Protect young fruit trees from mice. Wire screens about the trees are good. Tramp the snow well about each tree. This will often discourage the mice working around it. They like to burrow in grass and other refuse near the tree under the snow and eat the bark.

### CANBY

Dr. John Fuller

The new business building, which has been under construction since March, is now finished and the corner store room is now occupied by the C. H. Shelton Drug Company.

John Kohler the owner of the property has shown both mechanical and architectural skill, in the construction of the building. This adds another building to Mr. Kohler's enterprise in Canby, he having only a few months previously finished a new home for himself, which buildings add much to the beauty of our little city.

The present new structure, is a credit to Canby, and we feel that we owe him a debt of gratitude for adding so much to the beauty of the business section of our town.

The corner store room, being occupied by the Shelton Drug Company, is an ideal location and Mr. Shelton is installing an up-to-date dispensary for soft drinks, ice cream and other delicacies, usually served in connection with the small town pharmacy.

One of the other store rooms in the new building, we understand, is to be used as a grocery conducted by Mr. Swaumbly who was formerly connected with the J. R. Vinyard store in Canby.

J. E. Schaebel who is taking special treatment at the Pierce Sanitarium in

Portland, is visiting his parents in Canby, for a few days.

T. O. Henderson who has been assigned the foremanship on the Canby section of the S. P. J. company's construction work has moved to Canby with his family, and occupies the Vestch property in the south side on the city.

Max Boehmer and wife, in company with five autos filled with people from Canby, made a trip to Corvallis last Saturday to attend a special meeting of Pyramid Lodge No. 1, of the Al-Azar Auxiliary to the Fraternal Order of United Artisans.

They report a large crowd of delegates in attendance, from the counties of Lynn, Marion, Polk, Benton and Clackamas; and a large class of candidates taking the initiatory degree in this fraternity.

A banquet was also functioned by the Artisan members of Corvallis, in appreciation of the presence and help, from those in attendance from out of the city.

The bunch from Canby returned

on Sunday with sleepy heads, glad hearts, tired nerves, fond remembrances for Corvallis and a desire to repeat the stunt, when opportunity affords.

After two previous defeats, the newly organized Oswego baseball team defeated the Astora team, at Astora, to the tune of 17 to 15 in an exciting 12 inning game. Manager Harry Headrick's home run featured the game.

Oswego new walks give the town a progressive and up-to-date appearance.
