"Long Distance"

Every Bell telephone is a long distance station from which it is possible to talk with any one of over a million telephones in California, Nevada, Oregon and Washington. In fact, not the boundaries of these states but those of the nation are now the boundaries of the service.

The service is prompt and efficient. The operators are courteous. The charges are reasonable. It can be made a time- and money-saving aid in business—a convenience and satisfaction in social relations.

For detailed information as to rates and classes of service available consult the telephone directory, or call the "Long Distance" operator.
