

ANGLER'S GUIDE

Where the Fishing's Best in the Webfoot State and How to Get There

WESTERN OREGON

Laying Creek—Water is still too high and cold for good fishing.

Row River—Good catches of trout are reported at Dorena, Wildwood and Diston. Reached by auto road by way of Cottage Grove. Fish are taken by spinner and Brown hackle fly.

North Umpqua River—Good catches of trout are being made at Grants Pass and vicinity. Reached by railroad and auto by way of Grants Pass. Trout are taking fly a little, but better catches are being made with small spinners.

South Fork Santiam River—Good catches of trout are reported at Cascadia and vicinity. Reached by the Willamette Valley and Cascade mountain wagon road by way of Lebanon. So far catches are being made by bait fishing.

Seven Mile Creek—Good catches of trout are reported at various points on the stream. Reached by auto road by way of Klamath Falls.

McKenzie River—Good catches of red sides are being reported on all parts of the stream. Reached by auto or stage by way of Eugene. There are hotel accommodations at Blue River, McKenzie and Belknap Springs.

Horse Creek—Good catches of red sides are reported at various points along the stream. Reached by auto or stage from Eugene.

Eagle Creek—Good catches of trout are reported about the Punchbowl. Reached by Columbia River Highway and Eagle Creek trail.

Tanner Creek—Good catches of trout are being made at points below the falls. Reached by Columbia River highway or railroad by way of Bonneville.

Fish, Clear and Big Lakes—No reports have been received from any of these lakes which are still snow bound.

North Santiam and Breitenbush Rivers—Small catches of Dollyvarden are reported near Detroit. Reached by railroad. Stream still high.

Little River—Good catches of salmon trout are reported between Glide

and the mouth of Covitt creek. River still high and cold for mountain trout.

EASTERN OREGON

Wallowa River—Good catches of rainbow trout are reported at various points on the stream. Reached by auto from La Grande, Minam or Wallowa.

Indian Creek—Good catches of rainbow trout reported at points near Elgin. Reached by auto or wagon by way of Elgin.

Imnaha River—Good catches of rainbow trout are reported at various points along the stream. Reached by auto from Enterprise.

Bear Creek—Good catches of mountain trout and salmon are reported at various points along the stream. Reached by wagon road passable for autos by way of Mitchell.

Bridge Creek—Good catches of mountain trout are being made at various points, although stream is still muddy. Reached by auto road by way of Mitchell.

Drew's Creek—Good catches of trout are being made at various points along the creek. Reached by wagon road.

Clarke Creek—Good catches of trout are reported at several points along the creek. Reached by wagon road.

Clarke Creek—Good catches of rainbow trout are reported at points near Elgin. Reached by wagon or auto by way of Elgin.

Deep Creek—Good catches of trout reported at many points on the creek. Reached by wagon road by way of Lakeview to Plush and Adel.

Lesieur Creek—Good catches of trout are reported at several points on the creek. Reached by stage road from Lakeview or Klamath Falls.

Mill Creek—Good catches of rainbow trout are being made at points between Cove and Grande Ronde rivers. Reached by auto road by way of Union.

Pine and Clear Creeks—Good catches of eastern brook and rainbow trout are being made at various points along the stream.

Twin Lakes—Good catches of steel head trout are being made at various points on the lakes. Reached by auto by way of Bend.

HOW'S YOUR BLOOD?

Pimples and Eruptions Mean Bad Blood

People who have impure or impoverished blood should be careful to take only a temperance remedy made of wild roots and barks such as Dr. Pierce's Golden Medical Discovery is and has been for nearly 50 years. Ingredients printed on wrapper.

The first day you start to take this reliable medicine, impure germs and accumulation begin to separate in the blood and are then expelled through the eliminative organs.

In place of the impurities, the arteries and veins gradually get fresh vitalized blood and the action of this good blood on the skin means that pimples, boils, carbuncles, eczema, rash, acne and all skin blemishes will disappear. Then you must remember that when the blood is right, the liver, stomach, bowels and kidneys become healthy, active and vigorous and you will have no more trouble with indigestion, backache, headache.

Get Dr. Pierce's Golden Medical Discovery to-day at any medicine dealer, in tablet or liquid form, or send 10c for trial package to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

Spokane, Wash.—"I had scrofulous sores on my body and limbs and boils were always coming out in different places. I took treatment from several doctors but they did me no good. At last I began using Dr. Pierce's Golden Medical Discovery for my blood. When I had taken three bottles of it the sores were all healed and I have not been troubled any more with boils."—U. S. Fuson, S. 110 Ivory St.

