Dr. John Fuller

Primary Election Returns

About 60 per cent of Canby's votes were cast at the primary on last Tuesday. The highest vote being 50 in precinct No. 1, 38 in No. 2 and 26 in No. 3.

The vote for governor shows Olcott 51, Hall 28 on the republican ticket. Judge Campbell received 104, Churchill for Supt. of schools 81. For Senator Tooze 61. Representative Hammond, Lee and Bridges carried the district for nominations. Lee received 80 votes in his home town.

Harry Wolschlegel was locked up by our night watchman last Thursday night, under the influence of moonshine and was taken to Oregon City Friday morning to answer to a charge of violating the state law.

While in Canby he almost suffocated from smoke, caused by a fire, supposed to have originated from an attempt to burn his bed. A chair was used in an attempt to break out of our city's strong box, but in this he also failed.

Dr. Thompson left on Sunday for Los Angeles to attend the western congress of optometry to be held in that city from May 27 to June 3rd.

This congress is an annual gathering of the progressive optometrists of the west, for the purpose of studying all the newer methods connected with the optical profession. Dr. Thompson is accompanied by his wife and daughter, and is making the trip by rail and water.

He will be gone about three weeks and will return to Canby for his professional service on June 13th.

Edward A. Wilson, a former resident of Canby and engineer on a steam shovel gang for the S. P. R. R. Co. died at Ogden, Utah, May 15th.

Mr. Wilson was 58 years of age and had been in the services of the S. P. Co. for twelve years.

The remains were shipped to Canby for interment in Zion cemetery. Funeral services were held in the M. E. church Monday at eleven o'clock under the auspices of the Masonic Lodge of which he was a member.

The sermon was preached by Rev. Boyd Moore. Mr. Wilson is survived by his wife, two sons and one daughter, Miss Madeline, Edward and Archie Wilson.

The United Artisans announce a dance for Saturday night in their hall at Canby. This entertainment features of their fraternal work in Canby is growing to be quite popular and is largely attended by the young population of our community, and they look

forward for a good time Saturday night.

A Mr. Jones, who locally represents a lighting plant concern in an endeavor to make a turn in front of Mr. B. Wait's Garage, Monday evening, with a Ford car, drove upon the sidewalk and "bumped" into the gas pump, putting it out of action. The Ford acted like a new born calf "hitting" its mother for a feed, and like the calf was uninjured in the contact.

New Picnic Grounds Opened

On the bank of the beautiful Molalla river, along the highway near what is known as "Goods" bridge, north of Canby, J. E. Weygandt, a brother to our enterprising Canby nurseryman, F. A. Weygandt, has opened to the public, a new park and picnic grounds. There is a neat parking space for cars, a spring board contraption for bathers, a confectionary dispensary, a well of good drinking water and an abundance of shade trees. It is an ideal place for a week-end outing or summer camping grounds.

The commercial men's luncheon at the Cottage Hotel on Tuesday was well attended. Lieutenant Hazeltine of Vancouver was present and made a talk in behalf of the government training school to be held at Camp Lewis in June.

The committee on auto parking grounds reported the acceptance of a proposition offered by Mr. J. E. Baulch one half mile east from the White garage, on the highway. Reports as to preparation and opening will be made later.

The next chicken dinner for the club will be at the Cottage hotel next Tuesday.

Della Newstrum, clerk in the Canby State Bank had an unusual experience this week, when she went to a Portland dentist for treatment of an aching tooth. The tooth was extracted and everything seemed normal and all right but before she reached Oregon City on her return trip there occurred a rupture in the tooth pit, necessitating a stop at a dental office in Oregon City for further treatment. She returned to her home in the evening in a weakened condition from loss of blood.

Mr. and Mrs. Adam Knight and Mr. and Mrs. Vineyard left Sunday to attend the annual convention of the Oddfellows and Rebekah convention held at Eugene, Tuesday, Wednesday, and Thursday of this week.

CHERRYVILLE
Parnell Averill

Mr. and Mrs. J. T. Frell, Sr., who have been living at Eugene where

they have a fine home have returned to Cherryville where they have a good ranch on the Mt. Hood Loop. These people expect to spend the balance of their earthly lives here and will soon build a fine bungalow right on the highway.

Work is now progressing on the Loop and the men and teams are making a big cut on Badger Creek above the Hotel.

The bridges are all done and a fine job it has been. The men are now on a bridge on the Columbia highway.

Mr. and Mrs. L. B. Green are thinking of conducting a summer home for city people and tourists at the fine large commodious residence of Dr. and Mrs. Botkin, 1.2 mile east of the post office.

A native pheasant lately flew with such force against a large window pane at the bungalow that it shattered the glass but broke its own neck and a few days later a sparrow hawk in pursuit of a humming bird flew against a wire screen at the D. W. Douglass bungalow, 1 mile north of the post office and were both instantly killed.

