A Mistake Made by Many
Don't wait for rheumatism to in-

dicade diseased kidneys. When you suffer pains and aches by day and sleep disturbing bladder weakness by night, feel tired, nervous and run down, the kidneys and bladder should be restored to healthy, strong and regular action. It is a mistake to postpone treatment. Foley Kidney Pills put the kidneys in sound healthy condition and keep them active and strong. Begin taking today. Good results follow the first dose.—Sold Everywhere.

LOGAN

William McCubbin is home from his great adventure overseas and has seen enough of the world and of war to make him satisfied henceforth to live the hum drum life of a Clackamas county farmer. He went through the big battles in France, has been "Over the top" and while not seriously wounded, has often been covered with bruises from bursting shrapnel. He doubtless hopes that a way will be evolved at Paris to protect all future American and world citizens from such an experience which can only be enjoyed in the retrospect.

Floyd Kirchem is at present in a New York hospital from what is reported as a mild attack of pneumonia.

C. A. Kirchem sends from New York a copy of New York Illustrated, which represents the sky scrapers, the big bridges, the three-story railroads, and many other wonderful things of the great world metropolis.

The boys in Siberia seem to have drawn the unlucky number in the lottery of war and will have to stay on the job yet a while in that inhospitable climate.

The teachers and pupils of the Lower Logan school gave a shadow social and entertainment last week, which was very successful in a social way and fairly so in a financial way.

The teachers and pupils of the North Logan gave a basket social and entertainment which must have been planned when the sign was right on the planets in proper conjunction, as it went over the financial top with basket receipts of \$82, and something beside for refreshments sold. The house was full and also a good part of the surrounding country so that many had to get their view and baskets through the door and windows.

Two baskets were sold for \$18.50 each, which seems to be high water mark in the high cost of living and the bidders must each have had a bunch of hogs which they expect to sell soon.

Albert Gerber is working at one of the Upper Logan saw mills.

Samuel and Earl Gerber have killed about two dozen of the clipper birds and have probably saved that many bushels of cherries, as it is sur-

TWILIGHT

Yes, it's poor old Portland. The country has subscribed her half of the \$250,000 for the building of a Livestock pavilion at the Union stock yards, while to date the city's portion is quite deficient. How they do bleed country aristocracy.
Henry Scheer, while splitting kind-

ling a day last week, severed the thumb of his left hand, requiring surgical attention.

Mrs. Lester Montgomery is still confined to her room. Her many friends are solicitous for her early recovery. Later—She has been removed to the home of her mother in Milwaukie.

Twilight is ever in the limelight. She had a lady autoist pinched for speeding. Ah there, Mt. Pleasant.

The five million bond issue to be voted on in June has been very cleverly arranged by the jungoists. Read carefully their designs. The only really good cat is a dead one. Don't let this bond camouflage deceive you.

If a common carrier meets with an accident and kills a half dozen people, the entire country criticizes and commissions are called into action, but New York state alone, with one hundred and ninety-two fatalities through motor troubles charged up against her, causes not a ripple of excitement.

Miss Florence Bentley recently cut her hand very badly, requiring several stitches at the hands of a doctor.

Twilight was quite liberally represented at the Mount Pleasant public school entertainment last Thursday.

Miss Pearl Scheer shopped in Portland a day last week.

Teach the Children to Save

Start the kiddies right, by making them want to save their money. A personal savings account in an institution like this one, where children are given the proper attention and encouragement to handle their own finances, is a good start in the right direction.

ATTENTION! Sick Women

To do your duty during these trying times your health should be your first consideration. These two women tell how they found health.

Hellam, Pa.—"I took Lydia E. Pinkham's Vegetable Compound for female troubles and a displacement. I felt all run down and was very weak. I had been treated by a physician without results, so decided to give Lydia E. Pinkham's Vegetable Compound a trial, and felt better right away. I am keeping house since last April and doing all my housework, where before I was unable to do any work. Lydia E. Pinkham's Vegetable Compound is certainly the best medicine a woman can take when in this condition. I give you permission to publish this letter."—Mrs. E. R. CRUMMING, R. No. 1, Hellam, Pa.

Lowell, Mich.—"I suffered from cramps and dragging down pains, was irregular and had female weakness and displacement. I began to take Lydia E. Pinkham's Vegetable Compound which gave me relief at once and restored my health. I should like to recommend Lydia E. Pinkham's remedies to all suffering women who are troubled in a similar way."—Mrs. ELISE HEYM, R. No. 6, Box 83, Lowell, Mich.