ROAD INFORMATION

A new department added to The Courier's columns which will appear from time to time for benefit of motorists

WESTERN OREGON

Three Rivers—Open between Willamina and Tillamook. This road is in poor condition through the Grande Ronde Indian reservation; passable for an expert driver. Construction work between Dolph and Hebo makes travel slow. There are no detours. Eugene-Florence—Open between Eugene and Mapleton, but quite rough. Closed over North Fork mountain. Will be open about June 1. Road is narrow, with steep grades and sharp turns, and should be attempted only by experienced drivers. Alsea River—Open between Corvallis and Waldport. In fair condition, Corvallis to Missouri Bend. Passable between Missouri Bend and Waldport. Road has not been worked around Missouri Bend and over Tidewater Hill. Is very rough and should be attempted only by experienced drivers with light cars. Roseburg-Peel—Open and in good condition between Roseburg and Peel. Row River—Open and in fair condition between Cottage Grove and Diston; rough in places. Repair work is going on. There are good camping sites along this road. Grants Pass-Crescent City—Open and in fair condition between Eugene and Boulder Grade. Closed by snow between Boulder Grade to the summit. McKenzie Highway—Open and in fair condition between Eugene and Blue River. Poor condition, Blue River to Lost Creek ranger station. Closed by snow between Lost Creek ranger station and the summit. Anna Creek—Open and in fair condition between Klamath Falls and Crater Lake Park boundary. Closed by snow inside park. No detours possible. Should open about July first. Santiam Wagon Road—Closed to all except foot traffic between Cascadia and eastern boundary of Santiam national forest. There are several dangerous bridges, which should not be used by vehicles. Will probably be open July first. Crescent City-Gold Beach—Open and in good condition between Crescent City and Brookings. Rough but passable, Brookings to Gold Beach. Riddle-Drew—Open and in fair condition between Riddle and Tiller. Closed by condemned bridge between Tiller and Drew. Scottsburg-Allegany—Open and in fair condition, Allegany to Loon lake. Closed between Loon lake and Scottsburg by washouts and the rough, steep nature of the roadbed. It is unsafe for wagon travel and should not be attempted by motorists. Bandon-Gold Beach—Open and in passable condition for light cars between Bandon and Gold Beach. Barlow-Oak Grove—Open and in fair condition, between Twinbridges and Camas Prairie. Should be open by June 15.

EASTERN OREGON

Lakeview-Plush—Open, but in rather poor condition, between Lakeview and Plush. Chico—Open for wagon travel, but in poor condition. Autos should not

attempt between Enterprise and Chico.

Powwaka—Open and in fair condition for wagon travel between Wallowa and Powwaka. It is rough through the timber, with some mud holes; but passable for machines.

Promise—Open and in fair condition between Wallowa and Promise. There are rough places in the timbered section of this road.

Mitchell-Dayville—Open and in good condition between Mitchell and Dayville.

Prineville-Paulina—Open and in good shape for travel between Prineville and Paulina.

Baker-Cornucopia—Open entire length. Fair condition Baker to Carson. Passable for autos, Carson to Cornucopia.

Sparta-East Eagle—Open, but in poor condition Sparta to Lily White. Closed between Lily White and East Eagle. No detours. Road probably will be open by May 20.

Imnaha—Open and in good shape between Enterprise and Imnaha. Lakeview-Bend—Open and in fair condition Lakeview to Bend. Pendleton-La Grande—Open, but in poor condition, Pendleton to La Grande.

Lakeview-Klamath Falls—Open entire length, but in poor condition. Lakeview-Alturas—Open for all classes of travel between Lakeview and Alturas. Muddy in places. Paulina-Burns via Bear Valley—Open between Paulina and Burns. Muddy in places. Paulina-Burns via Bear Valley—Open between Paulina and Burns. Muddy in Bear Valley.

Prineville-Mitchell—Open between Prineville and Mitchell. Rough between Ochoco ranger station and Beaver ranger station; otherwise in fair condition.

Prineville-Burns via Millikan—Open and in fair condition. Bend-Fort Rock via La Pine—Open but in poor condition. La Pine-Crescent—Open and in fair condition. Bend-Sisters via Tumalo—Open and in fair condition. Bend-Sisters via Tumalo—Open and in fair condition. La Grande-Joseph—Open and in fair condition. Paulina-Burns via Fife—Open and in fair condition, Paulina to Burns except a muddy stretch on Buck mountain due to melting snow. Detour is possible via Gap Ranch. There are a few bad mud holes in Long Hollow.

Baker-Prairie City—Road is open between Baker and Prairie City. In fair condition, Baker to Whitney; poor condition, Whitney to Prairie City.

INDIAN MOUNDS PRODDED TO DISCOVER SECRETS

A group of Indian mounds in Linn county is being prodded by Prof. J. B. Horner and his class of history students, to get from them the story of their origin and use. Although many times as old as the gray pyramids of Egypt they have never given up a title of the lore revealed by

the great sentinels of the desert. It is now time to make them looser, thinks Professor Horner, and reveal their secrets of past ages.

The first of a series of explorations was made Saturday, May 17, by Professor Horner, 50 of his students, and a delegation of Corvallis and Albany citizens. Before visiting the mounds the explorers inspected the extensive collections of relics taken from the mounds and exhibited in the museums of Dr. J. L. Hill and J. G. Crawford, of Albany. These relics consist of stone vessels of the earliest form of worship, implements and utensils of a much later date, and

skeletons, beads and arrow heads of modern flat-head Indians.

Dr. Hill thinks the mounds were built of earth carried from the excavations that, like small lakes, invariably appear alongside the mounds. Why they were built, he does not pretend to know. Being easy to dig in they were used as burial mounds by modern Indians, "who," he says, "were lazy."

How the relics were recovered by excavations, which so far have been shallow, was explained to the history students, many of whom expect to assist in a systematic archaeological

quest for the story of the mound builders.
