

"PENNY-WISE" "POUND PUNK" FOR POLICE PROTECTION

At the last council meeting the matter of police protection bobbed up again. It bobs every time the police fund gets low which is most of the time.

The city budget provides for \$3500 which with fines is expected to furnish three men for the force. This is what actually happened during the past month. Extra work was required to look after traffic ordinances and to follow the general cleanup of recent date. And in order to do this amount of work an extra man was employed—and during the period of this employment there was brought into the treasury more money than during any other similar period in recent months.

This is the shift of the men on the force: Chief May from 8 a. m. to 5 p. m.; Titus from 5 to 7 and from 7 to 12 p. m.; Hemmingsway from 4 p. m. to 2 a. m.; while the fourth man was on the beat from 12 at night to 8 a. m.

That these men are needed there is no question. That the city is morally the cleanest for months is obvious. The fourth man has been dropped regrettably to the police and health committee and to the mayor. Reason given is "no funds." The force has done commendable work but cannot efficiently handle present traffic and other work with the present inadequate three-man force. Wouldn't it be good business to hire closer to the line of absolute essentials elsewhere and maintain efficiency in enforcement of law by an adequate police department?

L. C. Bridges Files For the Legislature

The following is his political statement.

If elected representative to the Legislature from Clackamas county I shall favor reduction and equalization of taxes, believing that some means must be found whereby the overtaxed farmers and taxpayers will be relieved of the present heavy burdens. Shall favor reduction in state expenses and shall oppose all unnecessary appropriations.

I believe the millage tax should be maintained for the benefit of the educational institutions of this state—but believe it should be sufficient without any extra appropriations. Shall oppose Japanese ownership or lease of land. Shall work to obtain greater economy and efficiency in state government.

Mr. Bridges was born in Coos county, Oregon; is a carpenter by trade and has been a resident of Oregon City for the past twenty years. He was elected a member of the Oregon City for the past twenty years. He was elected a member of the Oregon city council in 1916 and reelected two years later. At present is president of the council, having been elected in 1920. He is a Republican.

His slogan is "Lower Taxes—Greater Economy, and Efficiency in Office."

Commercial Club Plans Reception

A reception to new members and a genuine old fashioned "house warming" is scheduled by the Commercial Club in the Club rooms in the Masonic Temple on Friday night, April 21, 1922. At the meeting of the Board of Governors held on Monday night the whole matter of arrangements was referred by the Board to the House Committee and Entertainment Committee and Executive Secretary Clay, with instructions to work out all plans and details for the affair.

The committee desires also to make the announcement that admission on that night will be by membership card only. Any member of the Commercial Club in good standing will be admitted to the inner circle of enjoyment upon presentation of his membership card at the door. The membership campaign, while it is over so far as the intensive drive is concerned, is still open, and the rolls of the Club await the addition of any and all public spirited men who want to see Oregon City grow. Remember the whole program for Friday night the 21st is free to all members.

CITY MANAGER PLAN OF GOVERNMENT PROPOSED

At a meeting of forty-five men, residents of the city, on Wednesday evening this week, the committee on the new charter made its report.

The plan advanced for further consideration and vote of the people is the City-manager plan. It will if voted consist of a manager who will have general charge of the city's affairs under direction of a commission of three elected at large in the city.

No opposition to the plan developed at the meeting; an endorsement was given unanimously and a motion directing the committee to complete details more fully and call a mass meeting of citizens for further endorsement was carried.

AUTO PARK NAMED IN HONOR OF W. P. HAWLEY, SR.

At the recent meeting of the Oregon City Council the city attorney was instructed to draw up a resolution naming the city auto grounds "Hawley Park." Mr. Hawley has been chief donor to the park and has otherwise encouraged its maintenance.

The Commercial Club is making plans for improvements in the park. It is expected that the fees charged for its use will pay the running expenses thus leaving the club and city more means than before with which to make improvements.

Brunswick Records

It is our pleasure to announce Brunswick Records for sale, another super-product by the "House of Brunswick"—artistic companions of Brunswick Phonographs.

They are made under the direction of great interpreters—men who have the power and faculty of developing musical selections as the composers would have them played.

Just as there are directors for the opera, the stage, the orchestra, Brunswick has directors for records. Thus Brunswick Records unite the talent of the artist with the genius of the composer.

This means that each Brunswick Record is not only the work of some accomplished artist, but is accompanied by the shadings of a renowned director.

This is why Brunswick Records rise above the qualities most records have in common.

Come in—choose the records you want compared. No obligation to buy—a musical treat is in store for you.
