MR. FAMILY MAN:
Why Spend So Much Money on Shoes?
Here is what Tracy Munson of Joplin, Missouri, says of Neolin Soles: "Judging from my own experience, they wear four times longer than other soles and have the additional advantage of being waterproof and slip-proof."
Why continue to wear extravagant old-fashioned soles when you can get these money-saving, long-wearing soles on new shoes in any style you like for any member of the family? Good shoe stores everywhere carry them.
And don't throw away your old shoes. Have them re-bottomed with Neolin Soles and enjoy the comfort of a re-soled shoe which is not stiff or clumsy. Neolin Soles are a discovery of Science, and are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing his work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. of facts and figures are numerous little etchings of American life and viewpoint, of fun and philosophy, which the greatest conflict of the ages not only did not stifle, but even served to inspire.
There is the story, for instance, of the young man who wanted to enter the army, but who was prevented by his wife's objections. Then came the order that those of military age and fitness must either "work or fight" to preserve their exemptions. This was the young man's opportunity. He quit his good position and became a loafer. The local board was compelled in obedience to the War Department's order to send him into the army. He had outwitted his wife and cast his weight against the kaiser.
One registrant boldly professed that it was against his religious convictions to work—and he was scrupulous in observing them. He loitered all day in the streets or in pool rooms. The father supported him. In vain the young man's relatives urged him to get a job. His objections to labor were as firm as his were conscientious. At last an appeal was made to the local board, which notified the young man that he must either work or fight.
"D— the work. I'll fight," he answered.
And he did. The record showed that he made a good soldier. He worked as hard to be a fighter as he had previously fought to keep from being a worker.
"I ask in the name of God that you send my husband to fight the Germans and not a defenseless woman," was the burden not of one, but of many letters received from wives of unworthy and cruel husbands. The draft took hundreds of such for their own betterment and the good of their wives.

"Tim isn't extravagant, exactly, but he don't know what to buy. He aims to get the biggest plug for his money. "He would get real tobacco satisfaction with Genuine Gravely and spend less money for tobacco."

HUMAN INTEREST IN NEW DRAFT REPORT
Human interest is by no means wanting in Provost Marshal General Crowder's second report on the draft, submitted to Secretary of War Baker and now in circulation. This most momentous undertaking in American history was accompanied by numberless episodes, humorous, pathetic, tragic, patriotic and romantic. Interspersed in the formal recital

Money Makes Money
Interest on investment is the source of surest income. Money works 24 hours a day and seven days a week. More people are made independent by saving than by slaving.
England has invested to wonderful advantage. Every year statistics show that England buys more from other countries than she sells to them. But interest on investment does not show in the statistical tables.
That is why England is rich. Money placed in a savings bank is an investment safe and sure. Make yourself independent.
