IN MISERY FOR YEARS

Mrs. Courtney Tells How She Was Cured by Lydia E. Pinkham's Vegetable Compound.

Oskaloosa, Iowa.—"For years I was simply in misery from a weakness and awful pains—and nothing seemed to do me any good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and got relief right away. I can certainly recommend this valuable medicine to other women who suffer, for it has done such good work for me and I know it will help others if they will give it a fair trial."—Mrs. LIZZIE COURTNEY, 108 5th Ave., West, Oskaloosa, Iowa.

Why will women drag along from day to day, year in and year out, suffering such misery as did Mrs. Courtney, when such letters as this are continually being published. Every woman who suffers from displacements, irregularities, inflammation, ulceration, backache, nervousness, or who is passing through the Change of Life should give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For Medicine Co., Lynn, Mass. The result of its long experience is at your service.

Henry Cadonan, of Portland, visited his sister, Mrs. Lilly Park, and family over Sunday.
Mr. and Mrs. G. A. Gotthberg, of Orchard, Wash., were visiting Colton and Elwood friends Saturday and Sunday.
Mrs. M. E. Vallen is visiting her daughter, Mrs. Nouna Ginter, of Shubel.
Mr. and Mrs. Matt Jagmin, of Portland, were Saturday and Sunday visitors at their parental homes.
A farewell party was tendered Mr. and Mrs. Ernest Vallen Saturday evening. Mr. Vallen is leaving for Camp Lewis, where he has accepted a clerical position. Mrs. Vallen expects to remain here for a short time before going to Camp Lewis.
A reception was given at the home of Joe Powers last Friday evening in honor of his brother, Tim Powers, who has recently received an honorable discharge from the U. S. army. Mr. Powers has recovered from his wounds received while in service.
Mr. and Mrs. W. T. Henderson, and Mr. and Mrs. John M. Park are improving from their colds.
Mrs. Della Vallen was in Oregon City Monday and Tuesday.

ALBERTA

(Too Late for Last Week)
One of the biggest parties of the season was held Saturday evening at the home of John Hehn. Friends came from far and near to have a good time. The evening was spent in playing cards and dancing. There was lots of good music and a sumptuous midnight supper of sandwiches, cake and coffee. Those present were: Misses Jennie and Louise Zeigler, Isabelle Vohs, Annie Mayfield, Olga and Margaret Scribner, Claribell Hardbrook, Alena Hughes, Dorinda Mayfield, Thelma Mayfield, Ruth Carlisle, May Rogers; Messrs. Geo. Zeigler, Carroll and Frank Zeigler, Roy, and Cash Seiner, Bernard Berg, Willie Martin, Harry Bauer, Herbert, Leo and Fred Vohs, Bromo Sovinsky, Willie Schmidt, Willie Beeson, John Hehn, Layard Traylor, Glen Avon and Willard Mayfield, Charles Nelson, Walter Stone, Charley Moehnke, John Moehnke, Albert North, Veryl and Eldon Gard, Harry Connor, Roy and Walter Hehn; Mr. and Mrs. Chet Gard, Mr. and Mrs. Ed Traylor, Mr. and Mrs. Jesse Mayfield, Mr. and Mrs. Ben Fisher, Mr. and Mrs. John Rogers, Mr. and Mrs. Nat Scribner, Mr. and Mrs. Sam Martin, Mr. and Mrs. Willis Hughes, Mr. and Mrs. C. Grossmiller, Mr. and Mrs. E. Washburn, Mr. and Mrs. C. Stone, Mr. and Mrs. Herman Moehnke.
All hail to Alberta school! It has put out one of the finest school songs of the county! And every scholar is proud of and true to the following, our school song:—
We are a merry school, friends—
You'll find us hard to beat.
We love to work and play, friends,
Tho we never know defeat.
Alberta is our school, friends,
We love her best of all.
We are strong in "pep" and cheer, friends,
Tho in numbers we are small.

We are a live-wire school, friends, Right up-to-date, you know. We're standard in every way, friends, And industrial gardens grow.

To the Junior Red Cross band, friends, We belong, yes, every one. True to our Uncle Sam, friend, We helped to halt the Hun.

Beat your own record now, friends, Is our motto as you see, Rose and Gold our colors true, friends, For a happy school are we.

