# What is Your Time Worth?

IS YOURS A FAIRY—OR IS IT AN IMP?  
IS YOUR KITCHEN WORK PLEASANT?

## The Imp of Lost Time

Did you ever stop to figure how much time you spend in watching cooking processes—how often you stir the food cooking on top the range to keep it from sticking, how many times you open the oven door to turn the bread or cake, how many times you look in to see if the roast or pie is burning? If you could dispense with this constant watching, think how much extra time it would give you for Red Cross work and other necessary things, what a relief it would be to be free from the imp of lost time.

## The Good Fairy of Gained Time

When you cook on a Hughes Electric Range you simplify your work so much that you find extra time added to every day. You need not spend all your time in the kitchen while the meal is in preparation. The evenly regulated heat makes it unnecessary to keep a constant watch on the cooking. You can even go away from the house for hours at a time, knowing that the food in the oven is being successfully cooked in your absence. Your cooking utensils will not get black and sooty on the bottoms. More time saved.
