What Makes Men of Blood and Iron? Men of Stamina, Force

and Success-Men Who Lead The Way Physician Explains Secret of Strong Nerves, Keen Active Brains and Great Physical Energy—says

Nuxated Iron Helps Put Strength and Energy Into The Veins of Men

It is the men of blood and from—on a par with the war-hardened fellows returning from camp and field—who will forge ahead in the business and political life of the country today. Living in the open, eating coarse foods and leading regular lives have made blood rich in iron for these strong, healthy, vigorous specimens of manhood. But no such opportunity for building up their health is open to thousands of men and women in civil life whose wear-

ing tasks and iron-impoverished food sap their energy and make them weak, anaemic and run-down and often cause their blood to literally starve for want of iron.

In commenting upon the probability of building up a stronger race of people by increasing the supply of iron in their blood. By George H. Baker, formerly Physician and Surgeon, Monmouth Memorial Hospital of New Jersey, says: "Iron is absolutely necessary to change food into Ewing tissue, muscle and brain. Without iron there can be no strong, red-blooded men or healthy rosychecked women, and unless this strength-giving iron is obtained from the foods and modern methods of cooking have robbed us of much of the iron which Nature then deficiency and increasing the red blood corpuscles. I know of nothing more effective than organic iron-Nuxated Iron. For aunphility by taking iron in the proper form. And this after they had, in some cases, been decoring for months without obtaining any beneficial and satisfactory of changing highly beneficial and satisfactory.

Will War Help Make New Race Of Super-men With Strength and Endurance Like Athletes of Old?