Mrs. Mayfield left Wednesday to help care for her brother-in-law, who is very ill.
Mr. and Mrs. Traylor were in Oregon City on business Tuesday.
Mr. Rogers purchased a new Mitchell wagon Monday.
Mr. and Mrs. Sam Martin spent Sunday evening at the Martin home in Highland.
Mr. Brown was an Oregon City visitor Tuesday.

Woman Cried With Pain

Thousands of women work today while suffering from kidney or bladder ailments that can be relieved. Mrs. L. Wavue, 2736 3rd St., Ocean Park Cal., writes: "I had to sit down during my housework. My back ached so, also my hip pained me so I used to cry out, the pain was so great. Now, I am thankful to say that Foley Kidney Pills rid me of all my pain." Backache, sore muscles, stiff or swollen joints, rheumatic pains are indications of kidney trouble. Foley Kidney Pills are safe and reliable. They bring quick results.—Jones Drug Co.

JENNINGS LODGE

Complimenting Mrs. Ella McHargue, a well known resident of this place, 20 matrons agreeably surprised her on her birthday anniversary, which occurred on Monday, March 31st.
The springtime sunshine lent happily to the occasion and here and there about the rooms were the jonquils and daffodils with their beautiful shades of yellow, lending charm to the bevy of matrons who came to extend congratulations to Mrs. McHargue. Mesdames Cushing, German, Covert and Emmons served the delicious refreshments and tea.
Among the guests were: Mrs. Childs, of Brownsville, who is visiting her parents, Mr. and Mrs. U'Ren, of Gladstone; Mrs. Hume, of Sellwood, a sister of Mrs. McHargue; Mesdames Kelly, Eades, Ellwell, Cushing, Truster, German, Martin, Lambert, Los-roy, Tucker, Covert, Allen, Hotchkiss, Roberts, Emmons, Clemens, Hoag, Mrs. Temperance Rice is looking after business interests at this place. Mrs. Rice makes her home at Newberg with her son.

Mrs. John Jennings has recently returned from the Portland hospital much improved.
Mr. and Mrs. Jones and two small sons have taken up their residence here. The Jones were former residents of Spokane and are pleasantly located in the Bruechert cottage.
A work meeting of the Guild was held on Wednesday last at the Grace church. Seventeen members came to work on the quilts, which are under way. Mrs. A. B. Smith was the hostess and served tea during the afternoon. A short business and devotional meeting was part of the afternoon's program.
Mrs. S. H. Bechtel is confined to her home with illness.
Miss Bessie Roberts spent the week-end with Vancouver, Wash., friends.

Mrs. H. H. Emmons was a charming hostess on Wednesday when she entertained a few Lodge friends at her pretty home at luncheon. Entertaining the table were Mesdames Hogue, E. P. Newell, Laura Newell, W. H. Kelly, Hugh Roberts, and Nora Cushing. Spring flowers from the Emmons gardens made an attractive centerpiece for the luncheon table.
The many friends were sorry to hear of the serious illness of Mrs. Martha Shaver. Many flowers are being sent to her bedside with wishes for a speedy recovery.
Mr. G. M. Williams reached the 75th milestone of life on March 22nd and in honor of the occasion his married daughter and sons and families helped him to celebrate it. A pleasant feature was a huge birthday cake, coming from his daughter in Chicago, Ill. His Jennings Lodge friends tendered him a postal shower in commemoration of the anniversary.
Many fishermen came on Sunday, indeed, our little village looked very aristocratic as the machines were parked along Jennings Ave. Only a few salmon were caught owing to high water.

A social, which promises to be a novel affair, will take place on Tuesday, April 8th, at the church. A get-together supper will be served at 7 p. m., to which the community is invited. Afterwards an old peoples' concert or program will be given—no charge to supper or program, and the committee are anticipating a pleasant time, and have taken this means of getting better acquainted.
Mrs. Z. Kessi, of Harlan, Oregon, stopped off at the Lodge on her return home from a visit to Camp Lewis, where she was called to the bedside of her son, Will, who has been seriously ill. Will Kessi, who is so well and favorably known, returned from camp in Illinois in February, and expected to be mustered out, but owing to a severe attack of rheumatism will be unable to leave Camp Lewis for some time.

