## ROAD INFORMATION

A new department added to The Courier's columns which will appear from time to time for benefit of motorists

**WESTERN OREGON**

**Three Rivers**—The approach to Three Rivers road is impassable through the Grande Ronde Indian Agency, owing to heavy rains, adobe character of the road bed, and lack of any surfacing material. It will probably be passable June 1. This road is closed for construction work between Dolph and Hebo. No detour is possible at present. Later in the season the Little Nestucca road will be open to travel and the Tillamook country can be reached in this way.

**Eugene-Florence**—Open between Eugene and Goldson and in fair condition. Closed between Goldson and Florence by mud. No detours possible. Should be open June 1. This road should not be attempted at any season of the year except by experienced drivers. There are many narrow, long, steep grades, sharp turns, and few turnouts, on some of the sections.

**Scottsburg-Allegany**—Open and in fair condition between Allegany and Loon Lake. Closed between Loon Lake and Scottsburg, due to heavy washing by winter rains and the rough steep nature of the road bed. It is now in dangerous condition for wagon travel and should not be attempted by motorists.

**Alsea River**—Open and in fair condition between Corvallis and Alsea. Closed around Missouri Bend and

over Tidewater Hill. No detours possible. Should be open June 1 for light cars. Road is very narrow and in many places there are few detours. Should be attempted only by experienced drivers.

**Willamette Road**—Open and in fair condition between Eugene and Oakridge. Closed from a few miles above Oakridge to the summit.

**Mackenzie Highway**—Open and in fair condition between Eugene and Milliken grade and summit.

**Row River**—Open and in good condition between Dorena and Cottage Grove. Closed on account of unfinished construction work between Dorena and Disston. Should be open by June 1. **Bandon-Gold Beach**—Open between Bandon and Gold Beach and in passable condition for light cars.

**Grants Pass-Crescent City**—Open and in good condition between Grants Pass and Kerby. Very bad condition, Kerby to top of Oregon Mountain; in good condition for remainder of way to Crescent City.

## J. E. JACK SUBSCRIBES \$2000 TO VICTORY LOAN

Considerable enthusiasm and interest in the Victory Liberty loan campaign was aroused Friday night by a visit from John L. Etheridge, state director of organization for the loan campaign, and Rev. Oswald Taylor of Portland. Both the distinguished visitors addressed large audiences in each of the two moving picture houses early in the evening, following which they spoke to a large gathering from the steps of the Liberty temple, and their meetings resulted in a number of additional subscriptions, one of the largest being for \$2000, taken by J. E. Jack, a local merchant, and former county assessor.

## CIRCUIT COURT JURORS ARE DISMISSED BY JUDGE

The circuit court jury for this county was dismissed Saturday upon orders of Judge Campbell, who discharged all of the jury for duty on account of so many of the men being sick or disabled. This is the first case of its kind in the history of the state where a circuit court jury has been dismissed on account of the court not being able to get enough men. Judge Campbell says that he will call an extra session of the circuit court jury at a later date, when new jurors will be drawn.

## ALIENATION OF AFFECTION SUIT STARTED BY MISKOVSKY

## BEFORE OR AFTER, INFLUENZA

By Dr. M. Cook  
The cool fighter always wins and so there is no need to become panic-stricken. Avoid fear and crowds. Exercise in the fresh air and practise the three C's: a Clean Mouth, a Clean Skin and Clean Bowels. To carry off the poisons that accumulate within the body and to ward off an attack of the influenza bacillus, take a good liver regulator to move the bowels, such as Castor Oil or a pill made up of May-apple, leaves of aloe and root of jalap, to be had at any drug store, and called Dr. Pierce's Pleasant Pellets.

## Public Should Demand Original Nuxated Iron

Physician Warns Against Danger Of Accepting Substitutes—Says That Ordinary Metallic Iron Preparations Cannot Possibly Give The Same Strength, Power and Endurance  
As Organic Iron—Nuxated iron  
The remarkable results produced by Nuxated Iron and its widespread sale (it being estimated that over three million people annually are today using it) has led to the offering of numerous substitutes, and these physicians mentioned below say that health officials and doctors everywhere should caution the public against accepting substitutes for Nuxated Iron, as these substitutes instead of being organic iron may be nothing more than a metallic iron compound which may in some cases produce more harm than good. Those who feel the need of a strength and blood builder, should go to their family doctors and obtain a prescription calling for organic iron—Nuxated Iron—and present this to their druggist so that there may be no question about obtaining the proper article. But if they do not wish to go to the trouble of getting a prescription for Nuxated Iron, then they should be sure to look on the label and see that the words NUXATED IRON are printed thereon.  
There are thousands of people taking iron who do not distinguish between organic iron and metallic iron and such persons often fail to obtain the vital energy, strength and endurance which they seek simply because they have taken the wrong form of iron. If you are not strong or well, you owe it to yourself to make the following test: Set how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength and see how much you have gained.  
Manufacturers' Note: The widespread publication of the above information has been suggested by Dr. James Francis Sullivan, formerly physician of the New York City Police Department, New York, and the Washington County Hospital; Dr. Ferdinand Ring, New York Physician and Medical Author; and it is to be noted that the public may be misled by the use of iron or metallic iron under the name of Nuxated Iron. Nuxated Iron is a name commonly known which is well known to druggists. Hence, the best, make them black and put in stomach. The manufacturer's guarantee is full and entirely satisfactory results to every purchaser as they should be. It is discussed in this way by Dr. M. Cook.

"Rose Dream" Success  
The operetta entitled "Rose Dream" given by the Saturday club of this city last Friday evening was a decided success from every angle. It was under the direction of Mrs. James Chinn of this city, and over 70 little people of this city took part. The characters represented fairies in the play and the scenic work on the stage was under the supervision of Mr. Weller, of this city. A large attendance was recorded, the affair being given at Shively's hall.

"Spring Fever" and Common Sense  
If a man or woman feels heavy, dull, languid, lazy,—lacking in ambition and energy—instead of giving up and saying he has "spring fever," it is more sensible to take a good, wholesome physic. Haward, Unadilla, Ga., writes: "I find Foley Cathartic Tablets give me quicker relief than anything I ever tried." Sold Everywhere.
