TWILIGHT

How prone humanity is to get off on the wrong foot when confronted by a vexing problem. Later, calm consideration usually rectifies the hallucination.

Recent rains have proven not only beneficial to all growing crops, including grass, but has materially aided in preparing the soil for further seeding.

IN MISERY FOR YEARS

Mrs. Courtney Tells How She Was Cured by Lydia E. Pinkham's Vegetable Compound.

Oskaloosa, Iowa.—"For years I was simply in misery from a weakness and nothing seemed to do me any good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and got relief right away. I can certainly recommend this valuable medicine to other women who suffer, for it has done such good work for me and I know it will help others if they will give it a fair trial."

—Mrs. LAZZIE COURTNEY, 108 8th Ave., West, Oskaloosa, Iowa.

Why will women drag along from day to day, year in and year out, suffering such misery as did Mrs. Courtney, when such letters as this are continually being published. Every woman who suffers from displacements, irregularities, inflammation, ulceration, backache, nervousness, or who is passing through the Change of Life should give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

EVERY day young men are coming in to change their uniform of war for a uniform of peace. They tell us that the

we are showing for Spring have the "dog" and dash they want.

With the passing of all restrictions on design also went all the old ideas.

These makers of quality clothes thought it was time to start something new and the Spring styles show it. That is why they're so popular with young men, both those who served with the colors and those who served at home. New styles, but the same old standards of quality and value giving.

By Twelve Bottles of PERUNA

Greatest Human Vitalizer

"During the winters of 1897 and 1898, I was so badly afflicted with catarrh of the head and throat I must surely die from it. After trying many doctors and all other recommended remedies made known to me, I was induced to use Peruna. I was cured entirely by using twelve bottles of Peruna and one bottle of Mannalin.

Since that time, I have never been without Peruna. I use it for colds and as a general tonic during Spring and Fall months and find it the greatest human vitalizer."