STAFFORD

Stafford has been enjoying this past week of exceptionally fine weather, and all are doing their level best to get all the ends caught up before another rain storm.
The members of Tualatin Grange at Frog Pond, together with a number of visitors from Oswego Grange and other places, attended at their hall last Saturday, the main attraction being the debate by the big eight of the young people of that Grange. The question was "Resolved, That It Is Better to Borrow the Money for the Purpose than to Create a Sinking Fund and Wait for Years to See Their Hopes Realized, to Build a New Hall." The boys and girls did finely, though it was hard work for the negative as in their hearts they belonged to the other side. The judges decided that the affirmative had one point ahead, which seemed to please both sides.
Mr. Weddle was called last Thursday to the bedside of his sister at Lacombe, near Lebanon. She passed away on Friday morning, leaving her husband and three grown children, and three brothers, of whom B. F. Weddle, of Stafford, is the youngest, to mourn her loss. Another sister died last year.
Frederick Delkar, who died at the home of his son, Adolph, was 83 years old. He had been a resident of Stafford long before Stafford had a name, and had lived on the farm where he spent his last days, for about 43 years. He was an honest, upright man trusted by all. His wife died about 26 years ago, and since the marriage of his two sons he has had a home with them and some years ago deeded the home place of 160 acres to them. The daughter had been provided for before. He leaves to mourn his loss two sons and one daughter, Mrs. L. Saggart, of Tualatin, 15 grandchildren, and a host of old friends, who extend their sympathy to the bereaved families.
The Red Cross met at their hall last Friday and worked on Belgian dresses.
Mrs. Oldham entertained old friends from Redland over the week-end.

Mrs. Gage lost her driving horse last week. It had undoubtedly been in the shoulder with a spent bullet, which had shattered the bone, and a veterinarian, called in, advised killing her as she never could be driven again.
A few days ago, as Stanley Oldham was helping to clear a track in to some wood on Adolph Delkar's place for the truck, he was hit on the head with something which made a hole about like a buck shot, and it blew down onto his face. He had heard no sound, and was perplexed to know what hit him.
The two accidents must have been accidental and most likely the Logan men have no idea that their shots went wild, but farmers will be obliged to enforce the "No Trespass" law to protect life and property.
Mr. and Mrs. Perry, who have bought valuable property in the neighborhood, are very busy getting things in ship-shape.
Mr. E. Milem and family have moved to East Portland.
Fred Baker's wife and son have been very sick, but are gaining at present.

The Girls' Club met with Mrs. Weddle last Thursday.
Mrs. Holton and her brother and his wife motored to Tualatin on Sunday last, to spend the day with Mrs. Holton's daughters, and celebrate her birthday. They cut across going over but traveled 21 miles around by Palatine hill to get home, and got home quicker and easier, as they found the road across the Tualatin pretty bad, and the mail carrier has to travel it every day. It needs a little of what is left of our first levy two years ago. Surely we pay auto license enough to have our home roads made passable, as many of us spend our time getting pulled out of the mud at home, and therefore never get time to ride on the highways that the money is spent for, apparently.
But it is said that "All things come to those who labor and wait," and we surely have to labor to get out of the ruts, and are obliged to wait.

REDLAND

Bethel church and Sunday school will hold Easter service at said church.
Rev. Seemann preached at Bethel church Sunday. The Reverend is a forceful speaker. He preaches every other Sunday.
There is a movement on foot to have the community meet at the Redland cemetery in the near future to level off the grounds and build up sunken graves.
People farming hill ground are finishing up seeding, while bottom lands are just commencing to be sown.
The Polehn mill is sawing on a lumber bill for a house for Mr. Polehn.
Our mail carrier has sold his old car and is coming out with a new Ford as soon as it can be received from the factory.

FEEL MISERABLE FROM THAT COLD?

Colds and coughs are quickly relieved by Dr. King's New Discovery

Nobody should feel "perfectly miserable" from a cold, cough or bronchial attack for very long. For it takes only a little while to relieve it and get back on the road to recovery when Dr. King's New Discovery is faithfully used. It soon loosens the phlegm, relieves irritation, soothes the parched, sore throat, brings comfort.
Half a century old and more popular today than ever. At all druggists.

Make Your Bowels Behave
Make them function with gratifying precision. If regulation of the diet does not relieve their torpidity Dr. King's New Life Pills will. They are perfect bowels trainers, cleanse the system surely, comfortably.

