DEPORTATION OR INTERNMENT?

It speaks ill for the resourcefulness of our Federal officials that they have been able to devise nothing better than deportation as a solution for our undesirable-alien problem...

No doubt there are thousands of foreigners in the United States at the present time who are a menace to the peace and welfare of the country...

Our soldiers went to Europe to bring order out of chaos, and we are keeping them there to preserve such order...

It would, of course, cost us something to hold these aliens here in concentration camps until the European crisis is safely passed...

We therefore feel that this internment plan—especially since it would be fully as effective as deportation...

COUNTY AND CITY LOCALS

West Linn C. W. Inn will buy your pig and pay cash. Call on Mr. Barlow next night in town.

Obituaries

James McCoin

The funeral services over the remains of the late James McCoin, who died in Portland last week as a result of injuries received in the shipyards at that place, were held in this city Tuesday at 2:30 p. m.

Fred Walter Sloan

Fred Walter Sloan died at the family home at Oswego Tuesday evening, following a few days' illness from influenza. Mr. Sloan was a native of Nebraska, born there 36 years ago.

Funeral services for the late Mrs. Henrietta Goldsmith, who died suddenly at the family home at 1317 Main street Wednesday night, were conducted Sunday from the Holman funeral parlors at 220 Third street, Portland.

Heart trouble was the cause of Mrs. Goldsmith's death. She had suffered from it for a number of years, but was recovering from a recent attack when a second one Wednesday evening, brought death.

MONEY-SAVERS FOR ALL

These Durable Soles Cut Shoe Bills Down

"For use around cement plants and similar places where rough materials grind down soles quickly, I recommend Neolin Soles. They resist wear surprisingly. After working around the clinker department long enough to wear out two pairs of ordinary soles, my Neolin Soles are still as good as new."

Neolin Soles are made by The Good-year Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear all other heels.

Neolin Soles

"HEAD OF FAMILY" DEFINED BY INCOME TAX MAN, MILLER

A statement issued recently by Collector of Internal Revenue, Milton A. Miller, defines the exact meaning of the designation "head of a family," such person being allowed the \$2000.00 exemption granted a married person in the filing of an income tax return.

"A head of a family," said Collector Miller, "is a person who actually supports in one household one or more persons closely connected with him by blood relationship, relationship by marriage or by adoption. Whether in the absence of continuous residence with his dependents, a person is the head of a family, depends upon the character of the separation. If the benefactor is absent on business or on account of military or naval service, or a child or other dependent is absent temporarily at school or on a visit, the common home being maintained, the exemption of \$2000.00 applies. If, however, the dependent continuously makes his home elsewhere, the benefactor, irrespective of the question of support, is not the head of a family."

In the case of man and wife, the joint exemption of \$2000.00 allowed a married couple reduces the individual exemption allowed each only if they live together. Unavoidable absence of a wife or husband at a sanitarium or asylum on account of illness does not preclude claiming the exemption. If, however, the husband continuously and voluntarily makes his home at one place and the wife at another, each must file an individual return of net income of \$1,000.00 or more, and each is assessed on the amount of net income in excess of \$100.00.

QUART OF MILK TO EVERY CHILD IS PLAN OF WOMEN

Florida women did their part last year in producing and conserving food, but this year their plans are even more extensive. Not only are increased production and conservation asked for by the extension workers but better care of the people's health is also urged.

The women living in the country have been asked to keep two cows so each child may have one quart of milk a day and each adult one glass. Milk at present is scarce and expensive in Florida, largely because of the cattle fever tick. Much milk is imported from outside territory and during the winter months a large proportion of it goes to feed tourists.

The Oregon Farmer is conceded the best agriculture weekly in the United States. The Courier and the Farmer together for \$1.15.

BUTTER STANDARDS NOT BEFORE SECRETARY HOUSTON

The matter of a definition or standard for butter is not before the Secretary of Agriculture for consideration at the present time, say the officials in the Bureau of Chemistry in charge of the enforcement of the food and drug act, in answer to numerous inquiries from butter manufacturers. The joint committee on definitions and standards, which is composed of representatives of the Association of American Dairy, Food, and Drug Officials, the Association of Official Agricultural Chemists, and the United States Department of Agriculture, has had the matter under consideration for some time, and public hearings on the subject were held in St. Paul on June 19, 1918, and in Washington on June 24, 1918.

ITALIANS DECORATE 23 Y. M. C. A. MEN FOR BRAVERY

Twenty-three Americans who were with the Italian army during the memorable offensive in the Monte Grappa sector, from October 24 to November 3, have received the decoration of the Italian War Cross.

during this period. It is said to be the largest company of civilians decorated at a single time in the war.

Banquet to Firemen

Louis Nobel, chief of the fire department for the past year, and Ed Lavier, newly-elected chief, were the honor guests at a banquet given Thursday night at The Falls restaurant by Fountain Hose company No. 1. Lavier takes up his duties as chief next Monday, and is making plans for the improvement of the volunteer fire work.

Smut Losses Being Reduced Twenty-five per cent more farm-

ers in the United States treated seed to prevent cereal smuts in the 1918 spring and fall seeding seasons than during the previous year, according to an estimate recently made by the United States Department of Agriculture, based on surveys and an increased demand for formaldehyde and copper sulphate, which are used in making the loss due to smuts in the 1918 crop was 25,500,000 bushels of wheat; 110,000,000 bushels of oats; and 6,000,000 of barley. Minnesota and Nebraska together lost during 1918 over 8,000,000 bushels of wheat from stinking smut alone, practically all of which could have been prevented by a simple treatment previous to seeding.

Courier and Farmer for \$1.15.

Proof that Some Women do Avoid Operations

Mrs. Etta Dorion, of Ogdensburg, Wis., says:

"I suffered from female troubles which caused piercing pains like a knife through my back and side. I finally lost all my strength so I had to go to bed. The doctor advised an operation but I would not listen to it. I thought of what I had read about Lydia E. Pinkham's Vegetable Compound and tried it. The first bottle brought great relief and six bottles have entirely cured me. All women who have female trouble of any kind should try Lydia E. Pinkham's Vegetable Compound."

How Mrs. Boyd Avoided an Operation.

Canton, Ohio.—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation before I could get well."

"My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them."—Mrs. MARRIE BOYD, 1421 5th St., N. E., Canton, Ohio.

Every Sick Woman Should Try
