LOGAN

A. A. Allen had the bad misfortune to have his house burned recently, with most of the contents. The house had been a landmark since the latter 60's, when it was built by Captain Z. C. Norton, who kept a store near by for some years. Mr. Allen has another house, which is at least a lining to the cloud. Clackamas Pomona Grange held an interesting meeting with Harding Grange on October 9th. About 75 members were in attendance and made things as lively as could be expected during world war times. The usual reports from Granges were made and a resolution was passed and sent to our members of congress asking for a provision of mill feed for dairymen. A class of four were given the 5th degree in the closed meeting. evening and a short literary program. Wm. Gerber, who recently shot himself accidentally in the arm, on the Kasper Moore place, is an acquaintance but not a relative, of the Logan Gerber family. A Loyalty League was organized at the Lower Logan school house recently.

Barrett has provided against the winter rains with a new barn roof.

MACKSBURG

No cases of influenza here yet, and our citizens are trying to prevent it by staying at home. Cupid got away with Miss Erica Nordhausen when she got married to Oscar Bolland, of Aurora, on Wednesday last. Immediately after the wedding the happy couple departed for Seattle, where they expect to spend their "honeymoon." Both are well known here, where the bride is engaged in teaching. Their many friends unite in wishing them a happy journey through life. Mrs. Harry Sherwood acted as teacher in the primary room during the absence of Mrs. Bolland, nee Nordhausen, two days last week. The Loyalty League meeting has been postponed on account of the "county fair," which was held at the Lone Elder school on Friday night. A number of young folks of this vicinity attended and report a very good time. Mr. and Mrs. Moore and daughter will move to Portland this week. Mr. Moore will be employed there in a ship yard. Mrs. R. Meeks has been very sick the past week. Mrs. Geo. Kalb and daughter, Elsie, visited with Mrs. Chas. Kraxberger on Sunday.

CHERRYVILLE

Good news from the front. Back home again by Christmas for many of our boys. The huns hate to give up unconditional, but that's what they will have to do. A complete defeat is humiliating and bitter, but the huns had it coming to them. John Allen, of the U. S. navy, stationed at Bremerton, Wash., is home on a ten-day furlough. He is dressed in a fine suit of navy blue broadcloth and the top coat or sea jacket would cost at least \$25.00. He is looking fine and has gained 15 pounds since joining the navy—about three months ago. Archie Averill is now with his company in France in active service, having crossed over the English Channel about the first of August. He is in time for the windup and the general collapse of the great German army. They are not singing "Deutschland Ober Alles" any more, nor are their cannons marked "nach Paris" and "nach London" that have been captured lately. Pride gieth before a fall. C. W. Miller and wife took their departure for their new home on the Lewis river in Washington, the first of the week. T. McIntyre has been appointed road boss in place of Mr. Miller, and he is a very good man for the position, as he is acquainted with the roads. He has lived at Brightwood for more than 30 years. America now leads the world, and our president is the spokesman for all the Allies in the pending peace negotiations. He is admirably fitted for the great task and has the American people almost solidly behind him. A good attendance was present at the school house last Saturday night on Columbus day and patriotic remarks were made by S. C. and Wm. Runyan and the writer. A good program was rendered by the scholars, also, and supplemented by vocal and instrumental music. The election is not far off and our Republican friends are fearful that Withycombe will not be able to gain a re-election. The Democratic candidate, Walter Pierce, is much the abler man and stands a fine chance to gain the election. An army beaten or a nation defeated can not dictate terms. Besides, the huns, having lost all their friends and all their allies, can get nothing but peace at any price. The German government as it exists today, is forever lost, as the large losses they have inflicted on Belgium, France, Roumania, and Serbia must be repaid and Alsace and Lorraine given up.

ZEROLENE The Standard Oil for Motor Cars

The Popular Motor Oil More ZEROLENE is used for automobiles on the Pacific Coast than all other oils combined.

Leading motor car manufacturers praise ZEROLENE, correctly refined from selected California asphalt-base crude, because it maintains its lubricating body at cylinder head and gives perfect lubrication with less wear and less carbon deposit. Get our lubrication chart showing the correct consistency for your car.

Engines are either water-cooled or air-cooled. This air-cooled type, like all other engines, requires an oil that holds its lubricating qualities at higher heat. Burns clean in the combustion chambers and does not with exhaust. ZEROLENE fills these requirements perfectly because it is specially refined from selected California asphalt-base crude.