Liars will figure, but figures won't lie. Statisticians are trying to tell us that this daylight-saving plan is saving millions. Well, we are not from Missouri, but we want to be shown, as we know it is a fine thing for the power company as more juice is consumed; also for gasoline companies, but where it benefits the farmers, of whom there are but about 85%, and common labor, is where we want to be shown. Is it any wonder that so many people don't live on the farm when they make the life of the farmer still harder by earlier rising. The trouble with our law makers is that they can't or don't get busy until about 3 or 4 hours after the farmer and laborer start the morning work, and at this time of the year it requires lamp light as well as early in the fall, while we have time to spare at night or evening. But of course we farmers don't count, only at election time, and such other times when there is a shortage of produce—then we are bully good fellows. Now in milking cows everyone knows, except probably our law-makers, that cows should be milked at stated periods to get the best results. Suppose we milk at 5 a. m., then they should be milked again at 5 p. m., standard time; 4 p. m. Bosny thinks it might be funny business. Then in haying, harvesting and threshing, cutting with a heavy dew on it is injurious to hay as well as grain, consequently time is lost through threshing. Anyone doing his morning chores and going threshing by 7 a. m., usually gets up by lamp-light. Why should factory or mill hands be compelled to get up early when they have time on their hands at evening that they don't know what to do with. But our law-makers—what about them? They get down about 9 a. m., and then probably fuss around until 12 p. m. Why should we be made the goat is what I should like to know, saying nothing about school children that have to go as far as two miles. It keeps the farmer's wife rustling now to get them off under the standard time. Why punish her more yet?
Mr. and Mrs. Ballard are getting settled on their farm.
George Heinbotham, of Portland, was out on business last week.
Wm. Gaskell, of Madras, where he has been for a year past, is back at his old stamping ground.
Herbert Fouts is in the Oregon City hospital, where he had an operation. He is improving fast.
County Agent Scott and assistants are billed to appear at Bethel April 1st at 8 p. m., and will be at Logan Grange hall April 5th. It will be an open meeting for visitors in the afternoon at Logan Grange. Bring the boys and girls.
Claude Sprague is moving back to Logan onto what was the Hawley place. Mr. Sprague left Logan with his parents to attend the O. A. C., of which he is a graduate, and has held several important positions in Oregon, Washington and Idaho, so we believe that Logan must have them all beat or he would not have come back to take up farming here, and we guess that's about right.
Mrs. C. Smith had the county surveyor out to establish her lines, over which there is a dispute between her and Mr. Leach. We hope to see it settled peacefully.

CHERRYVILLE

March surely went out like a lamb.
The season is fully a month ahead of time, and appears to be fully that much all over the country.
It seems that the writer was misinformed as to what a returned soldier said about the Y. M. C. A. The only safe way in printing an alleged statement is to see the party in person and then sometimes they will deny it.
Ivan Turner, of Portland, was out Sunday, looking up a location for a shingle mill. He was satisfied with the outlook and expects to start up in a couple of months.
James Dixon has secured an option on a body of timber south of town and expects to begin operations saving ties in the early summer. There is a big demand not only in this country, but Europe also.
Lafayette B. Green, a returned soldier from France, and his wife, are up on a railroad claim south of town, where they expect to make their home. Mr. Green is a fine, upstanding specimen of a man and is a very desirable citizen. He belonged to a section of the heavy artillery and was just getting into the thick of it when the war blew up and Heine and Fritz quit for good.
Henry Kamp, who now runs the auto mail stage from Sandy to Zig Zag and Welches, was born at Dueseldorf on the Rhine, but says he never had any use for the Prussian military system, and left that country with no regrets, and nobody ever need call him a German as he is an American in every respect. He had four sons in the American army, two of whom were in heavy fighting. They seem to be bound to have peace in Europe even if they have to fight for it.
The Saturday Evening Post says some senators and lawyers could grumble about and criticize the Declaration of Independence, the Ten Commandments, or the Sermon on the Mount. One thing is certain, we can't go on killing and murdering one another as has been done since the start of the world.
Perhaps we will have some April showers now. Nice warm rains would bring everything along in fine shape.
A Mr. Strong, over in Dover, has an acre in strawberries—mostly the New Oregon—which are in fine shape and promise a great crop. He says he wishes he had five acres more, as he can contract his entire crop right now at a good price. This is a great berry country.

Mr. Joseph Wall, lately returned from Portland with a team of big Clydesdale mares, which he will use on his ranch five miles East on the auto road.
The Mt. Hood loop project is now assured, as the government and state have jointly put up the money. Work will begin near Zig-Zag early

Nuxated Iron Helps to Spread Health and Strength to 3,000,000 People Annually. Get Your Share!

