

# NEWS OF THE COUNTY AND SUBURBS

## Local and County Items of Interest to Courier Readers

### EAGLE CREEK

Claude Sersanous and family, of Sellwood, were out this way recently. Mr. and Mrs. J. P. Woodie and son, Joe, were guests at the home of another son, Malcolm Woodie, of Troutdale, Sunday. Joe remained to work for his brother during the summer.

Mr. and Mrs. Roy Douglass motored to Schuebel Sunday, spending the day with the latter's parents, Mr. and Mrs. G. Moehnk.

Mr. and Mrs. Carl Duus, Mr. and Mrs. Herman Duus, Mrs. Frieda Kirchem, and children, were guests at the home of Walter Douglass Sunday.

Mr. and Mrs. R. B. Gibson called on Mr. and Mrs. Henry Udell, of Dover, Sunday.

A. N. Orke and wife spent Sunday at their farm home.

Walter Douglass was an Oregon City visitor last Wednesday.

Mr. and Mrs. Bow, of Portland, are spending a few days at their farm place.

### UPPER HIGHLAND

Rain, rain, please go away—Come again some other day. Poor I want to go and play.

Larkins mill has been shut down for a week or two, in order to build some new houses and clean up around the mill. It will open next Monday.

At the party at John Schram's last Saturday night, everybody reported a very good time. It being ladies' choice for supper, results were that some very beautiful young ladies ate supper alone. There were about fifty present.

Everybody sit up and take notice! There will be a big dance at Clarke's Grange hall on June 21. Good music and good "eats." Everybody come!

Mr. and Mrs. Buzz McVay and son, Ernest, and Mr. and Mrs. Iva McVay, and daughter Bonnie, were visiting with friends and relatives in Oregon City over Saturday and Sunday.

Miss Hilda Chase went home for good last Sunday. Many of her pupils were very downcast when they bade her goodbye.

The Larkins Mill team played ball with Carus last Sunday. The score was 21 to 10 in favor of Carus. One Larkins boy remarked that they would rather be beaten by good natured players than to beat the cranky ones. Carus certainly was good-natured.

"Grandma" Larkins is visiting her granddaughter, Mrs. Frank Nicholas, for a few days.

### LOGAN

There will be a community picnic at Harding Grange park on Saturday, June 21st, and everybody should bring eatables for the common store and have a rousing good time. School children and parents are especially

expected to be on hand. There will be amusements and refreshments and a good program including speaking by C. E. Spence, C. Schuebel and Judge Stapleton, of Portland. There will be a dance in the evening for those who are on the list for that form of social amusement. Preparations are being made for a large attendance and we think the occasion warrants it.

We hear that the Jersey picnic held at N. H. Smith's farm on June 7th, was a deservedly successful affair. The local attendance would have been greater if it had not been on Grange day, but the principal speaker could be secured only on that day.

Crops are flourishing except clover, which was a poor stand to start with. It seems to be a vetch year, as it grows and grows.

George Tracy spent the time of his war service in New York near the big city, and he says most of the boys made good use of their opportunity to see the sights and imbibe what the numerous saloons had to offer.

### REDLAND

Well, the special election is over and the people by their vote have again shown that they don't want bonded indebtedness, but had the legislature put up some of the measures on their merits instead of riders they would probably have passed.

Mr. and Mrs. F. Schwartz and infant were visiting relatives, and Mr. and Mrs. Joe Schwartz have gone back with them.

The Jersey picnic at N. H. Smith's was well attended and a number of speakers were on the program. Lunch was served in the grove and the weather was made to order.

Quite extensive preparations are being made for the community picnic at Harding Grange park on June 21. All you grangers are requested to bring well filled baskets as there will be a dance in the evening.

You can notice there is considerable Canadian thistle starting along Clear Creek and it behooves farmers to watch for it and keep it from spreading.

Mr. Bateson is trying to form a new division as he wants a phone.

Mrs. Cato that used to be has moved onto her farm while C. O. Sunday has moved to Troutdale.

It is believed that Mr. and Mrs. F. Bullard have sold their farm and will move back to town.

