

NEWS OF THE COUNTY AND SUBURBS

Local and County Items of Interest to Courier Readers

VIOLA

Mr. and Mrs. John Ficken and son, Stanley, started for Kansas Tuesday, to visit with relatives and old friends. They expect to be gone all summer.

Frank Cummins had another one of his bad spells Sunday, although he is feeling somewhat better now. Viola's new store is looking up in fine shape, and will soon be ready for business, for which the Viola people will be glad.

A number of men are working on the road on the hill from the store to the school house, hauling gravel and in other ways improving it.

At the road meeting, held at the schoolhouse Monday evening, a large crowd was present. We understand that all voted for the new hard surface road (except two). We hope it will be built. It will save time and damage to autos and wagons, and there won't be any danger of getting mired in mud holes.

ELWOOD

Mrs. T. Ostrovski and son, Tommy, of Portland, are visiting a few days at the Rydzewski home.

A Miller expects to be home from the hospital this week, where he had his eye operated on.

Mr. Everson, of the Clear Creek Mill Co., has purchased a belt of timber from Mrs. D. H. Vallen.

Mr. and Mrs. Otis Vallen visited last week in Beaver Creek and Oregon City.

The community is planning on a picnic to be held here July 4th.

George Brown, who was operated on at a Portland hospital Friday evening, is reported doing nicely.

Mr. and Mrs. Will Henderson and daughters, Myrtle and Leola, and C. Stehman, were Sunday guests at the home of the former's parents, Mr. and Mrs. W. T. Henderson and sister, Mrs. D. Vallen.

Mr. Harrison is in Portland taking treatment for his hand, which he crushed several months ago.

CANBY

Mr. Hart, an old soldier of Canby, attended the reunion at Dallas, in Polk county, a short time ago.

Warren Kendall is doing some car-

penter work for George Henriksen at Needy.

John Brown is in poor health at present. He is an old soldier of '61. R. P. Williams and George Williams called on John Burns and wife one day last week. R. P. Williams lives at McLalla, and George Williams lives at Midvale, Idaho. They used to know each other in Illinois before they came here.

David Fancher called on Mr. and Mrs. John Burns last Friday. Mr. Fancher has been working in Oregon City for the Pulp company.

Frank Hilton has been mowing hay for Bub Hilton.

Mr. Baty and Harry Cochran are building a large barn between New Era and Oregon City.

Mrs. Rape has been visiting for several days at the home of Mr. Rape's brother, who lives up near Salem. Mrs. Rape returned home recently.

"Grandma" Wheeler has returned home again after visiting relatives in Portland for a few days.

John Evans has been hauling wood for Mr. Rape. He has a gasoline wood saw and cuts sixteen-inch wood. George Mitts has the new ground, that he cleared for Clark and Knight, planted in potatoes.

Jim White has been making some improvements on his place.

Ben Wolfer, of Needy, was in Canby Saturday.

The mail carrier of Canby recently got a new mail wagon and on his first trip out with his new rig, it was struck with an automobile, and the wagon was pretty badly smashed up. It had to be taken to the shop for repairs.

LOGAN

Karl Falbert has sold his farm of 51 acres to Henry Tschopp. We hear the consideration was \$10,000, with the crop included.

S. Feathers had the misfortune to have a load of feed dumped on him in Portland and as a consequence is laid up with torn ligaments of his knee.

Earl Gerber took 9 hogs to the stock yards and received the top price.

Fred Minder has been sick with smallpox in Siberia, but was better at last accounts.

Great improvement is being made in the road on both sides of Bakers bridge.

Yes, a little brief authority turns the heads of many army officers, and that is one of the many reasons why nations should drop their illogical notions of retaining their sovereign power to declare war, and should unite and make a combined declaration that there will be war against any nation that refuses to obey the common will. That would be a sovereign act worth while.

The community picnic was a fortunate affair in most every way. The weather was ideal, the community was well represented, the program was good and there was enough to satisfy the inner man spiritually and otherwise. Two of the speakers failed to appear but Chas. E. Spence was equal to the occasion and demonstrated anew that the farmers of Oregon have an able leader, keenly alive to their best interests and able to defend them on any occasion.

