

## A clean, comfortable kitchen all year 'round

With a good oil cookstove and Pearl Oil you will cook in comfort all year 'round. Gives all the convenience of gas, without the dust and dirt of coal or wood. Bakes, broils, roasts, toasts—economically. Lights at the touch of a match. No waiting for fires to come up, no unnecessary work, no waste. Concentrates a steady heat on the cooking—leaving the kitchen cool and comfortable.

Pearl Oil, the Standard Oil Company's kerosene, is a most convenient and economical fuel. Easy to handle. It is refined and re-refined by our special process which removes the impurities. It is clean burning.

Pearl Oil is for sale in bulk by dealers everywhere. It is the same high-quality kerosene as the Pearl Oil sold in five-gallon cans. There is a saving by buying in bulk. Order by name—Pearl Oil.

We recommend New Perfection and Puritan Oil Cookstoves

### CORRESPONDENCE

(Continued from Page 3)

pathy to the family in their bereavement.

J. Crawford is the proud owner of a new auto.

The many friends of Ben and Reuben Chindgreen are very glad to see them home again, after an extended service overseas.

The annual school meeting was held at the school house Monday afternoon. Charles Hunter was elected clerk and Mr. Sammuelson was elected the new director.

### CHERRYVILLE

"Strawberries and cream!" A good crop of grain and hay is in sight. Old-timers say June is a wet month in Western Oregon nine years out of ten.

Archie Averill returned home last Saturday from eighteen months' service in the great war. Nearly all of this time was spent overseas in England and France. He belonged to the aviation branch of the service and, while he did not get to the immediate front, had some narrow escapes and endured many of the privations of the army life. There are many rascals and fools in the world and some of them get into positions where they can display their meanness and want of sense. While some of the officers were all right, life was made miserable in many instances by brutal and foolish men who, by some means, became officers. Archie Averill was twice promoted, to first-class private and then corporal. He says the Y. M. C. A., under the fire of criticism, became much better the last year. There were over 3000 Y. M. C. A. huts in France while there were only about 40 Salvation Army and the same of K. of C. The Red

Cross operated with motor trucks. The Y. M. C. A., being so much larger in numbers, could not help but contain some grafters and hoodlums. These were sooner or later weeded out and on the whole the organization performed useful service, although it was not as well thought of as the Red Cross or the Salvation Army.

The annual school meeting was held on Tuesday evening of this week and after the annual report was read and approved the election of a director for two years resulted in the election of David Douglas. Mrs. J. H. Averill was re-elected clerk of the board for the seventh year consecutively.

Mrs. Cora Klein and children have returned home to Spokane after a visit of several weeks here at the home of their relatives, Mr. and Mrs. M. C. A. Runyan. The mention of Billy Welch's summer resort was omitted last week, not

### For Colds, Catarrh or Influenza.

Do you feel weak and unequal to the work ahead of you? Do you still cough a little, or does your nose bother you? Are you pale? Is your blood thin and watery? Better put your body into shape. Build strong!

An old, reliable blood-maker and herbal tonic made from wild roots and herbs, is Dr. Pierce's Golden Medical Discovery. This "nature remedy" comes in tablet or liquid form. It will build up your body, cure your cold, and protect you from disease germs which lurk everywhere. One of the active ingredients of this temperance alternative and tonic is wild cherry bark with stillingia, which is so good for the lungs and for coughs; also Oregon grape root, blood root, stone root, Queen's root, —all skillfully combined in the Medical Discovery. These roots have a direct action on the stomach, improving digestion and assimilation. These herbal extracts in the "Discovery" aid in blood-making, and are best for scrofula. By improving the blood they aid in throwing off an attack of influenza.

Catarrh should be treated, first, as a blood disease, with this alternative. Then, in addition, the nose should be washed daily with Dr. Sage's Catarrh Remedy.

Send 10c for trial pkg. of Medical Discovery Tablets or Catarrh Tablets to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y.

intentionally, as they do not serve meals there any more but have excellent accommodations and rooms for all guests and visitors in many summer cottages scattered over their beautiful and extensive grounds.

Mrs. Jersey Stofer and her mother, Mrs. F. E. Clark, went to Camas, Wash., lately to visit relatives.

"All the days of my time will I wait till my change comes" is good Scripture and is good sense. Nature reveals these changes going on all around us but fanaticism, like the howling dervishes of India, prefer hysterics and emotionalism to common sense and reason and the plain teachings of Nature.

Mrs. C. E. Hanson, wife of the forest ranger at Zig-Zag, and Harry Morton, of the Zig-Zag gardens, both have fine gardens and all the surplus they have to spare finds a ready and profitable market at the summer hotels and numerous camps, as well as lumber mills. An extensive vegetable, fruit, dairy and poultry ranch would pay well in the country above us and up around Brightwood.

### MOUNT PLEASANT

Sure, we farmers can smile—the weather is all one could ask for, and crops and gardens are fine for this time of the season.