Mr. Editor we sympathize with you as sometimes we feel like quitting ourselves when it seems hardest and things go wrong but we are not quitters.

### CLARKES

Henry Grossmiller was driving a truck for David Moehnk recently. They were logging with the truck and while unloading the logs, one es-

aped, the log rolling on his foot and crushing that member. He was taken to Oregon City for doctor's treatment.

Miss Lydia Dargman went to Portland to stay with relatives during the rose festival.

William and George Clarke are putting up a silo.

Ed Buol butchered some hogs last week.

Charles Harlow, of Oregon City, was a visitor at the home of C. Stromgreen last Sunday.

Miss Hannah Stromgreen, from California, is visiting her brother, C. Stromgreen, and family for a short time.

Clarence Lee was in Oregon City last Saturday afternoon.

Ed Grace was in Portland last Saturday.

Mr. and Mrs. W. H. Wettlauffer were in Oregon City last week.

A party was given at the home of Mrs. Christina Kleinsmith last Saturday evening, June 7th, in honor of Elmer Kleinsmith, who came home from New Jersey where he was in camp. Those present were as follows: Misses Mary Bottemiller, Bernice Gard, Lillian Yager, May Rogers, Alice Rogers, Veneta Oldenburg, Florence and Elsie Kleinsmith, Mr. and Mrs. Clarence Lee, Mr. and Mrs. George Clarke, Mr. and Mrs. Isaac Cook; Messrs. Claudius Bottemiller, Theodore Sager, Henry Mueller, Elmer Rogers, Clifford and Virgil Cook, Willard Oldenburg, John Schriber, Leonard Marshall; Mr. and Mrs. Kleinsmith. The evening was spent by playing games. Refreshments were served and everybody enjoyed the evening very much.

### CHERRYVILLE

Fine rains the first of the week. Favorable weather so far—plenty of rain and plenty of sunshine.

No aphids have appeared yet and it is hardly expected that they will be so bad as last year.

Joe Wilcoxon, who has been in California for the past six months, returned last week. He says it was very hot around Sacramento and everything was burning up.

Lieutenant Ernest Graham visited with his grandparents last week. He said he had his fill of army life, as too many men got in office that were domineering or inefficient.

Dr. Botkins celebrated his 78th birthday anniversary last Sunday. Dr. Watts Botkin and children of Gresham, and Genevieve Graham, his granddaughter from Portland, were out.

Lloyd Corey returned home from overseas lately. He said he gained 40 pounds while in the army, but is glad to get back.

A "shower" was given for Grace Shank on Wednesday of this week by the ladies of the neighborhood at the home of Mr. and Mrs. Webber, 12 miles east of the post office. Quite a number of useful presents were given, and strawberries were served.

J. T. McIntyre, of Brightwood, has been selling Gold Dollar strawberries at Mikelsen's mill. He has a field across the river from his store that seems to be very well adapted for strawberries and grapes, of which he had a fine crop last year, and sold at good prices.

C. E. Spencer, who used to run a hotel in the Yellow Stone park, has fitted up the Arrah Wannah hotel above Brightwood and has a fine mountain hotel, one of the best in the state. Mr. and Mrs. Tawney are also in great shape for the season's trade, and Mrs. Tawney has the reputation of being one of the best cooks on the coast. Mrs. Franzette, at the Rhododendron, has very much improved her fine and elegant hotel, and now has a great swimming pool and everything in first-class shape.

Archie Averill is still at Camp Mills in Long Island. It seems that there is no end to the delays in getting men released from the army now-a-days. His barracks bag came through last week containing his steel trench hat, gas masks and other souvenirs of the great war.

Jacob Leuthner has sold his bee ranch to a party from Portland. It is located three miles southwest of town.

Billy Allen did a big business at his garage here last Sunday, as there were hundreds of machines out and some of them had trouble that had to be remedied.

