One of the Sophomore English classes recently conducted a legal trial as part of their class work. Egbert Donnelly was the accused and his attorneys were Marvin Hickman and George Pepon for the defense while the prosecuting attorney was Jack Graw. Donnelly was convicted on a certain charge by the jury which consisted of Evangeline Christensen, Earl Cox, Annette Adcock, Elsie Turel, Roderick Porter and Glenn Smith. The court clerk was Mary Louise Merrick and Miss Margaret Du Bois, instructor of the class acted as judge.

Throughout the trial the attorneys and witnesses for both sides put forth their evidence in an interesting manner and from a standpoint of instruction in court proceedings the trial was a success. Star witness for the defense was Elmer Simpson, star witness for the state was Miss Dorris Mace.

Spring Is Here

Now come the Pigs—the Calves—the Colts—and the Lambs.
TIME for your work horses and mules to shed their winter's coat.
—TIME to tone them up—give their systems a spring house-cleaning—and drive out the worms.

Dr. Hess Stock Tonic

A Spring Conditioner and Worm Expeller

Your COWS that have long been on winter feed need the system-toning, bowel-cleansing, appetizing effects of Dr. Hess Stock Tonic. Puts them in fine condition for calving. It means more milk.

Your BROOD SOWS will be relieved of constipation and put in fine fettle for farrowing by a course of Dr. Hess Stock Tonic, which means healthy pigs, and a mother with an ample milk supply to nourish them.

Your SHOATS will be greatly benefited by a course of Dr. Hess Stock Tonic. It drives out the worms—stimulates the appetite and makes them thrive.

Feed it to EWES before lambing time. It prevents fevered udders and scouring lambs. Feed it after lambing time to stimulate the flow of milk, insuring lambs for the early market.

Dr. Hess Stock Tonic contains Tonics for the digestion, Laxatives for the bowels, Diuretics for the kidneys, and Vermifuges for the worms.

WHY IS THE BRUNSWICK THE PHONOGRAPH SUPREME?

By means of exclusive methods of Reproduction and of Interpretation, Brunswick achieves perfect rendition of the so-called "difficult" tones. Methods which apply to no other phonograph or records.

The Brunswick Method of Reproduction, embodying the Ultona, which cushions the path of the needle by proper suspension, and the Oval Tone Amplifier of moulded wood, is exclusively Brunswick.

The Brunswick Method of Interpretation, which results in sweeter and more beautiful records, and assures thoroughly correct interpretations, has not been successfully imitated.

Hence, musicians, critics and teachers all will tell you that buying any phonograph, without at least hearing The Brunswick, is a mistake. And that to be without Brunswick Records is to be without much of what is best in music.
