# Velvet

THE SMOOTHEST SMOKING TOBACCO

TIME—given the right chance—puts character in a man's face, horse-sense under his hat, and mellow fren'liness into his tobacco.

Velvet Joe

Time is a big factor in giving Velvet Tobacco its mildness and "character."

Velvet ages for two whole years in wooden hogsheads. During this long period the choice Burley leaves take on a kindly quality of coolness, a rich fragrance, a "taste" that appeals to pipe smokers—old and young.

Don't hurry, but just walk into the next store and lay down a dime and a nickel and say "VELVET"—the tobacco that isn't harsh but is friendly.

That might mean purchase honest goods—and it does—but it also means Pacific Highway Garage, and, provided you have an honest desire to qualify on the former, we feel no concern but that you will eventually come to the latter as a place of business. We have made it a business principle to sell only the lines we consider best and would want to invest in ourselves, if we were the customer. That is the reason we have so little trouble in convincing others of the merit of our goods—we must first be thoroughly convinced on this point ourselves.
