Stop! Look! Listen! Come! Yes, the Grange is giving a basket social Saturday evening and its going to be about the best thing you have attended. A musical program and dancing are the principal features of the evening's entertainment. The ladies will come with baskets, and the Grange ladies will sell coffee very reasonably. Candy will also be sold. If you want to really enjoy life, come to this social. Mr. Theroux's orchestra will furnish music for the dancing.

Mrs. Rainey and Mrs. Saunders, of Oregon City, and Mrs. Aman, of Gladstone, were guests of Mrs. Brayton at a luncheon last week. The ladies enjoyed the afternoon very much.

Miss Edna Lund, of Gladstone, spent Sunday at the home of Mrs. Brayton.

Miss Elda Baxter visited at the home of Miss Reva Jones, Sunday.

The Boy Scouts planted an oak tree in memory of Theodore Roosevelt last Sunday. The exercises were very simple but impressive. Mr. Crocker spoke a few minutes upon the life of Roosevelt. The tree was planted in the school yard. The Scouts then marched to Gladstone, where another tree was planted.

MOUNTAIN VIEW

Numerous changes have been made since we have been privileged to enter the Courier columns, with new people moving in and others going out to different localities.

E. T. Beverlin is having his home remodeled into a bungalow and is adding much to its appearance. Gilbert Terry has the contract.

Mrs. Van Auken has again been seen out among her friends and is gladly welcomed by all.

The Mountain View Sunday school at the little white church was again opened last Sunday. It has been closed for some time on account of several being unable to take charge of it.

The Bible study class met at Mrs. Van Auken's last Thursday afternoon. This class has been very busy in Red Cross work, which they will continue to do.

Mr. and Mrs. Scholtz have sold their home where they have lived so many years, and moved across the street into a house they recently purchased. We are glad they are not going to leave us.

Mr. and Mrs. E. C. Selby are expecting their son, Curtis, home from the army. Curtis has many friends here to welcome him home.

Mr. and Mrs. Joe Gerber, of Port-

land, have been visiting at Mrs. Gerber's parents, Mr. and Mrs. S. V. Francis. Their little son, Francis, has been quite sick while there, but is better.

Rev. Seaman and wife motored out to Carus last Thursday and were accompanied by Mrs. Amanda Hickman and Mrs. R. M. C. Brown and her sister, Mrs. Stillwell. They were guests of H. L. Jones and his mother, Mrs. J. P. Roehl. A fine dinner was served and all spent a fine day with these good people.

Mr. and Mrs. Frank Welsh and son, Dr. Orel, and family, accompanied by Mrs. Bernice Welsh and daughter, Evelyn, and Miss Wanda Hickman, went to the Sandy river last Wednesday afternoon and fished for smelt. They came home with about all they could carry. Along with it all they had a fine time and enjoyed a lunch in the evening.

The rain of the past few days has retarded the gardener's work. Trees and flowering shrubs are loaded with bloom. Although Easter is late, it has no effect on Oregon climate this year.

G. W. Offield, of Merrill, Oregon, visited Mrs. R. M. C. Brown last Sunday. He was on his way to Portland, where he had taken a car load of hogs and one of cattle.

The young men who rode their horses over the Gulch foot-bridge last Sunday, better not do it again—the speed cop might get after them.

George Everhart has bought the half interest in the store owned by Everhart & Hall. Mr. Hall will start a confectionery store down on Main and 12th street.

from an extended visit with her daughter in California.

Henry Swales is home again to finish recuperating after his operation at the Oregon City hospital.

Herbert Fouts will soon be able to return from the Oregon City hospital as he is fast improving since the operation.

H. H. Kirchem was thrown from a horse and had his arm so badly injured that the doctor said it would be a month before he could use it.

Logan people made good use of the opportunity to cut the high cost of living by going to the Sandy river after smelt. The human, canine and feline population was fed to satiety and much of the supply prepared for future use.

MACKSBURG

Mrs. Lena Brog and daughters, Matilda and Olga, of Redland, are visiting with relatives, Mr. and Mrs. R. Klaus.

Miss Eda Butenschoen, Miss Carolina Roth, Ernest Butenschoen and August Roth, motored up from Portland on Sunday evening to visit with Miss Nelda Kraxberger.

Died and Herman Harms are dragging our roads. Just keep up the good work, boys, we need good roads.

Otto Kraxberger motored to Oregon City to do some shopping recently. The farmers of this community are making good use of the new paved road from Canby to Oregon City by spinning down to Oregon City to do the shopping.

It is reported that the mother of Chas. Gelbrich died April 6th. The funeral services were held on Tuesday, April 8th, and interment was in

UPPER HIGHLAND

(Too Late for Last Week)

The following Highland people attended a party at the Powers' home on Saturday evening. The party was in honor of Tim Powers: Mrs. L. Martin, the Misses Tillie and Esther Martin, Annie and Elsie Bauer, and Hilda Chase; Mrs. J. J. Hanhart, Messrs. August, Willie and Johnnie Martin, Harry Bauer, Willie Schmidt, Ralph and James Hanhart. Everyone had a very nice time.

