Native Americans Increase in Oregon The department of commerce, through the bureau of census, recently issued a statement giving the clas-

sification of the white and colored population of Oregon as native American or foreign born and showing the state of birth for the natives as ascertained at the fourteenth decennial census taken as of January 1, 1920. Of the 783,389 inhabitants of Oregon 295,723, or 37.7 per cent were natives of that state; 380,022, or 48.5 per feed, \$28.00 per ton; milling \$35.00 cent, were natives of other states or of the outlying possessions, and 107,644,

or 13.q per cent were born in foreign

702 in Washington, 29,462 in Iillinois and 26,932 in Missouri. The percentage of native Americans in the total population of the state increased from 83.2 in 1910 to 86.3 in 1920, and the percentage foreign born decreased from 16.8 to 13.7. The percentage of natives of Oregon icreased during the same period from 33.5 to 37.7, and the percentage born in other states and the outlying possessions

decreased from 49.7 to 48.5. Of the 783,389 inhabitants of this state 14,243 are colored including persons of negro descent, Indians, Chinese, Japanese and all other nonwhites.
