

ELWOOD

Mrs. Ernest Vallen left for Camp Lewis last Saturday to join her husband, who is employed at that place. George and Barney Granatzki, after spending a few days at the parental home, left last Thursday for Dee, Oregon, to work in a logging camp.

A very enjoyable evening was spent in games and music at the home of Dan Stahlnecker Saturday evening.

L. P. Elliott sold a horse last week.

The sawmill company at Clear Creek has put up another donkey engine on A. U. Bogden's place, having purchased his timber.

Freeman & Elliott have finished their contract for ties and at present are not running their mill. Charles Freeman is working for the mill company at Clear Creek.

Miss Nellie Vallen, who is teaching the Elwood school, is stopping on her homestead.

ALBERTA

The first debate given by the Alberta Live-Wire Christian Endeavor society came off Saturday night with the affirmative as winners. The next question to be debated is, "Resolved, That a Woman Has to Work Harder than a Man." The respective leaders are Miss Gorrell on the affirmative, and Mr. Rutherford on the negative. This will probably be a very interesting debate.

Mrs. Scribner had the misfortune of disabling one of her fingers last Friday. In some way her hand became caught between the seat and cushion of the hack and her finger was badly smashed.

Miss Lela Traylor came home for the week-end, bringing with her Miss Vernal Nightingale and Mr. John Novak, two of her eighth grade pupils. Miss Traylor is having fine success with her school work.

Mr. and Mrs. John Rogers of Maple Lane, and son, Joe, of Willamette, were in Alberta Friday.

Olga Scribner was home for the week-end.

Dorothy Mayfield took dinner with Claribel Hardanbrook Sunday.

Mrs. Rogers and son, Joe, spent Saturday afternoon and evening with Sam and Blanche Martin.

John Martin called on his brother, Sam, Saturday.

Mr. Traylor motored to Beaver Creek Sunday.

Jim Beeson was an Oregon City visitor Monday.

Everyone in Alberta is certainly making good use of these fine days. Results will be the finest gardens in the state. Hurrah for Alberta!

CHERRYVILLE

Easter Sunday is late this year. Good Friday is a special time to plant potatoes with some.

We had a side-swipe from that blizzard that raged across the Rockies last week.

Warmer weather and warmer nights is what we hope for after Easter Sunday.

AN IMPORTANT FACTOR IN CUTTING SHOE EXPENSE

"Many months of comfort at little expense" is the way Charles A. Pearson of San Diego, California, sums up his experience with Neolin Soles. Mr. Pearson had two pairs of shoes resoled with Neolin Soles, and after wearing them for twenty months writes "I will have to get new shoes sometime, but so far as the soles are concerned, that time seems as far distant as when they were new."

This is typical of the experience millions are having with Neolin Soles. Created by Science to be durable, flexible and waterproof, these soles are an important factor in cutting shoe expense. You can get them on new shoes for the whole family, and for re-soles. They are made by The Goolyier Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

Some say cherry blossoms were killed by frost last week. Not here, as they were not out and even at this writing they are not open.

Everybody wants to start a tie mill as people are a good deal like sheep—when one jumps they all follow. What is needed is a good shingle mill as there is abundance of raw material going to waste here and a good demand for shingles.

We have the pleasing prospect of at last "beating our swords into ploughshares and our spears into pruning hooks" by way of the League of Nations, and what a dark and dreadful time in all the history of the past we have passed through—killing and murdering each other, and professing all the time to be followers of the meek and lowly Jesus, the Prince of Peace.

Anne Morgan, daughter of the late J. P. Morgan, refused to let the German delegates, who are soon going to sign up the peace terms, into her house at Versailles, France. She said she would consider it a disgrace that all time could not efface. Pretty spunky, all right, but what true American can blame her after those madmen started an awful war and practiced unheard-of brutalities.

The mills have all started up again and everybody is at work at good wages. There is a demand for railroad ties all over the world and there is no reason in the world why these small mills should not have their share of the business.

Dr. Botkins had two grandsons in the Great War. One of them became a lieutenant and he says that the Y. M. C. A. did not do right by the boys to his positive knowledge.

A 20-pound steelhead was caught at the dam the first of the week and it required an iron hand and practiced skill to land the fish. This variety of salmon is one of the most gamey fish that swims and surely put up a royal fight for their lives.

The ex-Kaiser bobs up and says he had inside information "that the Americans were ready to quit on account of their frightful losses." Now we know he is insane. This country was making preparations for another year.

STAFFORD

Stafford is beautiful just now with fruit blossoms, and a variety of other flowers, green grass and grain interspersed with fields being plowed for potatoes.

Mr. and Mrs. Schatz made a call upon Mrs. Gage and family on Sunday last.

I. Q. Gage and family motored from St. Helens last Sunday and visited friends in Stafford, returning to their home Sunday afternoon.

Some people are beginning to plow their gardens.

Strawberries are beginning to bloom.

Mrs. Oldham went Saturday to assist her mother straighten up her new home in Vancouver.

The Red Cross finished some Belgian dresses last Friday at their regular meeting.