There is an increase in the corn crop, but a shortage of potatoes. Mount Pleasant was well represented at the graduation exercises at Oregon City and we have a right to be as we supplied two of the scholars that passed with high honors—Miss Leona Kellogg and Miss Alta Meredith.

The Mount Pleasant school had a nice class to graduate and it was a credit to the school and the instructors. The same teachers will be employed for another year.

The annual school meeting was held Monday evening, and R. W. Snook and E. Freye were elected directors and W. B. Lawton, clerk. It was decided to repair the school building, with new sills, paint and some other minor repairs.

Lee Parish is building a new house. Douglas King will leave next week on the steamer, "Celeron," from Portland, which is loaded with flour for Venis. He goes as assistant engineer.

We need a speed cop and that might be left to our road boss. Some people don't have any regard for the feelings of others. They think that because they are driving a car or a delivery machine at the rate of 30 or 40 miles an hour they are "somebody," so let us have some one that will call a halt. They ran over a valuable dog of Mrs. W. B. Lawton's recently and killed it. One boy, driving a delivery car, several times has shot off a gun—I suppose to make it go faster.

Mrs. Forbes Pratt, of Portland, has been visiting with her parents, Mr. and Mrs. A. E. King.

A. A. Pease and P. W. Meredith spent last Sunday in Portland. They went in behalf of spiritualism, and report some good thoughts.

Mrs. S. Roubecker and her son-in-law, Clinton Black, have moved to California, where the son will reside. Mrs. Roubecker will return soon.

Miss Leona Kellogg, who went to Salem to attend the graduation exercises and visit friends, has returned.

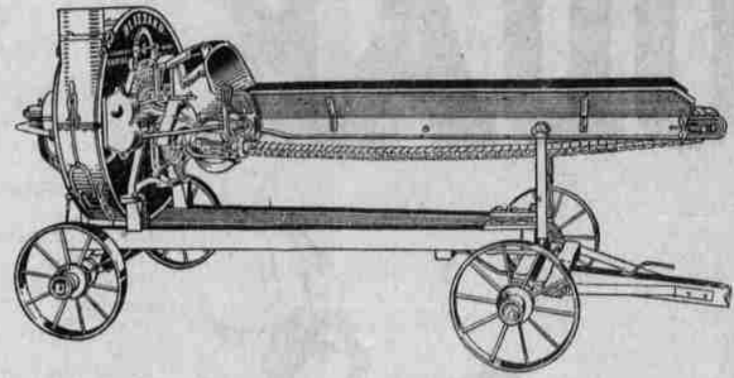

We are sorry to say that so many of our neighbors are selling off their stock, tempted by the high prices. The nice young heifers will soon be nice cows.

### Got Good Results

This honest, straight forward letter from a woman who has suffered should be heeded by all afflicted with backache, rheumatic pains, sore muscles, awful tired feeling and other symptoms of kidney and bladder trouble: "I have got such good results from Foley Kidney Pills that I can sleep much better and the pain in my back and sides is a good lot better. I am going to keep on taking them." Mrs. Chas. Gray, 270 6th St., Detroit, Mich.—Sold Everywhere.

The Larkins' mill, in the Upper Highland district, has been shut down for two weeks in order to erect some new buildings, and make needed repairs. The mill will open up on Monday.

Courier and Farmer—\$1.00 year.

## Blizzards Cut Silage Pays---

Blizzards Cut Silage pays better because it is cut evenly of the desired length and packs well in the silo.

Blizzards Silo Fillers have long led the ensilage cutter field by reason of advanced strong construction. The Blizzards first used that unique combination of knives, fan and fly wheel operated upon a single shaft. This means a simple and much lighter running cutter than a double unit machine can possibly be.

Now the Blizzards comes forward with another great improvement, the self feed. The most reliable self feed that has ever been perfected. Come and examine the new Blizzards. Sizes for all requirements.

## Stover Engines for All Needs

Use the Stover for pumping, for running the silo filler, the wood saw, the hay press and any other need about the place. You will find it reliable, economical and always on the job, ready when you are ready, never kicking and acting in every way as you have a right to expect a dependable efficient gas or kerosene engine to act. Let us mail you the latest catalogs.

Mrs. W. H. Dempster, 216 Fourteenth St., Oregon City, says: "I us-

ed to have weak kidneys and they acted irregularly. After I had taken Doan's Kidney Pills a few weeks I got rid of the trouble. It is only once in a great while now that I notice symptoms of the former complaint but a few doses of Doan's Kidney Pills soon put my kidneys in good working order."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Dempster had. Foster-Milburn Co., Buffalo, N. Y. (Adv.)

Berry Picking in Full Swing  
Hundreds of pickers have gone to the strawberry fields during the past

two weeks and since the U. S. Employment service established an office at Hood River the fields in that section are rapidly filling up. While for a time it looked as though there might be some difficulty in securing the required amount of help to gather the crop, at this date there is no serious shortage of pickers though the height of the season will not be reached for another week. The federal employment agent at Hood River reports pickers coming in in large numbers just now but says he can place from 100 to 200 aside from those in sight about the middle of the week when some of the late fields begin picking.