The races furnished much amusement and about all the different kinds that have been invented were tried out—the girls' race, the fat men's race, potato race, three-legged race, sack race, etc. L. Funk, R. G. Scott and Miss Anthony took a keen interest in the races, Mr. Scott winning the fat men's race. A set of horse shoes were on the ground for the benefit of those skilled in throwing them. There were recitations and songs by the Logan school children, Miss Anthony and Mr. Scott. A large attendance was present at the dance, and altogether everybody is wishing for more such picnics.

The time—July 4th. The place—Beaver Creek. The occasion—celebration. Sports, games and races for prizes. Dance in evening, and ball game in the afternoon.

REDLAND

Miss Clara Fullam piloted a lot of her friends to a show at Oregon City recently and when she was ready to come home she found a notice: "Please report at police headquarters" posted on her car, but we have not been able to find out for what cause—possibly late hours. After stirring around for some time looking for police headquarters they concluded to let the joker have his fun and proceeded on their way home. F. Ballard has sold his farm to a Mr. La Lone of Vancouver, Wash.

Mr. Wynn, his mother and brother from Portland, have purchased a 20-acre tract opposite the Stone place and moved into the Cata place, which they have rented.

Lester Schwartz is sporting a new Chevrolet, while Mrs. A. L. and J. Hughes are sporting an Oakland Six.

A number of our people attended the picnic at Harding Grange the 21st. After dinner the following sports program was participated in. The events, names of winners, and prizes are given:—

50-yard dash for boys, 15-year limit—1st, C. Young—baseball; 2nd, Walter Funk—knife.

50-yard dash for girls, 15-year limit—1st, Helen Walsack—box of candy; 2nd, Edith Sprague—2 yards ribbon.

100-yard dash for all—1st, C. Mickles—knife; 2nd, E. Swales—knife.

Three-legged race—1st, Walter Funk and E. Swales—1 dozen bananas; 2nd, C. Walsack and C. Mickles—chewing gum.

Potato race, open to all women—1st, Ellen Walsack—box stationery; 2nd, Martha Christensen—ribbon.

Fat men's race—1st, Mr. Scott, county agent, ice cream; 2nd, Mr. Gibson, of Barton, cigar.

Women's race—1st, Vivian Gerber—ice cream; 2nd, Gertrude Smith—1 yard ribbon.

Shoe race, open to all—1st, Mr. Scott—1 dozen oranges; 2nd, Mr. Kirchem—soda pop.

Sack race—1st, E. Swales—knife; 2nd, C. Mickles—mole trap.

We must say that when it comes to getting there, Mr. Scott is "Johnny on the spot," even though he failed to win in the shoe race. After a short literary program Mr. C. E. Spence told the farmers of some of the problems we are butting up against, and also remedies for some of the sources, which was attentively listened to. In the evening the Grange gave a dance to as large a crowd as ever entered the hall.

W. Lewis is chief carpenter on the job of building a bungalow for Herman Fischer.

Mr. Rose is sawing a supply of wood for some of his neighbors.

Our road supervisor thinks he will have money enough to rock the road nearly to Mr. Allen's place. If the Live Wires and the county court could get some of the post road fund it would be appreciated.

George Hinchbatham has sold his holding to a party in Portland for a summer home.

Fourth of July celebration at Beaver Creek. Come, bring your friends and enjoy one of the best times of your life.

STAFFORD

Come to Schoolhouse hill and look over Stafford, and you will think you have come to the Promised Land, sure. Every field and almost every rod of ground the eye rests upon, is green with thrifty, growing crops, or blooming flowers.

We hear that our new neighbors, Mr. Perry and family, have left on a trip to California.

Ed Pomperine is reported returned from overseas and waiting in New York for orders to cross the continent. His young bride of a few weeks has kept the home fires burning, ready to welcome him.

Bob Schatz is still in Siberia, at the last accounts.

Ernest Aerni has returned from France and attended the entertainment of the Loyalty League, accompanied by his sister, Edna.

Albert Ellegesen, who has been ill for the past number of months, is no better, and he is to be taken to a sanitarium in a few days.

Mr. and Mrs. Leslie Wallace spent the week-end with the Gage family, returning to their home in East Portland on Monday.