Ed White, who is a blacksmith, had a piece of steel fly off a hammer he was facing up, which penetrated his clothing and embedded itself in his breast just above the stomach. He was sent to Vancouver, the nearest hospital, where it was extracted, and when discharged, the 10th, he came to visit his aunt, Mrs. M. A. Gage. The wound is rapidly improving and he left for St. Johns on Tuesday, to see to some property interests.

Mr. Koellermeier, who died by the roadside on Saturday, was well known here. He had lived in the next neighborhood for many years. He was a kindly, honest man and many old neighbors and acquaintances followed with the mourning relatives the remains to the Silent City. Interment took place in the Lutheran burying ground.

CANBY

George Mitts is plowing the new ground for Knight & Clark. He is going to plant it in potatoes and corn.

Mr. Watson is going to move back on to his place, in the bottom near Good's Bridge, in a few days.

Horace Patch, who has been over in France as a soldier, returned home a few days ago. He says he is glad to get back home.

Elisha Riggs was in Canby on Saturday.

SIXTY THOUSAND OF OUR AMERICAN BOYS

lie among the poppies of Flanders' Fields in France. To them *only* is the war over. They have paid the price in full. To countless other thousands of these boys returning home maimed and broken the war will *still go on*; they will be *paying* the price every day, during the remainder of their lives. Can we who stayed at home carelessly and thoughtlessly assume the "war is over" attitude until our balance of account is paid—until we have redeemed our pledge—to bear the final cost no matter what its amount?

THE VICTORY LIBERTY LOAN

is in liquidation of the debt for men and munitions we amassed, and which brought about the end of the war—saving for every day it was shortened billions more in money and thousands more in lives.

MEN and WOMEN of OREGON!

The imprint of fame upon the name of our fair state will turn to a stain of shame if we do not meet the obligation this Victory Loan represents. You are face to face with the real test of citizenship—true Americanism. Let this test find you measuring up one hundred per cent loyal.

The Parent Bond of Them All

The government bond is the Parent bond of all bonds. Back of the government bond are all the assets and all the resources that supply the value of all other bonds, all other securities, all other investments.

The government bond is a prior lien on lands, homes, chattels and everything else, and the bonds to be issued under the name of the Victory Liberty Loan are the highest of the high in government bonds. They constitute a contract of the United States government, entered into by unanimous vote of congress, and therefore a contract and mortgage behind which stands the possessions of One Hundred and Ten Million American people with their entire resources developed and undeveloped; the intelligence, ambition and ability of these One Hundred and Ten Million people mortgaged to pay the bill.

The Victory Liberty Loan Bonds will bear an attractive rate of interest and, together with all other desirable elements, when compared with other investments as to strength, collateral and return, have no equal.

This is one of 176 advertisements inserted simultaneously in every newspaper in the State of Oregon on behalf of the success of the Victory Liberty Loan—for we believe in this cause and are willing to contribute to the full extent of our power.

THE PREMIER BOND HOUSE

The man who has the Henry Knight place set out for a nursery, has been at work for the last few days. He lives at Beaverton, Ore.

Mr. Hatch is having one hundred cords of four-foot cord wood cut on his place.

George Hardesty is at present working in the blacksmith shop.

Mr. Lents is helping his son in the garage.

Coleman Marks was in Canby on Saturday.

Mr. and Mrs. John Burns' daughter and husband, who live in Portland, were visiting them at their home a few days ago.

Alvin Phelps is hauling wood into Canby.

John Ide's boy is helping Mr. Al-

len in the butcher shop. John Brown has had a new addition built on to his house.

Sid Fisher was calling on friends at Molalla a short time ago.

John Lowry and family have moved into a house near the fair grounds.

Grant White received a car load of Ford tractors one day last week.

Roy Knight is back working on the Molalla train.

These frosty nights are hard on the fruit.

TWILIGHT

If you are of those who think the farmers' financial path always glit-

ters, interview the Live Wire's beanin committee.

Mrs. A. H. Harvey spent Saturday and Sunday last with Portland friends.

A tiny baby girl recently entered the home of Mr. and Mrs. Meyer, making a family of five.

Construction on the new dance hall began last Friday.

G. W. Bently returned to his home at Marquam last Sunday after a six-week visit with his son, L. E. Bently.

Our Representative C. N. McArthur, has presented two six-month-old Jersey bull calves, together with their registration papers, to Boys' Calf clubs in this state. One of them fell to the lot of our juvenile representative, Mr. Olmsted, and he

turn has turned the calf over to the Boys' club in Twilight. Aside from cost of crating and transportation it comes to the boys free of other costs with the provision that each boy is to be the owner of a heifer calf and submit regular reports concerning expense of care, growth and conditions. This overhead expense is to be born equally by the five boys, Raymond, Gaylord and Lowell Montgomery, George Alfred Dodds and Norman Parish, five of the nicest boys in this neighborhood. Everybody is interested and we predict success on the part of the boys, not alone financially, but as a step upward in business life, the results of which no one at this stage

of the game is competent to even guess.

Herman Scheer, after nearly two years absence, has moved back into his old home, leaving but one vacant home in our community.

Light and timely showers the past week brightens up all our door life, blossoms are becoming profuse, accompanied by all evidences of springtime.
