Percy L. Shays, who is just back from a three-day celebration at Canyon City, gives the following account of the celebration and pony express race from The Dalles to Canyon City, a distance of 189 miles. Mr. Shelley reports that McCarty, winner of first prize in this race, rode the last change from Brager ranch to Canyon City, a distance of 24 miles, in one hour and 14 minutes. Owing to a cloudburst Carty was held at Mitchell about two hours. A great many people were gathered at Dayville, where the Mitchell road intersects the John Day highway, waiting for the horses to pass. Much excitement prevailed and many thousands of dollars were wagered on the outcome. At Brager ranch, McCarty and Price were only five miles apart. Price, who won second, picked a bad horse on the last lap and was thrown, delaying him for some time.

George Sharke and the Gray boys came down from Sandy Lumber Co. to spend Sunday at home. Mrs. Scates had as guests Tuesday and Wednesday her mother, Mrs. Blackhall, her niece and nephew, the Bay children from Portland, and her sister, Mrs. Reed, and children from Corbett.

We Give Standard Willard Service on All Batteries

With our experience and equipment we have a notion that we could work out a pretty fair sort of battery service without much help.

But we also have an idea that it wouldn't measure up to the brand of service developed for our use by the Willard Storage Battery Company.

As Battery Headquarters we have the benefit of their years of experience, and of the definite national standards of service they have been able to develop as a result.

Come in! No matter what make of battery you happen to have it needs the sort of attention provided by the Willard Standard of Service.

We recharge and repair all makes of batteries, all Rubber Radio Batteries, Radio wire and parts.
