TRUST HIM ALWAYS:—Commit thy way unto the Lord; trust also in him.—Psalm 37: 5.

THE HIGH CALLING:—Be ye therefore perfect even as your Father which is in heaven is perfect.—Matthew 5:48.

**Roger Spicer Drowns In The Willamette**

Roger Spicer, 35, was drowned in the Willamette river near Cedar Island opposite Jennings Lodge yesterday afternoon. He was with a party of friends in a boat and went down after diving from the craft.

The body was recovered almost immediately. Dr. E. H. McLean was summoned from Oregon City, but efforts at resuscitation failed.

Spicer was unmarried and his home was in Selah, Washington, with his widowed mother.

The deceased was employed at Halls garage of this city, as mechanic. His late employer says he was quiet, studious, an excellent workman and of a deep religious nature.

**Local People On Program**

On July Fourth at the Chautauqua Symposium, Mr. Frank Moore, member of Mead Post, G. A. R., read an original patriotic poem and Fred Tootze, Junior, rendered a selection, "My Own United States." In response to an encore he also sang "Tenting on the Old Camp Ground." Both members were very well received.

**FOR THE LITTLE FOLKS**

My Dog  
 Because I say my dog's the best  
 Of all the dogs in town,  
 One fellow disagrees with me—  
 And he is Jimmy Brown.

I have a right to praise my dog,  
 O know that he is good,  
 For he has shown his love for me  
 In every way he could.

When I was having mumps so bad  
 I could not move my head,  
 He stayed beside me all the time,  
 And slept upon my bed.

But Jimmy says he should not care  
 For anything like that,  
 He wants a dog that's good for play,  
 And chases every cat.

But I say, when I'm down with mumps,  
 Or something else, maybe,  
 I'm glad to know I have a dog  
 That wants to stay with me.  
 —M. E. N. Hatheway.

**RESOLUTION**

Resolution and Notice for the improvement of Fifth Street, Oregon City, Oregon, from the east side of Main Street, to a point 210 feet east of the East Side of Main Street.

WHEREAS, pursuant to an order of the city council of Oregon City, Clackamas County, Oregon, heretofore made, the city engineer of said city has submitted his report and filed in the office of the city recorder, plans and specifications for an appropriate hard surface improvement of Fifth Street, Oregon City, Oregon, from the east side of Main Street, to a point 210 feet east of the East side of Main Street, and estimates of the work to be done thereon and of the cost are modern in every respect.

WHEREAS, such plans, specifications and estimates are satisfactory to the city council of Oregon City, Oregon.

WHEREFORE the said plans, specifications and estimates are hereby approved and accepted, and be it

RESOLVED: That it is the intention of the city council of Oregon City, Oregon, to make the said improvements being described as follows, to-wit:

The street shall be brought to sub-grade the full width thereof between the curbs, and the sub-grade shall be prepared according to the specifications heretofore referred to: on the sub-grade so prepared shall be laid a one-course concrete pavement 7 inches thick and 10 feet wide with six foot concrete walks on each side and standard concrete curbs, the center and shall have a crown and sub-base as shown on the plans, consisting of cement, sand and gravel or crushed rock in the proportions of one, two and three, according to the specifications on file with the city recorder, when the street is completed it shall be at the established grade.

The city recorder is hereby directed to cause this resolution and notice to be published as required by the chart-

er. Passed by the council in regular session July 5, 1922.

C. W. KEELLY,  
 Recorder.

**GETTING STAND OF ALFALFA**

Iowa Farmers Secure Best Fields by Seeding During August and Without Nurse Crop.

Experience of many Iowa farmers and of the Iowa agricultural experiment station is that the surest method of getting a stand of alfalfa is to seed during August without a nurse crop on land which has been plowed in early summer and cultivated at ten-day intervals to kill weeds and conserve moisture. Objections to this method are that the land does not yield returns during the season preceding seeding, that it requires additional labor, and that grasshoppers frequently damage the alfalfa considerably on small acreages. However, general experience in Iowa justifies the method above suggested as it produces the best fields of alfalfa.

**ADVANTAGES OF CULTIVATION**

It Helps to Keep Weeds Down and Conserves Moisture Necessary for Vegetables.

Keep the hand cultivator going to preserve a dust mulch and to kill weeds. Either pull or hoe the weeds out of the vegetable rows. The best time to kill weeds is when they have just pushed through the top of the ground. Frequent shallow cultivation will do this as well as conserve moisture.

**PROVIDE RIGHT VENTILATION**

Leave Opening on South Side of House to Equal One-Tenth of Total Floor Space.

In providing ventilation, enough space should be left open in the south side of poultry houses so that the open front will equal one-tenth of the total floor space. This open screen ought to be near the bottom of the south side rather than at the top, so that the warm air from the roosts will not flow up and out of the open space.

**Implement Caravan To Tour State**

Leaving Portland within the coming week, a number of manufacturers and distributors of nationally known power farming and industrial equipment will tour the state, giving a series of demonstrations covering a period of approximately three months. The caravan will use the highways exclusively, utilizing trucks, tractors and trailers to carry or haul the equipment.

Associated in the enterprise are the Ford Motor Company, featuring Ford Trucks and Fordson tractors, the Standard Oil Company, Oliver Chilled Plow Works and allied manufacturers of a complete line of farm implements for which the Oliver concern is the Northwest distributor, the Ersted Machinery Manufacturers of a complete line of farm implements for which the Oliver concern is the Northwest distributor, the Ersted Manufacturing Company, showing the Ersted hoist; Albot & Casey, with the Trailmobile and a number of tractor specialties and attachments, Parsons-Gordan Company, Northwest distributors of the Lee Line trailers, contractors' dump bodies and similar equipment; the Francis Motor Car Co., with Hercules truck bodies for various commercial and industrial purposes; Modern Appliance Company, demonstrating the Delco Light and a number of electrical specialties, including many for use in the modern farm

**The Guaranteed Overall**

**They'll wear you well, my boy**  
 Mothers know when things are good. That's why they praise Oshkosh B'Gosh Overalls. This broad guarantee goes with them: "They must make good or we will."

**OSHKOSH B'GOSH**  
 UNION MADE OVERALLS

**PRICE BROS.**  
 7th and Main Sts. Oregon City

This year's show will differ greatly from that staged a year ago by the same exhibitors. Upon reaching a demonstration point, instead of setting up all equipment and apparatus in a single field, a distribution of the equipment will be made in accordance with local demand. Thus, if a farmer wishes a demonstration of mowing or plowing, it will be conducted at a point convenient to all who are interested in such a demonstration.

The caravan will not confine itself to the highways and main traveled roads, but will go into the back country in order to give the more remote sections every possible opportunity to witness each demonstration.

The itinerary will be announced within a few days, but it has been definitely determined that the caravan shall proceed under its own power southward to the California line, making brief stops enroute and withholding actual demonstrations until the caravan reaches its extreme southern destination at such points as Ashland, Medford and Grants Pass, from which points a return will be made for a big show in the vicinity of Portland before leaving for towns and cities elsewhere in the state.

Daily radio concerts will be given; there will be motion pictures, illustrated lectures, various prize contests, refreshments on the grounds, and innumerable entertaining and educational features.