A prominent business man says that 40 per cent of success in life is a financial way is due to luck and the nerve to act when the right time comes. Consider the case of Fred Beechil here, who went stony broke a few years ago in the contract business in Portland, and came out and took up a homestead near Brightwood. This was a hard proposition but he tackled it and cleared up some land and worked around at whatever he could get to do. Later he took a contract at driving ties on the Sandy river after others had failed and luck favored him with a good stage of water so that he cleared up \$2000 in one month. He then bought a home in Gresham at a rare bargain, which he could double his money on so that his children could have better schooling. Then he built a flume three miles long from a mill five miles east and made money enough driving ties this spring to more than pay for building and has a contract for five years to carry lumber and ties down his flume. This will easily pay him \$5000 a year. Next, he bought a saw mill near Corbett for \$600, for which he was offered \$1200 a few days after he bought it. Allen Emil is associated with him in this saw mill, and he is as big a hustler as Fred, himself.

Mrs. Lillian Averill Ten Eyck has been employed to teach the school at Lutes for a nine months' term at a salary of nearly \$100 a month. Mrs. Ten Eyck holds a life certificate from the state board of education.

Mrs. Jesse Stofor, of Douglass, Wash., has been visiting her people, Mr. and Mrs. Clarke, for the past week.

John D. Rockefeller has an income of over \$100 a minute and contributes some of his vast income to big churches and colleges in hopes they will be able to placate public opinion in his favor so that he can go on preying on the people. He stands charged with murder by the Industrial commission in the Colorado fuel and iron strike. This commission is an official body and told the truth.

### 32 Years' Service

Mrs. A. Waldman, 460 Glenn Ave., Fresno, Cal., writes: "When I was young I had a fever and it left me with a cough every winter. Thirty-two years ago I read about Foley's Honey and Tar and bought some and it helped me. I use it yet and it helps me every time. I am a widow 66 years old." There is nothing better for bronchial, grip and similar lingering coughs and colds that hang on. Just fine for children—for croup and whooping cough. Contains no opiates.—Sold Everywhere.

### TWILIGHT

The welcome given our returned soldier boys on last Thursday evening was a complete success. Upwards of 200 people were not only entertained but fed bountifully. Many lunches were afterward sent those unfortunately absent. It was a social success, the literary part of the program was entertaining and the banquet could not have been improved upon. Judge Dimick delivered the principal address of the evening. Miss Maxine Telford entertained us with a violin solo, and George Randall of Central Point, rendered a vocal solo, both responding to encores. Roll call of our roster credited fifteen soldier boys to school district No. 109 and these were seated at a table on the stage together with an old veteran of '61-'66 at either end, P. H. Mead and W. A. Dodds. Very graciously did the latter bow their heads with a brief eulogy of the former, which was magnanimously responded to.

A second table seating upwards of 60 people was spread along one side of the main auditorium and served the balance of the audience. Afterwards, social entertainment further demonstrated to our soldier boys the deep feeling of our populace toward our defenders—many were the congratulations extended and expressed

hopes of a successful future.

The hall was beautifully decorated with flags, bunting and flowers, inciting numerous compliments from those in attendance. Large bouquets of roses and potted plants graced the tables, covered with linens of immaculate whiteness, on which was served sandwiches, pickles, and coffee, strawberries and ice cream. It was assuredly a pleasant affair enjoyed by all and accompanied by no regrets.

May the boys, as a final reward on this earth, enjoy much prosperity and at all future time carry the same esteem in which they are now held.

Earl Bentley and wife from Highland, attended the soldier boys' entertainment exercises. Also visitors from Mt. Pleasant and Central Point were noticed and welcomed.

We have a peculiarity in the form of a citizen, who greets each newcomer with the information that to successfully grow onions in Oregon, the soil should be compacted by a daily tramp over the onion bed. His logic is inexplicable, but great pleasure is derived if its reiteration.

The Dodds entertained friends again last Sunday—most admirable hosts. (Editor—This is a standing item in the Twilight columns.)

Bert Harvey, a discharged sailor, returned home last Monday.

Weather continues perfectly satisfactory. Growing grains and vegetation of all kinds could not be more promising, and wild pasture never exceeded its present condition, and to me it seems roses were never more profuse or lovely.

After liberally donating toward the expense of our late entertainment, Mr. Peter Jacobson approached the committee with additional aid, in case of a shortage in the exchequer, which properly marks the man. Mr. Jacobson is a most excellent citizen.

