PAINTING is really fascinating work. Once you are

started you'll probably not want

to stop until you have refinished

many things you did not intend

to tell you how to paint.

Perhaps some of your furni-

ture, floors, woodwork or walls

are beginning to look a little old

-just on the surface. Pick out

one or two things to refinish. Tell us about them and how you want them to look when finished. Our experts will tell you what

materials to use, how to do the

work step by step, what brushes

you'll need, and everything

to do at first.
