BACK IN TEXAS—

AND BACK IN OREGON

The following poem on Texas arrived in the editor's mail this week from a subscriber, who is leaving Oregon and moving to the land of cattle and greasers—Texas. In fact, the poem really describes both Oregon and Texas. It was written by Mrs. Moody, back in Texas, to Mrs. Cochrane, in Oregon. Mrs. Moody tells of Texas, and in the same verses, Mrs. Cochrane replies and tells of the wonders of Oregon. The poem follows.

BACK IN TEXAS

(From Mrs. Moody, back in Texas, To Mrs. Cochrane, in Oregon.)

Oh, the sun is shining bright, "Back in Texas," Not a storm-cloud mars the sight, Back in Texas, And you hear the drone of bees in the flower-scented breeze, And the birds sing in the trees Back in Texas.

Fields are filled with golden grain, Back in Texas, Peaceful cattle dot the plain—Back in Texas, And the lofty mountains high, reaching up to meet the sky, Flung their shadows far and nigh, Back in Texas.

Oh, the air is full of health—Back in Texas, And the earth is full of wealth, Back in Texas. Don't you hear the prairies call? There's a welcome there for all, Be your station great or small, Back in Texas.

(From Mrs. Cochrane, in Oregon, to Mrs. Moody, back in Texas.)

I got your letter, daughter dear, With its eulogy in rhyme, Of the sunny land of Texas, Where the birds sing all the time. But there's a state called Oregon— Perhaps you didn't know— Where they don't ship soil from other states To make the flowers grow— In dear Old Oregon.

Where the streams are full of finest fish, The mountains full of game, And the blessings of the country Are too numerous to name. Where the whistling farmer's plough share Turns up the richest mold, And the valleys in the autumn Gleam with fruit like yellow gold In dear Old Oregon.

And talking about your mountains Reaching up to meet the sky, Why here, whichever way you turn, The snow-caps meet your eye, And cherry trees hang red with fruit As the summer days go by In dear Old Oregon.

Yes, I know about old Texas, With its plains so broad and bare; Where the sun's so hot in summer It will fairly singe your hair; Where the prairie dog and coyote Are the only game you see— Oh, I guess the prairie's calling— But it isn't calling me From Dear Old Oregon.

IN THE SPRING

When Energy and Vitality are Lowest, then—Influenza!

(By S. C. BOWER, M. D.)

At this time of the year people feel weak, tired, listless, their blood is thin, they have lived indoors and perhaps expended all their mental and bodily energy and they want to know how to renew their energy and stamina, overcome headaches and backaches, have clear eyes, a smooth, ruddy skin and feel the exhilaration of real good health tingling thru their bodies. Good, pure, rich, red blood is the best insurance against ill of all kinds. You are apt to suffer from an attack of influenza if your health is run down.

Purify the blood and you can defy influenza. This is the time to clean house and freshen up a bit.

Drink hot water a half hour before meals, and for a vegetable tonic there's nothing better than Dr. Pierce's Golden Medical Discovery, the old-fashioned herbal remedy, which has had such a fine reputation for fifty years. It contains no alcohol or narcotics and is made into tablets and liquid. Send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y. for trial package.

Maryville, Calif.—"I needed a tonic; my blood was thin, I was run-down, my back ached, my kidneys were weak and digestion was so bad that I could not even drink milk. I remembered that mother had always depended on Dr. Pierce's Golden Medical Discovery, so I decided to take it. In a short time I was greatly benefited. I continued taking it and was a well woman."—Mrs. J. S. Barber, 219 8th St.

Ah, when will people learn the delicious value of quiet, self-respecting simplicity?—From Christian Endeavor or World.

RUBY SUES FOR PAYMENT ON \$4,500 PROMISSORY NOTE

A suit as entered in the circuit court here by James A. Ruby against Carl O. Sophia C., and C. O. Young, to collect a promissory note for the amount of \$4,500, given to plaintiff in May, 1911. The note was given by Sophia Young, and S. O. Young claims some interest in the property on which a mortgage was given to secure the note. The plaintiff alleges that nothing has been paid on the note except interest to March 1, 1916, and that the defendants have failed to pay the last half of the taxes for the years 1916, 1917-18. Plaintiff also alleges that he has been compelled to pay these amounts and asks the court to allow him the full face of the note including the amount that has been paid in taxes by him, and \$350 attorney's fees, and also asks the court to foreclose the mortgage on the land to effect a settlement of the note.

NOT DUE TO SEX ALONE Oregon City Women Have Learned The Cause of Many Mysterious Pains and Aches

Many women have come to know that sex isn't the reason for all backaches, dizzy headaches and urinary disorders. Men have these troubles, too, and often they come from kidney weakness. To live simply, eat sparingly, take better care of one's self and to use Doan's Kidney Pills, is bound to help bad kidneys get better. There is no other remedy so well recommended by Oregon City people. Read this case:

Mrs. Kate Flanigan, Sixth & Jefferson Sts., says: "I know Doan's Kidney Pills are reliable for I have taken them on several occasions for backache and other kidney disorders. They have always done me good. I am only too glad to recommend Doan's Kidney Pills if it will be the means of letting others know what a good kidney medicine they are."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Flanigan had. Foster-Milburn Co., Mfgs., Buffalo, N. Y. (Adv.)

NEW HOSPITAL OPENED BY OREGON CITY WOMAN

Mrs. Barlow, of Denver, Colo., who has been in this city for the past four years as a nurse, has made arrangements to open up another hospital in Oregon City. She has had 27 years of experience as a practical nurse, and has rented the Meindl residence, situated at 11th and John Adams streets, for the location of the institution. The building has nine rooms, and modern throughout, and is admirably situated for a hospital. Mrs. Barlow has already tak-