Miss Tillie Martin went to Portland on Monday. She returned Wednesday, accompanied by her sister, Mrs. Lydia Wehrman, and her fiancé, Mr. Elton Walters, of California. A party was held in their honor Friday evening, April 6th, and a pleasant evening was enjoyed by all, especially during the old fashioned quadrille. The couple left for Portland Saturday morning, accompanied by Mrs. Wehrman. They were to be married Sunday. They will make their home in California.

Miss Estelle Stuart, of Portland, visited Miss Hilda Chase on Friday evening. On Saturday they went to Molalla, returning Sunday evening.

Mr. and Mrs. M. E. Kandle, Miss Molly McVay, Hilda Chase and Estelle Stuart, went to Oregon City Saturday.

house is on fire." Luckily, Henry Gage and Rient De Nui were near and with the women to pump and Gage to clamber on the roof, and Mrs. Oldham on a table throwing dippers full of water from below, it was soon extinguished, and work was calmly resumed.

Earl Howard, an ex-soldier, made a short visit with relatives, and then resumed his journey home to Waitsburg, Wash., Sunday night.

On Monday Ed White, recently from Montana, came to the Gage place from a Vancouver hospital, where he had been for some days as a result of a piece of steel flying off a hammer he was fixing, in a logging camp up the Lewis river, he being a blacksmith by trade. It hit him in the right side, luckily too far up to penetrate the stomach.

Oregon City is to be "congratulated" upon its efficient and conscientious new speed cop, but we country bumpkins find it safer to motor to Portland to do our shopping just at the present time. We're afraid, and money for fines doesn't grow on every bush.

CHERRYVILLE

Fine growing weather.

Stock is now thriving on the range. Almost all of the spring grain is in and also early garden and early potatoes.

A team belonging to Henry Koch got loose in town one day last week and ran up the Cherryville hill at a furious pace. Fortunately they ran into a rotten stump at the side of the road and one of them got down in a helpless position, but without injury to the team or outfit.

Dave Douglas, who lives north of town about a mile, is running three ranches this season, one near Sandy, the old Revenue ranch, his own ranch place three miles west on the lower road. He does all the work himself and has nearly finished putting in 90 acres of grain. He has a big drove of cattle on the range.

Glenn McIntyre drove a fine three-year-old steer to Sandy the first of the week, and loaded it on a truck there for Portland. It was in fine condition, being stall-fed, and will bring a good price.

The house inhabited by S. D. Splawn and family at the Sandy Lumber company, five miles east, took fire last Friday while Mr. and Mrs. Splawn were getting dinner for the hands at the cook house, and before

Woman Cried With Pain

Thousands of women work today while suffering from kidney or bladder ailments that can be relieved. Mrs. L. Wavue, 2726 3rd St., Ocean Park Cal., writes: "I had to sit down during my housework. My back ached so, also my hip pained me so I used to cry out, the pain was so great. Now I am thankful to say that Foley Kidney Pills rid me of all my pain." Backache, sore muscles, stiff or swollen joints, rheumatic pains are indications of kidney trouble. Foley Kidney Pills are safe and reliable. They bring quick results.—Jones Drug Co.

LOGAN

At the open meeting of Harding Grange on April 5th, Mr. Scott, the county agent, Mr. Olmstead and Miss Anthony of O. A. C., and A. L. Beattie were present. Mr. Scott talked about control of weeds and animal pests; Mr. Olmstead about boys' and girls' clubs; Miss Anthony about household demonstrations, and Mr. Beattie about Union Meat Co. fertilizers, which he wishes to sell. EXTRA LONG WEAR FROM SHOES

T. D. Collins of Ookala, Hawaii, makes a remarkable statement which demonstrates the money-saving durability of Neolin Soles.

He writes, "After wearing a pair of Neolin-soled shoes off and on for thirty-three months, I wore them on a trip to the volcano of Kilauea and walked around the crater over hot lava six times and still the soles showed only slight signs of wear."

This experience is not accidental. It results from the scientific process by which Neolin Soles are made to be exactly what soles should be—comfortable, waterproof and exceedingly economical because of the long wear they give.

Get them on new shoes for all members of the family and have them put on worn shoes. They are made by The Goodyear Tire & Rubber Company, Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear any other heels.

STAFFORD

We are having timely spring weather, April sunshine and showers, with now and then a slight frost.

Mr. Oldham and his two boys have been running two trucks out of Stafford daily for many months. On Saturday last in re-loading some heavy bales of hay in Portland, Mr. Oldham had the misfortune to strain his stomach badly. A doctor was summoned, who feared at first that one of the intestines was broken, but this proved later to not be the case. An ambulance conveyed him to the home of a brother, and one of the sons came home and took the mother down that evening. An auto brought them home Monday afternoon. He is able to walk about slowly and says that when he is quiet he feels little pain. He has hardly allowed himself a day's rest for the past year, and his auto trucks have been a great accommodation to the people of the surrounding country, and all hope for his speedy recovery.

The Red Cross society met as usual on Friday last at their hall and, as all were busy at work, one of the ladies glanced up and cried "the
