. They will probably be bound over for the action of the federal grand jury.

## SLACKER IS GIVEN SEVERE TREATMENT BY THE SHERIFF

When William Charles blew into town with the Sound Amusement company Friday, he found a bunch of grief awaiting him. Sheriff Wilson had received telegraphic advice from the local exemption board at La Grande, stating that the man was a slacker. He was arrested Friday afternoon and lodged in the county jail, to await further instructions. But being put in jail wasn't such a punishment as having to take a bath, as Sheriff Wilson said he wasn't going to have his nice clean jail contaminated with such a filthy specimen as Charles. Nobody stayed near him for the operation, but late reports were to the effect that the event had been successful, and that the patient still survived. The sheriff declares that the old joke about "once a year, in the good old summer time," holds true in this man's case.

Another of the carnival members was taken in on slacker charges, but he was able to convince the local board that he had filled out and returned a questionnaire, which his home board had not received. He was aided in making out another one, and given his freedom.

William Charles, arrested in this city for an attempted evasion of the draft, and who is connected with a carnival company now running at West Linn, was released from the county jail Friday upon information from La Grande, where he had registered. He denied that he was trying to evade military service, and that he was willing to join the national army. When released here, he was given a bath before being allowed to mingle with the general public.

## BILL KAISER ARRESTED AND ASSESSED A FINE

William Kaiser, who was arrested a short time ago in this city for having too much bootleg whiskey in his system, and who later failed to appear for trial when wanted by the officials, was again taken in charge Friday by Officer Frost, at Salem, where he had laced. Kaiser, when arrested here, was placed in the city jail, but was released upon his own recognizance to appear for trial later. He was released upon the payment of \$10 and costs Friday.

## Buxton Not on "San Diego"

Contrary to first reports, Henry O. Buxton, of Molalla, was not on the San Diego when she went down two weeks ago. The lad had been visiting his parents, at Molalla, and was on his way east to join his ship when the mishap occurred. Word has been received here announcing that he is safe and well.

Ladies' Aid to Meet  
The Outlook Ladies' Aid society will meet at the John Nelson residence at Gladstone, next Wednesday, August 7th, at 2 p. m. A good program, with refreshments, will be given, and the society extends a cordial invitation to everyone to attend.

Rev. James Holburn, of Alyph, Perthshire, England, a Y. M. C. A. war work secretary, was dangerously wounded at the front during the recent drive. He lost his right eye.