Sheep shearing has been the ruling activity of the week among our farmers and stock raisers. Fleeces are averaging around nine pounds, with a prevailing market around forty-five cents.

Did you know there were 3000 islands in the Philippine Archipelago, with 400 of them occupied?

A kin picnic was pitched on the banks of the Willamette near Pipes siding. L. E. Bentley and family, his son, Earl, and wife, of Highland, and the Criteser family—an enjoyable half day followed.

Now if some one will decide for Tom Kelland, what make of a car he wants, the cage, or garage, will soon have an occupant.

William H. Taft is the logical republican candidate to succeed President Wilson. Just now of all times, we need a level headed, well informed and experienced man at the head of our affairs. No saner man lives than Mr. Taft. We don't want a soldier at this time.

L. A. Montgomery has purchased 100 cords of wood from Frank Warner for this fall's delivery on the Oregon City market.

Birds are so numerous that the growers' share of this season's cher-

**Velvet**  
THE FRIENDLY TOBACCO

Thar's two things can't be imitated—youthful charm and mellow old age.

Velvet Joe

"Mellow old age" in good Kentucky Burley Tobacco is reached after it has cured for two years.

We put millions of pounds in warehouses every year, to ripen for two years. It is a slow, expensive method. But it makes Velvet as good a pipe tobacco as money can buy.

It makes Velvet mellow and friendly—cool and long-burning. Get that charm of Velvet's mellow age in your pipe today.

## PADEREWSKI—Premier of Poland AND MASTER PIANIST USES NUXATED IRON

To Obtain Renewed Energy, Power and Endurance

Dr. Kenneth K. MacAlpine, for 16 Years Adjunct Professor New York Post Graduate Medical School and Hospital, Says That in His Opinion Nuxated Iron is

The Most Valuable Tonic, Strength and Blood Builder Any Physician Can Prescribe.

Ignace Jan Paderewski, one of the greatest musical geniuses of the age, at a time when his untiring work for Poland overtaxed his strength and impaired his health had recourse to Nuxated Iron to help rebuild his wasted forces and restore his old-time health and strength.

"With the tremendous strain imposed by over two years of almost ceaseless work in the cause of his fatherland, of which he is the foremost figure today, it is easily understood why Paderewski sought the sustaining tonic benefits of Nuxated Iron," says Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital. "Lack of iron in the blood not only makes a man a physical and mental weakling, irritable, easily fatigued, but it utterly robs him of the virile force, that stamina and strength of will which are so necessary to success and power in every walk of life. Thousands of men and women are impairing their constitutions, laying themselves open to illness and literally losing their grip on health, simply because their blood is thinning out and possibly starving through lack of iron. Iron is absolutely essential to enable your blood to transform the food you eat into muscular tissue and brain. Without iron there is no strength, vitality and endurance to combat obstacles or withstand severe strains. To help make strong sturdy men of blood and iron there is nothing better than organic iron—Nuxated Iron. Mr. Paderewski says: 'I am using Nuxated Iron very frequently and consider it as an excellent tonic.'"

A prominent New York Surgeon and Former Adjunct Professor of the New York Post Graduate Medical School and Hospital,

If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day, after meals, for two weeks. Then test your strength again and see how much you have gained.

Caution: Nuxated Iron, which is recommended above, is not a secret remedy but one which is well known to druggists everywhere. Unlike the older imitative products, it is easily assimilated and does not irritate the bowels, make them black, nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every person who strictly follows the directions. It is dispensed by all good druggists.

## The Working Power of Dollars

Dollars that remain idle can not grow, but when placed promptly at interest, they become a strong working power.

Start an account with the Bank of Commerce.

Agent for Clackamas County  
8th and Main Sts. Oregon City

## Ford THE UNIVERSAL CAR

The Ford One Ton Truck is one of the sure business utilities, and likewise just as big a necessity on the farm. Farming is surely a business proposition wherein success depends upon economical methods with up-to-date machinery. The Ford Truck will prove a great economy on the farm. The marvel is "how the farmer has got along without it all these years." It is a servant that serves, always ready and always economical. Price \$550, without body, f. o. b. Detroit.