When you think of the successful men and women you know—people who are doing things worth while—you will find that they possess force, vim and energy—the kind that simply brim over when the blood is filled with iron.

Iron is red blood food—it helps put strength and energy into the veins of men and roses into the cheeks of women.

A prominent New York Surgeon and former Adjunct Professor of the New York Post Graduate Medical School and Hospital, Dr. Kenneth K. MacAlpine, says: "If people would only realize that iron is just as indispensable to the blood as is the air to the lungs and be just as particular about keeping up a sufficient supply at all times there would, in my opinion, be far less disease resulting from anaemic, weakened conditions. In my opinion, Nuxated Iron is the most valuable tonic, strength and blood builder any physician can prescribe."

Manufacturers' Note: Nuxated Iron, which has been prescribed and recommended by physicians and which is used by over three million people annually is not a secret remedy, but one which is well-known to druggists everywhere. Unlike the older inorganic iron products, it is easily assimilated and does not injure the teeth, make them black nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser of they will refund your money.

this month. Some supplies have already gone up.
Nobody hears anything more about German-Americans, Swedish-Americans, etc., parading their own nationality before the land of their adoption, where they are permitted to live like human beings and get a home of their own. They are well content now to call themselves Americans—a proud title that nobody need be ashamed of.

A celebrated professor says that insane men seem to be able to get a following, as witness Dowie, who had a following of over 2,000,000 deluded dupes and had an income of over \$2000 daily, and yet his wild fanaticism was pure insanity, and he died of progressive lunacy. The kaiser, who had an exaggerated ego, has always been insane as any of his wild utterances indicate, and yet he had a following of more than 100,000,000 people who blindly believed in him and were led to bloody slaughter and ruin. Billy Sunday nearly falls in the same category as he has the enormous self-conceit and much of his talk is equally as wild and foolish as either Dowie's or the kaiser's. Really able clergymen like Dr. Boyd of Portland, or the late Washington Gladden, of Ohio, refused to sanction him or his methods.

Mrs. Dailey, who moved to Yacolt, Wash., this week, raised a large family by her first husband and had great experience as a nurse. She says that during an epidemic of pneumonia in a large city a complete cure was found in saturating cotton batting with spirits of alcohol and three drops of chloroform and putting it between the patient's teeth to inhale over 15 minutes and repeated after intervals for rest.

Mrs. David Kline and four children of Spokane, Wash., are visiting at the home of their relatives, Mr. and Mrs. S. C. Runyan, who live south of town. Mrs. Kline was badly run down after an attack of the "flu," and hopes to be greatly improved by the pure mountain air. Her children now attend the Cherryville school.

Epworth Leaguers Hold Conference
In order to mobilize the 13,000 members of the Epworth league behind the Methodist centenary in its great spiritual rebuilding program, a series of Methodist rallies are being held throughout the Northwest. A number of these conferences were held the past two weeks. Those remaining include the following:

Salem, Or., April 4; Portland, Or., April 5; Walla Walla, April 7; Spokane, April 8; Yakima, April 9; Wenatchee, April 10; Pullman, April 11; Centralia, April 22; Tacoma, April 23; Everett, April 24; and Bellingham, April 25. Members of Epworth league chapters are urged to attend the nearest conference. There are 588,000 Epworth leaguers in America. They plan to contribute \$400,000 to the general Methodist centenary fund, as well as taking care of the special missionary effort of their own. An effort is being made to get 235,200 Epworth leaguers to devote themselves to life service for Christianity, 117,000 to devote one-tenth of their income to Christianity and 299,000 pledged to daily prayer.

Sheriff Receives Souvenirs
Sheriff W. J. Wilson Monday received from his son, Kent, who is with the Army of Occupation in Germany, several interesting souvenirs of the war including a Hun belt buckle, two cigar lighters, and one of the iron crosses so highly prized by the Germans. Kent Wilson enlisted at the outbreak of the war, and has served in Europe with the U. S. army for almost two years.

Ford THE UNIVERSAL CAR
The Ford Model T One Ton Truck is really the necessity of farmer, manufacturer, contractor and merchant. It has all the strong features of the Ford car made bigger and stronger. It has the powerful worm drive, extra large emergency brakes acting on both rear wheels and controlled by hand lever, 124-inch wheelbase, yet turns in a 46 foot circle, and has been most thoroughly tested. We know it is absolutely dependable. We advise giving your order without delay that you may be supplied as soon as possible. The demand is large and first to order first to receive delivery.