Mrs. C. Thomas' sister, who has been visiting her sister and other friends a number of months, returned to her home in Dakota last week.

The Ladies' Circle met with Mrs. Nussbaum last Thursday and spent a very enjoyable day. They will meet with Mrs. Nemeo on the third Thursday of next month.

H. Peters and daughter, who were reported at first seriously hurt when the steering gear of his motorcycle went wrong going down the hill leading into Oswego, were not as badly hurt as at first supposed, but were shaken up and needed a good deal, but luckily no bones were broken. They are safely recovering, but realize they had a very narrow escape.

The Loyalty League met Saturday evening with a full house, and some boys on the outside—and had a very good program. A very instructive talk by Judge Dimick was listened to with attention and appreciation as he told of his first experience as a public speaker, thereby giving a lesson of encouragement to the young to "Try, try again." He then went on to tell of the work of the Salvation Army, as the drive for that worthy organization would be on hand this week, and the solicitor for this district secured a number of dollars towards our quota. Mr. Dimick's wife and sister were with him, also a young lady from the Enterprise office, whose name we fail to recall. A fine supper was served in honor of the returned soldiers; but by some oversight they were not notified to wear the uniform, and appeared in citizen's clothing. There was not enough money in the treasury to pay a few small debts for lights, etc., therefore the president ordered a penny march and enough was thrown into the hat to pay all indebtedness, with some left over to start with next October. There will be no more meetings until that month. The penny march, so-called, instituted by Oswego Grange, has come to stay, and is a very easy way of collecting a little needed money. All rise at the first note of the instrument and march single file around the room and up to the altar and drop whatever one pleases into a receptacle placed there. Contributions are all the way up from a penny.

Some clover is being cut, and Henry Baker's field of vetch and oats is so thick after cutting that he will be after hiring the house tops to dry it on as there is no vacant room on the ground. He worked hard for two hours to turn over about a quarter of an acre. We have the word of a reliable man to the truth of this statement.

Don't forget the big celebration at Beaver Creek on the Fourth. Fine time, dandy crowd and sports, games and races.

32 Years' Service
Mrs. A. Waldman, 460 Glenn Ave., Fresno, Cal., writes: "When I was young I had a fever and it left me with a cough every winter. Thirty-two years ago I read about Foley's Honey and Tar and bought some and it helped me. I use it yet and it helps me every time. I am a widow 66 years old." There is nothing better for bronchial, grip and similar lingering coughs and colds that hang on. Just fine for children—for croup and whooping cough. Contains no opiates.—Sold Everywhere.

Middle Aged Women

Are Here Told the Best Remedy for Their Troubles.

Freemont, O.—"I was passing through the critical period of life, being forty-six years of age and had all the symptoms incident to that change—heat flashes, nervousness, and was in a general run down condition, so it was hard for me to do my work. Lydia E. Pinkham's Vegetable Compound was recommended to me as the best remedy for my troubles, which it surely proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared."—Mrs. M. GODDEN, 625 Napoleon St., Fremont, Ohio.

North Haven, Conn.—"Lydia E. Pinkham's Vegetable Compound restored my health after everything else had failed when passing through change of life. There is nothing like it to overcome the trying symptoms."—Mrs. FLORENCE ISLELLA, Box 197, North Haven, Conn.

In Such Cases

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

has the greatest record for the greatest good

LYDIA E. PINKHAM MEDICINE CO. LYNN, MASS.

Why Insulation is Needed

"The purpose for insulation is just the same everywhere," says Mr. Hilgers, Willard Service Station Dealer, "whether it is in a power plant or in a storage battery, its main job is to keep the positive and negative plates apart, second, it must allow free passage of the battery solution, and third, it must resist the corrosive action of this strong acid solution.

"Certain kinds of wood do all three things and do them well, but wood must be selected with great care and even then there is more or less variation as with any natural product. Wood insulators are also difficult to handle as they must be worked wet and must never be allowed to dry.

"Threaded Rubber insulation, which is now well known among car owners, has all the advantages of the best grade of selected wood and in addition it gives the plates the advantage of the greater protective properties of rubber."
