#### ON FAME'S ETERNAL CAMPING GROUND THEIR SILENT TENTS ARE SPREAD" On Tuesday next the Nation will do reverence to its soldier dead. This Memorial Day will witness anew the marching of the war-scarred veterans of '61 together with the younger columns of those who survive the service in Cuba, the Philippines, Chateau Thierry, Belleau Wood, St. Mihiel, the Argonne and other fields of danger and endurance. All were responsive to their country's need and call. And to them on this Memorial Day special effort should be put forth to show proper appreciation for their sacrifices and efforts. The draped flags, the muffled drums, the measured tread and the offerings of spring's choicest garlands are symbols of respect and reverence for those who sleep in their narrow tents under the final bivouac, Patriotic song, and address bear the same

purpose-outward expression of what the voice and heart would speak to them. ### CHANGE OF PACIFIC PUBLIC UTILITIES NOW SOUGHT

County Bill for Fifteen Hundred Dollars Held Erroneous By City Fathers

Petitions were presented to the Oregon City council at its special meeting on Saturday night, urging 'taboo' on Railroad avenue via Seventh street as the city link of the Pacific Highway. The improveemnt of Fifth street from Main to the viaduct under the railroad was urged. This would mean the Main street route from the bridge to Fifth street and thence the continuation will be over the hill to Canemah.

Three objections were pointed out to the railroad avenue route by the petitioners, including Ben Harding, the Hawley Paper Company and the Oregon City Manufacturing Company; (1) congested traffic at the corner by the elevator on account of abrupt turn; (2) the cost of improvement would have to be borne by the proper-ty owners; and (3) the demolition of property would be approximately \$45,000

With regard to the Fifth street improvement it was urged that the work would require but a short time for completion and that it should be commenced very soon.

A communication from the county court claiming \$1500 due the county on the improvement of Rosemoun road was countered by the city "Fathers" with the claim that the county owes the city \$6000 from budget appropriations in 1920 and that the first. \$1500 should be only \$1000 anyway. So, there!

Kerrigan and McCoy Elected by Voters As Protest **Against Rates** 

### PHONE PROBLEM IS UP

New Officials Will Enter Upon Duties About June First-Phone Rates First Problem

Fred A. Williams and Fred Buchtel were ousted by the voters on election day from their jobs as Public service commissioners of Oregon. In their places the same voters elected T. M. Kerrigan to fill the unexpired term of Williams and Newton McCoy to take the place of Fred Buchtel. Williams was elected from the state at large while Buchtel was the western representative on the commission.

This western division lies west of the Cascade mountains.

The change in the personnel of the commission will be made as soon as the vote shall have been officially canvassed and the result formally announced by proclamation by the goveernor. It is expected these requirements will be met soon after June

Kerrigan's term will expire on December 31 next when his successor who will be elected at the November election shall qualify. McCoy is elected to serve during the remainder of Buchtel's term which would regularly expire on December 31, 1924 or about one and one half years hence.

There is a probability that there will be initiated a measure to be votsecond and last lap of the political ed on at the November election, promembers of the commissioners by the governor. If this shall be voted favorably, the new members will serve

only to December 31, next. As the recall of the present incumbents and the election of Kerrigan W. F. If, however, this is done without formal hearings it is ilkely the company will

take the case into the higher courts. The vote was as follows:
