F. J. TOOZE STATES HIS POSITION ON PUBLIC MATTERS

Declares For Reduction of Taxes, Minimum Number Laws and Administrative Code for State

I shall whether elected to the state senate or not continue to work for tax reduction and at the same time to serve the progressive public interests of Clackamas county and the state.

Taxes should be reduced by: Cutting down expenses which must be met by taxes; by addition of sources of income not now required to share the tax burden; and by making all taxable property bear its just share.

Favor millage tax for support of state educational institutions as the plan most free from political pull and manipulation. No additional appropriations should be allowed except in case of real, extreme emergency which very seldom occurs.

Believe in an Administrative Code providing for not more than ten departments for administration of the state government. Among the advantages of this system are that responsibility is more definitely placed; the multiplicity of present boards and commissions are eliminated; and the result will be greater efficiency and less taxes than under our present vacillating and expensive system.

Am against raising legislators or other officials' pay under present burdens of taxation.

Favor plans for making the state penal and reformatory institutions self-supporting.

Am opposed to making appropriations from the state treasury for the Pacific International Livestock Exposition and the State Fair as these institutions should be able to pay their own expenses. Scenic propaganda and tourist associations should not be paid for from the farms and other sources where the benefits are not commensurate with the taxes required.

Recognizing the value of the Farm Bureau, Grange and other agricultural and industrial organizations to the county and state I shall further their interests wherever possible.

I am for the minimum number of laws and the impartial enforcement of them.

A constructive program which will reduce taxes is the public's greatest need and to this program I pledge my efforts.

F. J. TOOZE.

West Linn Council Holds Regular Meet

The city fathers of West Linn met in regular session last Wednesday night and transacted the usual amount of business. All bills presented were approved and paid, an ordinance was passed authorizing assessments for improvements of the Buck and Barlow roads and a petition regarding the present jitney ordinance was repealed was laid on the table indefinitely.

The plans and specifications which had been prepared by Engineer Young for the Bolton sewer were explained to the council, but were not accepted, owing to certain changes it was thought advisable to make.

New proceedings will not be necessary to comply with the legal requirements.

New plans, embodying the proposed changes will be ready to be acted upon at the next meeting.

Several complaints were made by citizens of West Linn concerning bad holes in the pavements of Bolton and West Linn and these were ordered repaired and the matter put in the hands of the street committee. Council adjourned to meet March 8.

Mother of E. W. Eby Passes
Mrs. Farnsworth Eby, mother of E. W. Eby, of Gladstone, died at her home in Vancouver this morning from heart failure.

Local Legion Meets

The regular legion meeting of Willamette Post was held Monday night at Willamette hall. After the usual routine business was disposed of a lively discussion was held concerning the bonus bill now pending in Congress.

Lloyd Harding suggested that all Legion members, as well as other ex-service men, should write at once to Senator Stanfield, Congressman Hawley and McArthur in regard to this matter. If action is not taken at once the adjusted compensation bill, it now appears, may be shelved, which will mean virtual defeat. The Legion as an organization is doing all in its power to pass this measure but much can be done by individual members in this way.

CLASSIFIED ADS

TOO LATE TO CLASSIFY FOR SALE—Thoroughbred R. R. roosters, \$3.00. Mrs. Lucy Martin, Glen Oak Station W. V. S. R. R., Post office, Rt. 3, Box 32A, Oregon City.

Woman's Club Gives Thrift Day Program

At the regular meeting of the Woman's club last Thursday the program was devoted to the topic "Thrift."

Mrs. Florence Hickman spoke on "Thrift, What Does It Mean?" Mrs. O. E. Freytag discussed "Our Responsibility for the high cost of living."

General discussion followed the speakers and the club voted fifteen dollars to the county health nurse fund.

Funeral of Arthur Ekerson Is Held.

The funeral of Arthur Ekerson was held at the Lutheran church Thursday afternoon at 2 o'clock. Rev. William Kraxberger officiating. The young man died in the United States government hospital in Portland on Monday night. He entered the service of the United States in 1917 and was discharged in 1918 owing to be-

ing disabled by a fall which he received. He fell on his head which caused an injury that necessitated an operation from which he never rallied. He is a very estimable young man and had many friends. He is survived by his parents, Mr. and Mrs. John Ekerson and two brothers, Edwin and Herman of West Linn.

Council Has Knotty Problems

The proposed parking ordinance limiting cars to 15 minutes on Main street between 6th and 8th streets was defeated at the regular meeting of the city fathers on Wednesday night. As matters now stand 45 minutes are allowed as the limit for cars, which will necessitate changing the parking signs recently installed.

The truck franchise was subject to much discussion, the truck men being represented by Attorney McGuire of Portland, and the passenger bus people by Phil Hammond.

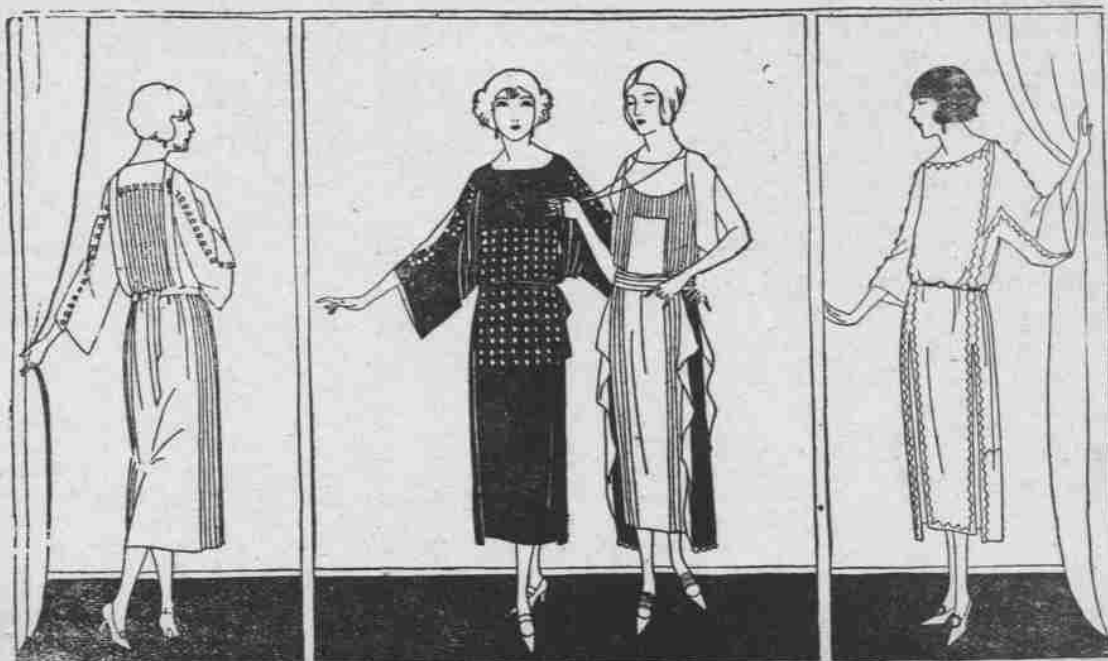

The claim was made that \$5.00 per month is too high tariff for the autos, and that it is illegal to tax through jitneys anyway. City attorney Eby expressed a willingness to try the matter out via police and court, with the result that a conference will soon be held.

Candidate for Governor in City.

Charles Hall, of Marshfield, candidate for governor of Oregon, was an Oregon City visitor yesterday.

In company with William Stone he called on many of the citizens in the interests of his candidacy.

Tires have reached a lower level in proportion to other staple articles than ever before in automobile history.