Wilsonville Department

Mrs. Charls Wagner

Do you know where Wilsonville is. It's in the north western part of the county on the Willamette river with the O. & E. R. R. running through it. It's a fine place in which to live. Has a fine class of people. Is in the midst of a rich farming community. It has a fine school with two excellent teachers, good church with a large-hearted, broad-minded pastor; a hotel where excellent home cooked meals are served by an amiable hostess; an up-to-date general store, where one can procure all one's bodily needs, a pool room and a good garage; flourishing I. O. O. F. and Rebekah lodges; a strong though newly organized Grange; an enduring Parent-Teachers Association, and the largest greenhouse on the coast, where you may find prize winning carnations beside other fine flowers. But we lack a good live progressive public-spirited man to put in a stock of hardware and farming implements of all kinds. Since our former accommodating hardware merchant retired on "Easy street", the trade has gone elsewhere—distributed among several trading centers. Had this money been kept at home in the hands of a public spirited man much good might have come to the community. The building is here awaiting an occupant.

Local A. F. B. F. Holds Meeting

Last Wednesday night, May 17th, the local farm bureau held a meeting in the I. O. O. F. hall. It was presided over by Fred Wiedeman an untiring worker for the public welfare. A number of members had not paid the yearly dues, so this meeting was called to re-awaken interest. It was found that many were delinquent through a misunderstanding; some thinking that the local bank had or would have drawn on his bank account. Others thought that the dues they paid last year were all that was required. When everything was explained the dues were gladly paid, some pledging their support for three years or more. We have now a paid up membership of 40. H. A. Kruse, a member of the county executive committee told of the financial condition of the bureau and made a strong appeal for support. Wm. Flick gave an able talk on co-operation as experienced by him in the east in the creamery business. He clearly showed that "in union there is strength" and that the farmers are capable of running their own business, if they just thought so. Fred Miner talked learnedly on the benefits to be derived when farmers forgetting self interest, band together for the common good. He had been in N. W. Canada for a number of years where there is a strong farmers organization. They secured farmers supplies and implements at greatly reduced figures and influential legislation in the farmers

behalf. He paid a just tribute to the untiring efforts of Mr. Wiedemann in behalf of the farm bureau and Mrs. Moulton dwelt on the good organization does as she saw it through her connection with the Farmers Union in Eastern Washington. D. S. Young appealed to the farmer to hang together even though things look blue at first as, ultimately, great good must come through united effort. Many others gave interesting little talks and expressed great faith in the organization and urged the members to stay with it despite propaganda and baits offered by corporations.

The ladies served a delicious lunch. Taken in all its phases, the meeting was a decided success.

Thursday night seven from here attended the A. F. B. F. meeting at Oregon City.

Erection of a modern Dwelling
R. I. Seely's have their modern 7-room house well under way. Their old house was destroyed last winter by fire and practically everything lost. The new building is a little to the East of the old building site and is a much nicer building spot.

Last Saturday several of our prominent citizens attended the picnic which the Ladd Hill school gave under the management of their teacher, Miss Bliss, and reported a good time. Some of the other prominent ones attended the picnic at the Corral Creek school. They also reported a good time.

Election

There was about a 75 per cent vote cast Friday in the Wilsonville precinct. Geo. White, Chas. Kruse and F. J. Tooze carried heavily being endorsed by Democrats too.

Wednesday the 17th Kruse school closed with a picnic in Murry's grove. Several from Wilsonville and adjoining districts attended and enjoyed the day.

Thursday, May 25th, 20 boys and girls will be graduated from the Tualatin High school. Wilsonville district claims a number of these including Martha and Elmer Stangel, Vida Seely and Anna English.

On May 26 the Wilsonville school will close with an old-fashioned all-day picnic. Every one is invited to come and bring a well-filled basket of goodies that boys and girls enjoy eating. A class of three boys and two girls, Alice Bishop, Camille Slyter, Edwin Ridder, Lyle Hasselbrink and Henry Fallmetzger, will be graduated from the grammar grades.

Wiedemann Bros., the florists, last week received some pipes and will lay them on their grounds for a sprinkling system of irrigation for the hot dry season.

BOLTON
Mildred McKilloan

Many Bolton people attended the wedding of Miss Matilda Michels and Joseph Senti of Portland, at the St. Johns Catholic church in Oregon City last Wednesday morning. After the impressive ceremony a wedding breakfast was served the relatives and immediate friends of the party, at the home of the bride's parents, Mr. and Mrs. N. Michels. Mr. and Mrs. Senti are now on a trip to the Sound and when they return, will reside in Portland.

CARVER
Mrs. J. J. Hutton

Mr. and Mrs. Geo. Robinson, formerly of the Georges Cash store, moved to their new location at Mizpah Inn on Wednesday of last week. Mr. Hiller who has assumed the business here expects in the near future to add to his business a complete line of dry goods and hardware.

Mrs. C. C. Hull had an attack of sciatica the past week but was able to resume her duties at school on Monday.

B. H. Johnson who has just completed a filling station and garage had quite an experience the first day. A gentleman from Oregon City drove up to the tank with a fine large car, alighted and opened the radiator, began filling with gas. He said he thought it was "free air". Mr. Johnson has a complete line of Ford accessories and has the cement fire in the garage finished. Seems to be well prepared to take care of the autoist and his troubles.

Mr. and Mrs. O. W. Hattan had for their dinner guests on Thursday evening Mr. Jack McCarter and Guy Miller. The dinner being in honor of Mr. McCarter's 56 birthday.

May 25th has been set apart as cleanup day at Pleasant View cemetery. All who are interested and can be present to assist in this work should avail themselves of this opportunity to come, as many hands make much progress.
